Disclaimer

This document does not constitute an offer or invitation to purchase or subscribe shares, in accordance with the provisions of the Spanish Securities Market Law (Law 24/1988, of July 28, as amended and restated) and its implementing regulations. In addition, this document does not constitute an offer of purchase, sale or exchange, nor a request for an offer of purchase, sale or exchange of securities in any other jurisdiction.

Some of the resources mentioned in this document do not constitute proved reserves and will be recognized as such when they comply with the formal conditions required by the U.S. Securities and Exchange Commission.

This document contains statements that Repsol believes constitute forward-looking statements which may include statements regarding the intent, belief, or current expectations of Repsol and its management, including statements with respect to trends affecting Repsol's financial condition, financial ratios, results of operations, business, strategy, geographic concentration, production volume and reserves, capital expenditures, costs savings, investments and dividend payout policies. These forward-looking statements may also include assumptions regarding future economic and other conditions, such as future crude oil and other prices, refining and marketing margins and exchange rates and are generally identified by the words "expects", "anticipates", "forecasts", "believes", estimates", "notices" and similar expressions. These statements are not guarantees of future performance, prices, margins, exchange rates or other events and are subject to material risks, uncertainties, changes and other factors which may be beyond Repsol's control or may be difficult to predict. Within those risks are those factors and circumstances described in the filings made by Repsol and its affiliates with the Comisión Nacional del Mercado de Valores in Spain, the Comisión Nacional de Valores in Argentina, the Securities and Exchange Commission in the United States and with any other supervisory authority of those markets where the securities issued by Repsol and/or its affiliates are listed.

Repsol does not undertake to publicly update or revise these forward-looking statements even if experience or future changes make it clear that the projected performance, conditions or events expressed or implied therein will not be realized.

The information contained in the document has not been verified or revised by the Auditors of Repsol.

