1. Background and purpose

The Annual Shareholders' Meeting of Repsol S.A. ("**Repsol**" or the "**Company**") held on May 19, 2017, under item six on the agenda, approved an increase in the share capital of Repsol, with full charge to reserves from retained earnings, in an amount to be determined in accordance with the terms and conditions set out in the resolution (the "**Capital Increase**"), and delegated the execution of such Capital Increase to the Board of Directors of Repsol, with authority to delegate further, pursuant to article 297.1.a) of the Companies Act.

In exercise of said delegation, the Company's Board of Directors, at its meeting held on May 19, 2017 approved, among other matters, to delegate to the Delegate Committee and the CEO Mr. Josu Jon Imaz San Miguel, each acting severally, all the powers granted to it by the Annual Shareholders' Meeting in relation to the Capital Increase, and in particular the power to execute the Capital Increase, to fix the date of its execution and all other aspects not contemplated in the resolution of the Annual Shareholders' Meeting.

In order to inform to the market properly and in advance, on May 19, 2017 the Company announced an estimated timetable for the execution of the Capital Increase, registering the corresponding official notice.

According to resolutions adopted on May 19, 2017, the Company's CEO approved the commencement of the Capital Increase on June 7, 2017, pursuant to the terms approved by the Annual Shareholders' Meeting, as reflected in this document.

This document is issued in accordance with article 26.1.e) of Royal Decree 1310/2005, of 4 November, by virtue of which the preparation and publication of a prospectus related to the listing of the shares issued as a result of the Capital Increase will not be necessary "*if a document is made available containing information on the number and nature of the shares and the reasons for and details of the offer*", the purpose of this Informative Document. This document is available on the Company's website (www.repsol.com) and on the website of the Spanish Securities Market Commission (www.cnmv.es).

The purpose of this document is, therefore, to provide all the information in relation to the Capital Increase that is available as at this date.

2. Purpose of the Increase: Repsol Flexible Dividend Program

The Capital Increase serves as an instrument to implement the shareholder remuneration "Repsol Flexible Dividend" program, in substitution of the traditional payment of the 2016 final dividend. The purpose of this remuneration system, that was first established by the Company in 2012, is to offer all of the Company's shareholders the option, at their election, to receive new paid-up shares of the Company, or an amount in cash by selling their free-of-charge allocation rights to the Company (if not sold on the market), as explained herein.

The “Repsol Flexible Dividend” program is similar to those programs implemented by other companies in IBEX-35. With it, the Company offers its shareholders an alternative which, without affecting their right to receive the entire remuneration in cash if they so wish, gives them the opportunity to receive paid-up shares of the Company.

The “Repsol Flexible Dividend” program operates as follows. Each shareholder will receive a free-of-charge allocation right for every Repsol share held on the date mentioned in section 3.1 below. These rights will be listed and may be traded on the Spanish Stock Exchanges during a 21 calendar day period. Following the end of this period, the rights will be automatically converted into new Repsol shares. Each shareholder may elect one of the following alternatives:

- (a) Not to sell their free-of-charge allocation rights. In this case, at the end of the trading period, the shareholder will receive the corresponding number of new paid-up shares.
- (b) To sell all or part of their free-of-charge allocation rights to the Company under the Purchase Commitment at a guaranteed fixed price, mentioned in this document. Shareholders choosing this option would monetize their rights and would receive a remuneration in cash, as in previous years. The Purchase Commitment will only be applicable with respect to those rights freely received by the shareholders, not to those purchased or otherwise acquired on the market, and will be in force and may be accepted during such time, within the trading period of the rights, mentioned in section 3.4 below.
- (c) To sell all or part of their free-of-charge allocation rights on the market, during the trading period mentioned in section 3.4 below. Shareholders choosing this option would also monetize their rights, although in this case they would not receive a guaranteed fixed price, as in option (b) above, but instead the consideration payable for the rights would depend on market conditions in general and the quotation price of those rights in particular.

In consideration of their own needs, Company’s shareholders may combine any or all of the alternatives mentioned above.

Please note that tax treatment differs depending on the alternative elected. A summary of the tax regime in Spain applicable to the proposed operation can be found in paragraph 2.6 of the report by the Board of Directors on the proposal of resolution submitted to the Annual Shareholders’ Meeting that were approved under items six and seven on the Agenda, which is available on the Company’s website (www.repsol.com). In any case, please note that the taxation of the different options related to the Capital Increase set out therein does not cover all possible tax consequences.

Consequently, shareholders are recommended to consult their tax advisers on the specific tax impact of the proposed operation and to pay attention to any changes or amendments that may be made in both

the laws in place at the date of this operation and the interpretation criteria, as well as the specific circumstances of each shareholder or holder of free-of-charge allocation rights.

3. Details of the offer

3.1. Number of free-of-charge allocation rights needed to receive a new share, maximum number of new shares to be issued and face value of the Capital Increase.

