The Company may adapt the means to confer distance proxy and for distance voting at the General Shareholders' Meeting, with proper safeguards in the cases of non-resident shareholders in Spain, qualified investors and other analogous cases.

If the proxy appointed in accordance with the above instructions has a conflict of interest in voting on proposals on or off the agenda to be submitted to the General Shareholders' Meeting, and the proxy has not given precise voting instructions in accordance with the provisions for this purpose, the proxy shall be deemed to have been granted to the Deputy Secretary of the Board of Directors.

19. What happens if there are no specific instructions marked in the card?

The voting instructions shall be set out in proxy forms. If the corresponding instruction boxes are not marked, the represented shareholder will be deemed to have issued specific instructions to vote for the proposed resolutions submitted by the Board.

20. How can I vote through distance communication systems?

The means of communication valid for distance voting are as follows:

(i) Postal or e-mail vote

To vote by post or e-mail on the items on the Agenda, shareholders must complete and sign the "Distance Voting" section of the attendance, proxy and distance voting card issued by the member of IBERCLEAR with which they have deposited their shares or, as the case may be, by the Company itself.

Once the appropriate section of the card has been completed and signed, the shareholder must send it to the Company by mail (for the attention of the Shareholder Information Office, Calle de Méndez Álvaro 44, 28045 Madrid) or by e-mail (addressed to tarjetas.junta@repsol.com).

If the card issued by the member of IBERCLEAR does not incorporate the "Distance Voting" section or if it is incomplete, the shareholder may complete it using the model card available on the Company's website (www.repsol.com). That card, duly fulfilled and signed, must be sent to the Company together with the corresponding card issued by the member of IBERCLEAR, which must also contain the signature of the voting shareholder.

(ii) Voting by electronic means through the Participation Platform

Shareholders may vote on the items on the Agenda for the General Shareholders' Meeting through the "Electronic Voting and Proxy" section of the Participation Platform, available in the site dedicated to the 2023 General Shareholders' Meeting on the Company's website (www.repsol.com) and following the procedure established there, provided the shareholder has an electronic DNI (national identity document) or a qualified electronic signature, based on a recognised, valid electronic certificate issued by Entidad Pública de Certificación Española (CERES), of Fábrica Nacional de Moneda y Timbre, and uses one of these means to identify himself.

Telematic assistance

Shareholders may vote on the items on the Agenda for the Shareholders' Meeting through the "Telematic Assistance" section of the Participation Platform that the Company will make available to shareholders through its website, entering the General Shareholders' Meeting

2023 page and following the procedure established there, provided the shareholder has an electronic DNI (national identity document) or a qualified electronic signature, based on a recognised, valid electronic certificate issued by *Entidad Pública de Certificación Española (CERES)*, of *Fábrica Nacional de Moneda y Timbre*, and uses one of these means to identify himself.

By means of the telematic attendance, votes on resolutions related to the Agenda items may be cast from the moment of connection by shareholders (or proxies, as appropriate) until the Chairman or, as the case may be, the Secretary of the Meeting, announces the conclusion of voting on resolutions related to the Agenda items. With regard to the proposed resolutions concerning matters that, by legal mandate, are not required to appear on the Agenda, online attendees may cast their votes once the proposals are read in order that voting may proceed. For the voting of proposed resolutions and the counting of votes, the procedure established in the Bylaws and the General Shareholder' Meeting Regulations will apply.

Other provisions

The Company may adapt the means to confer distance proxy and for distance voting at the General Shareholders' Meeting, with proper safeguards in the cases of non-resident shareholders in Spain, qualified investors and other analogous cases.

The telematic attendance of the shareholder to the General Meeting (whenever it is constituted) leaves without effect the delegation or the vote through remote communication means previous to the General Meeting.

21. Which is the term for receiving the distance votes?

In order to be valid, postal, e-mail or electronic votes must be received by the company before 24:00 (CEST) on May 23, 2023.

22. What happens if, in relation to some of the items of the Agenda, the shareholder sending a distance vote does not mark the corresponding box?

If the shareholder sending a distance vote fails to mark any of the boxes provided for any of the items on the Agenda, he will be presumed to vote for the Board's proposal.

23. Which are the priority rules applicable to distance representation and voting?

The physical or telematic attendance to the Meeting of the shareholder who had previously delegated or distance voted, regardless of the means used, shall render such delegation or vote ineffective. Likewise, physical attendance at the Meeting shall render the telematic attendance ineffective.

If a shareholder validly issues both a distance vote and a proxy, the former will prevail. Likewise, the vote cast through the "Electronic Voting and Proxy" section of the Participation Platform shall prevail over the vote cast by mail or e-mail. Similarly, the proxy granted through the "Electronic Voting and Proxy" section of the Participation Platform shall prevail over the proxy received by post or e-mail or sent by the representative through the "Telematic Attendance" section of the Participation Platform.

The vote cast and the proxy granted through the "Electronic Voting and Proxy" section of the Participation Platform may be rendered void by express revocation of the shareholder, effected by the same means.

If the Company receives by post or e-mail two or more votes from the same shareholder, the vote received at a later date shall prevail. This same rule shall also apply in the event that the Company receives by post or e-mail two or more proxies from the same shareholder.

Any of the joint holders of shares deposited may vote, grant proxies or attend and the rules of priority established in this section will be applicable between them. Pursuant to section 126 of the Spanish Companies Act, the joint holder is presumed to be designated by the remaining joint holders to exercise their shareholders' rights every time he takes any action (proxy, voting or attendance, in person or distance).