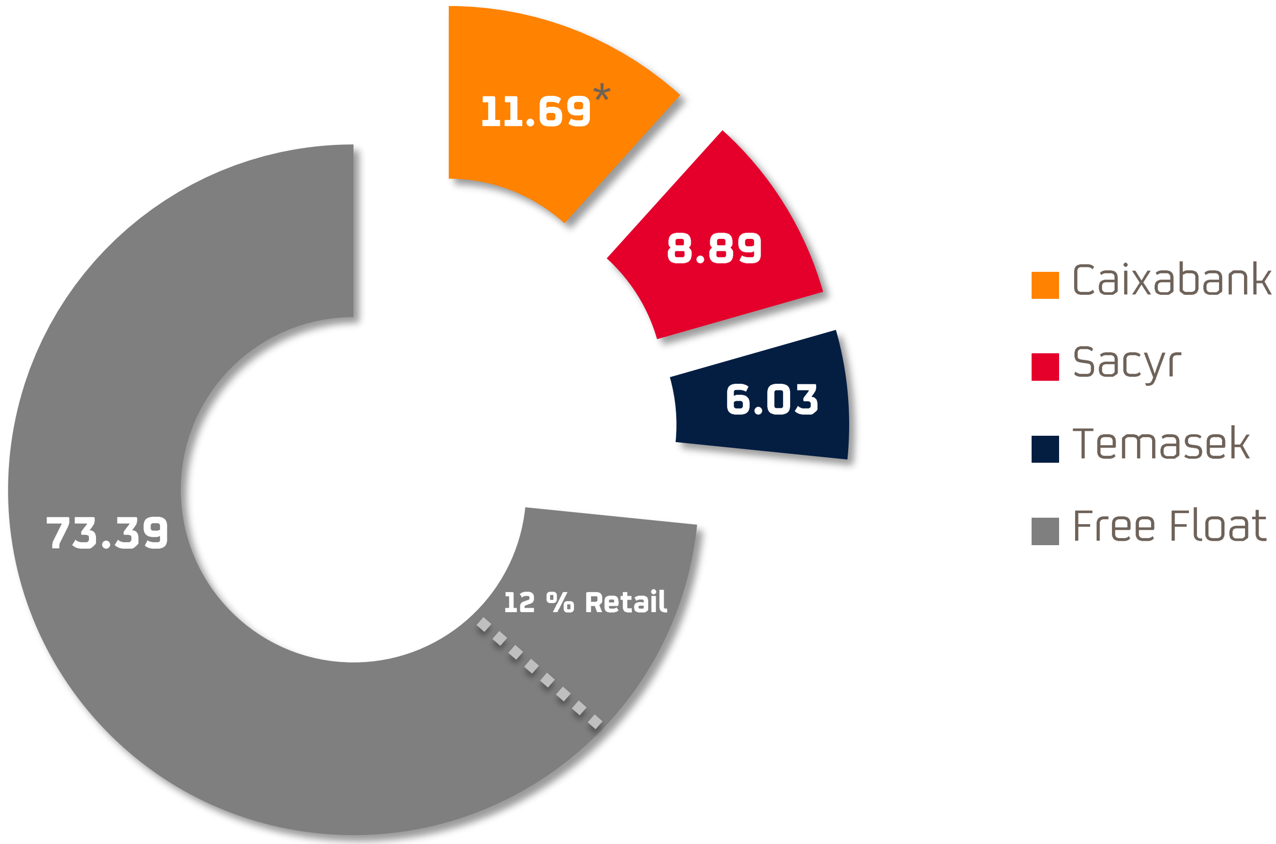
Repsol's Shareholders
Company Overview



Total number of shares as of April 2015: 1,374.69 million

* On 11th November 2013 CaixaBank launched a €594m 3-year Mandatory Exchangeable Bond into Repsol shares (2.5% of share capital)

Repsol:
A Transformation Story

2

2012-2016 Key strategic targets
Repsol: A Transformation Story

High growth in Upstream

- Production growth 2011-16[1] : **> 7% CAGR**[1]
- RRR[2] 2011-2016: **> 120%** (+120% vs. average 2008-2011)
- Upstream average capex: **€2.9bn/year**[3]

Maximize return on capital Downstream

- Strong FCF from the Downstream Business
- Downstream average capex: **€0.7bn/year** (-50% vs. avg. 2008-11)

Financial strength

- **Maintain investment grade** rating
- Divestments & treasury stock: up to € 4-4.5 bn in 2012-2016[4]
- **Self-financed plan generating € 8,1-8,6 bn** cash for dividends & debt reduction in base case, resilient to stress scenario

Competitive shareholder compensation

- Dividend 2012-2016: **~1€/share** (scrip option)
- **"Repsol Flexible Dividend" program: 64%, 69%, 59%, 63% and 76%** acceptance ratio since 2012.
- 1€/share **Special dividend** from 2014 earnings.

1. Compound annual growth rate. **2.** Average Reserve Replacement Ratio 2011-2016. **3.** Net Capex. excluding G&G and G&A
4. Targets in 2012. Target more than achieved after LNG disposal. Up to date divestments: 10% of treasury stock (€2.4bn); LPG Chile & Amodaimi (€0.6bn); LNG business (€4.4bn) and 10% stake in TPG (219 M$)

Turnaround plan

Repsol: A transformation story

Acquisition of Talisman Energy

3

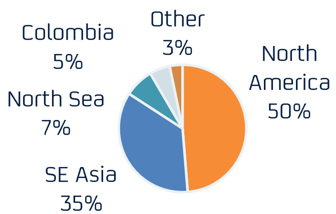
Talisman:
A major Canadian listed upstream company with a globally diversified portfolio

Key facts

- Dual-listed E&P company with core assets in North America, the Asia Pacific region, Colombia and Northern Europe
- Headquartered in Calgary, Alberta, Canada
- Approximately 2,800 highly trained employees in 18 countries
- 1P reserves 838 Mboe, ~65% Developed
- OECD countries: ~65% of 2P Reserves
- R/P: 12 (2P Reserves / run rate production)

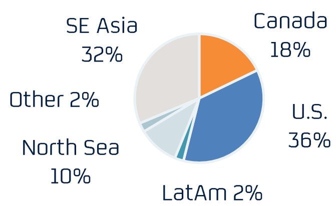
2014E Production: 280-290 Kboepd[1]