In application of the formulas approved by the Annual Shareholders' Meeting, the CEO has established the following terms of the Capital Increase:

- (i) The number of free-of-charge allocation rights needed to receive one new share ("**No. Rights per share**") is 34. Free-of-charge allocation rights will be allocated to shareholders whose shares were acquired up until June 9, 2017, so long as such acquired shares are settled by June 13, 2017, according to *Sociedad de Gestión de los Sistemas de Registro, Compensación and Liquidación de Valores, S.A. Unipersonal (Iberclear)*, on the basis of one free-of-charge allocation right for each share held in the Company at that time. Accordingly, such shareholders shall be entitled to receive one new share for every 34 old shares that they hold on the mentioned date.

"**No. Rights per share**" have been calculated as described below, taking into account that the number of Company shares at the date of this report is 1,496,404,851 ("**NES**").

No. Rights per share = NES / Provisional no. shares = 1,496,404,851 / 45,166,153 = 33.131 = 34 rights (rounded up);

where

"Provisional no. shares" = Amount of the Alternative Option / Share Price = 673,382,183 / 14.909 = 45,166,153 and

"Share Price" = 14.909 euros, is the arithmetic mean of the weighted average prices of the Company's shares on the Madrid, Barcelona, Bilbao and Valencia Stock Exchanges over the five (5) trading sessions prior to the date of the CEO's approval to commence the Capital Increase (days 31 of May, and 1, 2, 5 and 6 of June 2017), rounded up or down to the nearest thousandth of a euro and, in the event of half a thousandth of a euro, rounded up to the nearest thousandth of a euro.

- (ii) The maximum number of new shares to be issued in the Capital Increase ("**MNNS**") is 44,011,907 resulting from the formula approved by the Annual Shareholder's Meeting of Repsol, which is reproduced below, rounded down to the nearest whole number:

$MNNS = NES / \text{No. Rights per share} = 1,496,404,851 / 34 = 44,011,907$ new shares (rounded down to the nearest whole number)

where, “NES”, “No. Rights per share” and “Share Price” have the meanings specified in paragraph (i) above.

The final number of shares to be issued will depend on the number of shareholders who elect to receive their remuneration in cash at the fixed price of the Company’s undertaking to acquire rights.

Repsol will waive the rights acquired by virtue of the undertaking to acquire rights, such that the capital will increase only by the amount corresponding to free-of-charge allocation rights not acquired by Repsol pursuant to this undertaking¹. The final number of shares to be issued in the Capital Increase will be promptly published in the official notice regarding the closing of the Capital Increase, which is expected to occur on July 4, 2017.

- (iii) Consequently, the face value amount of the Capital Increase is 44,011,907 euros. However, as already mentioned, the final amount of the share capital increase will be calculated by multiplying the number of final shares by 1 euro.

Due to the number of free-of-charge allocation rights required for the allocation of one new share (34, according to the previous calculations), multiplied by the maximum number of new shares to be issued (44,011,907, according to the previous calculations), is 1,496,404,838 (lower than the number of shares issued and outstanding (1,496,404,851), Repsol has waived a number of free-of-charge allocation rights equal to the difference between the two figures (13 rights) for the sole purpose of ensuring that the maximum number of new shares to be issued is a whole number and not a fraction.

3.2. Price of the purchase commitment of free-of-charge allocation rights

The guaranteed fixed price of Repsol’s purchase commitment of rights (the “**Purchase Commitment**”) is 0.426 euros gross per right, which results from the following formula of the Capital Increase:

$\text{Purchase Price} = \text{Share Price} / (\text{No. Rights per share} + 1) = 14.909 / (34 + 1) = 0.4259 = 0.426$ (rounded up or down to the nearest thousandth of a euro and, in the event of half a thousandth of an euro, rounded up to the nearest thousandth of an euro).

Shareholders who wish to receive their remuneration in cash, may sell their rights to Repsol at a guaranteed fixed price of 0.426 euros gross.

¹ Also, if the final number of shares to be issued (i.e, the number of outstanding rights at the end of the trading period divided into the number of rights needed to receive one new share) is not a whole number, the Company will waive the number of rights as necessary.

3.3. Timetable

The Capital Increase is expected to be executed in accordance with the following timetable:

Those shareholders who wish to receive cash at the guaranteed fixed price shall need to communicate their decision no later than June 23, 2017. In the absence of an express communication, shareholders will receive new shares of Repsol².

The Capital Increase will be made free of charges and commissions with respect to the allocation of new shares issued. The Company will bear the costs of issuance, subscription, listing and any other charges or costs related to the Capital Increase.

Nevertheless, the Company's shareholders should bear in mind that the members of Iberclear at which they have deposited their shares may, under prevailing laws, establish such charges and commissions as they may freely determine for subscribing the new shares and maintaining the securities in the accounting records.