After contract and royalties

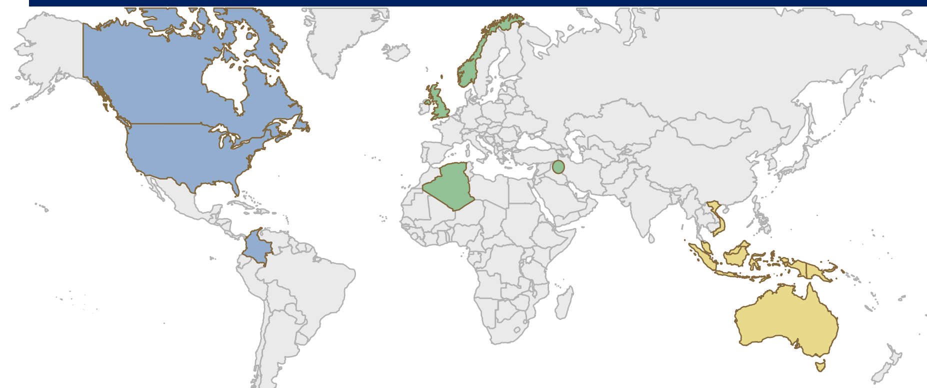


2P Net reserves: 1,243 Mmboe[2]

Year End 2013



Diversified asset portfolio



Americas	EMEA	Asia-Pacific
Natural gas and associated liquids long-term growth potential	JV with Sinopec in UK	Legacy asset position
Upsides from NGL and gas price	Offshore operator in North Sea (UK and Norway), mainly oil production	Large Free Cash Flow
Legacy asset position in Canada	Algeria free cash flow	Sustainable production
Efficient operator in Canada and Marcellus		Additional Exploration & Development potential
Capital intensive unconventionals		Efficient operator
Upside emerging in Colombia (heavy oil)		Good relations with Governments and NOC's

Source: Company filings, presentation, equity research

Note: All figures shown gross of royalties and in U.S. dollars, unless otherwise noted, includes equity investments

1. Net production (assuming 2013YE reserve report implied royalty rates of 19% for gas and 20% for liquids) from ongoing operations based on company guidance (350-365 kboepd gross)

2. Net reserves as of December 2013YE adjusted to reflect sale of Montney assets (550 Bcf of 2P reserves, assumes to be 100% gas, 19% royalty)

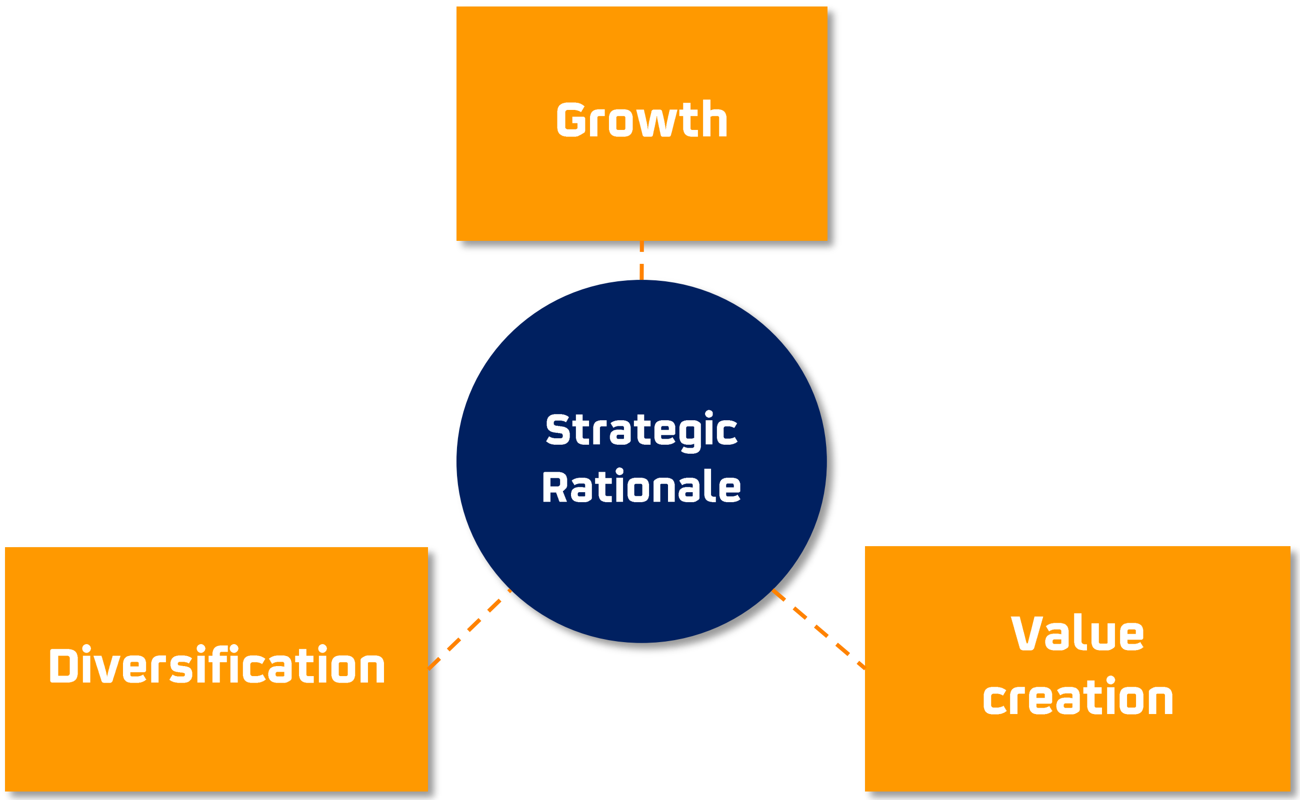
Transaction Overview

REPSOL

Transaction structure	Repsol S.A. ("Repsol") to acquire 100% of Talisman Energy Inc. ("Talisman") outstanding common shares Structured as Plan of Arrangement
Consideration & Valuation	**US$8 per share**, representing total all-cash consideration of **US$8.3 billion**[1] **Total enterprise value of US$12.9 billion, assuming US$4.7 billion in Talisman net debt as of September 30th, 2014** Immediately accretive to operating cash flow per share, EPS neutral for 2016 and accretive from 2017[2]
Financing	Liquidity on hand Designed to secure the Investment Grade rating Maintenance of current competitive dividend
Certainty & timing	Offer unanimously approved by Repsol and Talisman Boards of Directors Subject to the approval of Talisman shareholders Subject to customary Governmental regulatory approvals, including Investment Canada, and third party consents Closing estimated by mid-year 2015

1. Talisman permitted to pay common dividends of up to US$0.18 per share between signing and closing. 2. Using the scenario of prices: forward curve first 3 years and then Repsol price deck

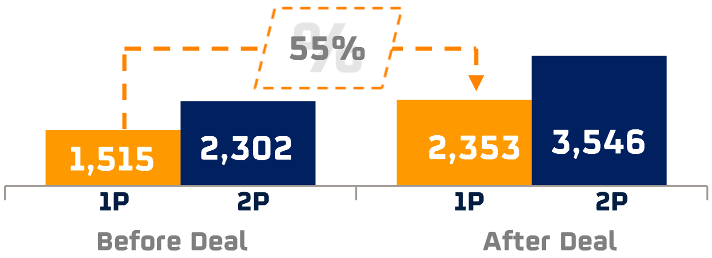
Strategic Rationale



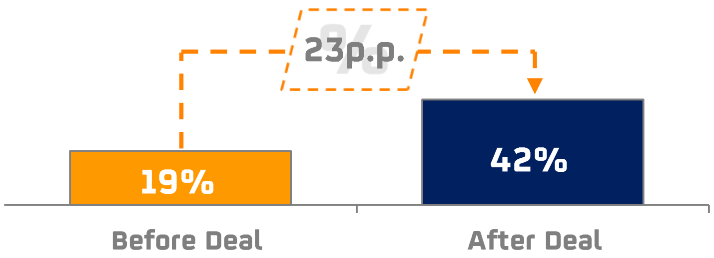
Transformational deal, upgrading Repsol's portfolio and **competitive advantage** achieving global **scale** and **diversification,** greater **exposure to Upstream, leading growth platforms** and **enhanced capabilities to create value**

Production, Reserves, Operatorship, OECD production

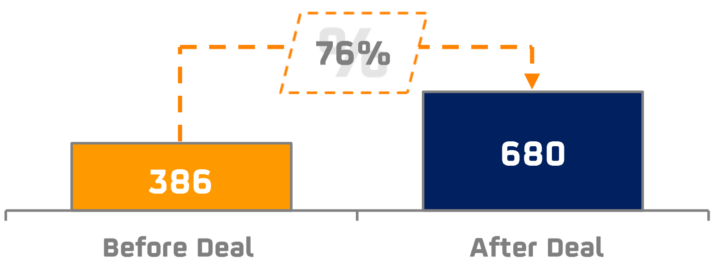
Reserves 1P/2P (MBoe)



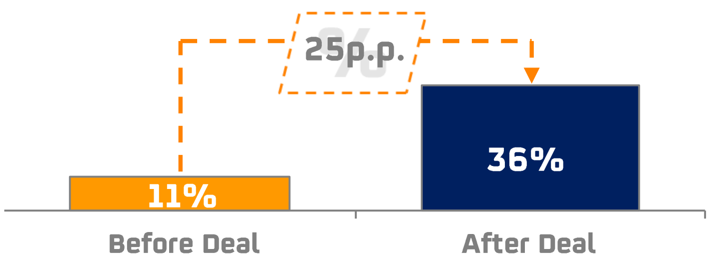
Operated production (%)[1]



Production 2014E (Kboepd)



OECD production (%)



1. Without Libya
Note: Considering net reserves (after royalties) and net production (after royalties). Asset sales considered
Note: If not specified 2013 data

Adds new plays, skills & technology
Complementary capabilities

REPSOL		TALISMAN ENERGY
World class explorer	⟷	Experienced production operator
Deepwater exploration experience and portfolio	⟷	Unconventional experience and portfolio
Broad international portfolio with strong focus on LatAm	⟷	Broad international portfolio with strong focus on North America and South East Asia
High growth exploration and development pipeline	⟷	Great legacy assets and contingent resources
High impact Upstream G&G capabilities and R&D	⟷	Focus on operational capabilities

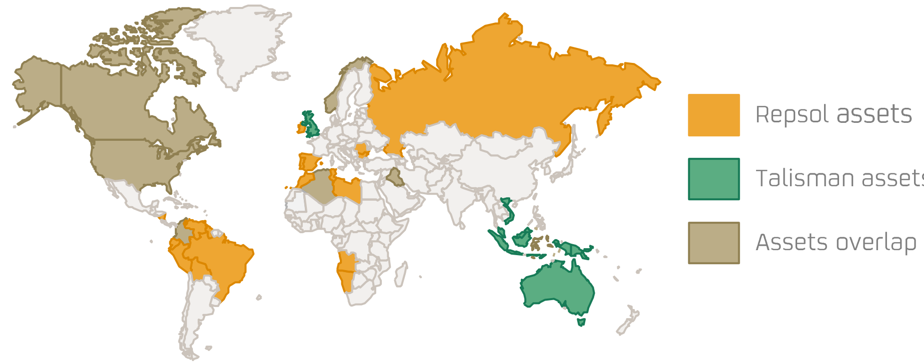
With this transaction, Repsol gains a significant competitive edge becoming a much stronger and balanced E&P player

Portfolio management: Opportunities to optimize capital allocation

A broader portfolio together with a sound financial position provides a better capacity to create and unlock value through portfolio management, allocating capital to the most valuable projects and assets

Portfolio management criteria:

- Prioritizing CF and Net Income
- Exposure to priority plays where to set platforms for growth
- Increasing sustainability (Reserve Life Ratio)
- Geographic Risk Profile



Talisman transaction would generate synergies of ~220 M U$/year[1]

Cost Synergies	**Commercial**	• Enhanced gas, NGLs and oil marketing and trading in North America • Growth in N. America gas, NGLs and oil commercial and midstream portfolio size and diversity
	Capex costs	• Leverage scale in procurement in categories with global or regional markets • Best practice sharing in Capex and project management
	G&A costs	• Optimization and integration of corporate functions • Integration of regional and country HQ where overlapped • IT expenditure optimization and scale
Operational Synergies	**Exploration effectiveness**	• Application of Repsol exploration technology on new portfolio • Exploration teams integration and best practice transfer • Global exploration portfolio management

1. Conservative estimate

A strategic combination to accelerate growth, diversify asset base and drive shareholder value

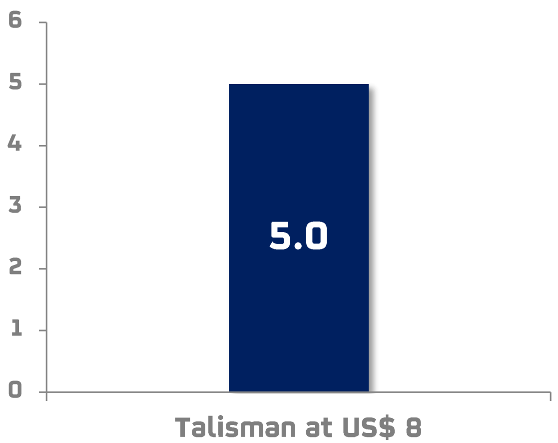
REPSOL

- Talisman acquisition **consistent with Repsol strategy to strengthen Repsol's upstream** business while providing a **platform for future growth**
- Creating Value: **IRR above WACC**
- Creates a truly **globally diversified company** with an asset base in key sought-after regions in **North America, Northern Europe, Southeast Asia and Latin America**
- Gives Repsol **access to deeper expertise** in unconventional plays, heavy oil, and offshore
- **Doubles Repsol's operatorships** and **increases** its weight towards **OECD**
- **Immediately cash flow accretive** and **EPS** neutral for 2016 and **accretive from 2017**
- **Doable opportunity**
- **Commitment to maintain competitive dividend**

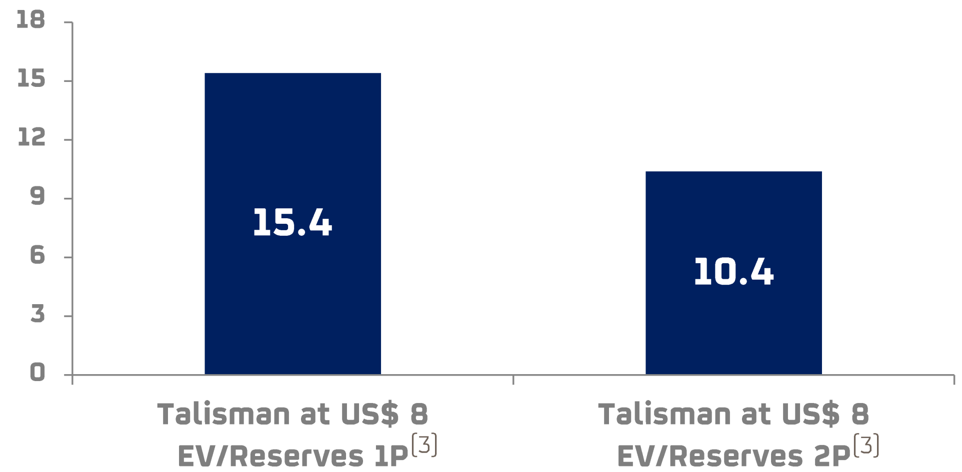
Price and Trading Multiples

The transaction offers competitive multiples for Repsol, especially considering the long term value of the asset

EV/EBITDA 2015E (x) [1]



EV/2013 1P & 2P reserves ($/boe) [2]



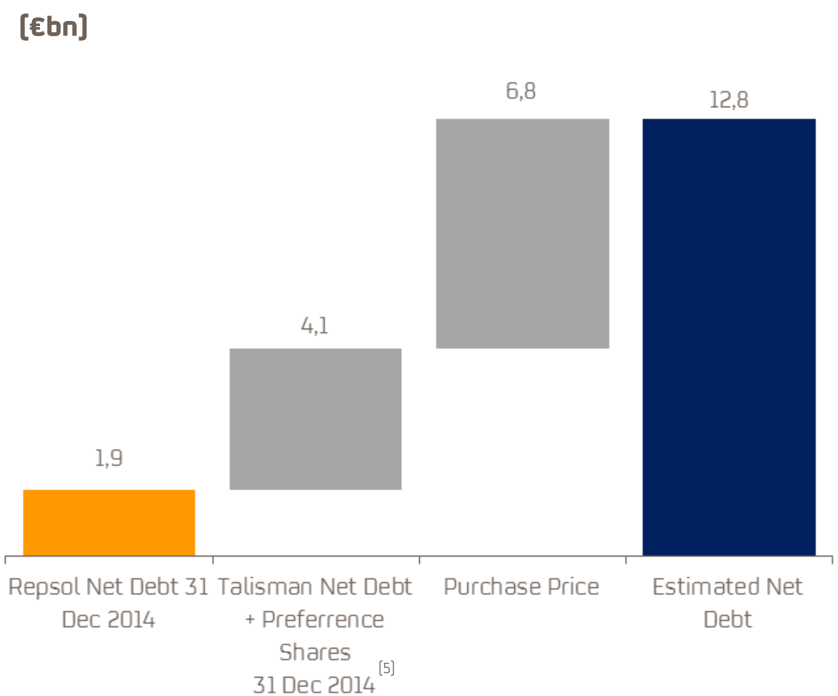
Premium of 24% over last 3-month average share price and 14% premium over last 3-month average Enterprise Value[4]

1. Company filings, FactSet, Equity research and Bloomberg. 2. Finding & Development 5-year average cost of the industry is US$ 24.4/boe. 3. According to Sell Side analysts the average resource finding cost of the industry is 5 $/boe, which compares with 2.9 $/boe of EV/resources in this transaction (assuming Sell Side estimate of 3.2 Bboe for Talisman's contingent resources) 4. VWAP as of December 11th, 2014

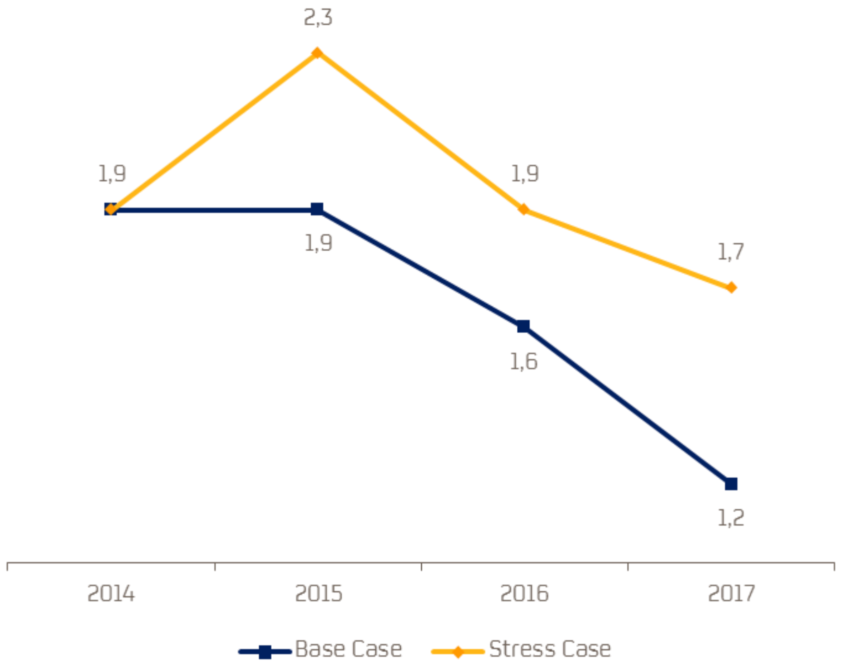
Net debt proforma post Talisman deal

Resilient credit metrics under stress scenarios

Net Debt Estimated Post Deal[1]



Net Debt [2] / EBITDA (x) [3] [4]



Resilient credit metrics under stress scenarios

1. Exchange rate of US$/€ 1.21 as of 31 December 2014
2. Net debt 2015-2017 includes: US$ 1 billion in synergies and US$ 1 billion in divestments; 50% in 2015 and 50% in 2016. Excludes equity content hybrid
3. Joint Ventures' EBITDA included
4. Base case: Repsol price deck (2015E 85 US$/bbl; 2016E 93 US$/bbl; 2017E 99 US$/bbl); Stress case: Forward curve first 3 years (2015E 71 US$/bbl; 2016E 76 US$/bbl; 2017E 79 US$/bbl)
5. Talisman allowed to pay common dividend of up to US$0.18 per share between signing and closing. US$0.0675 per share paid in December 2014.

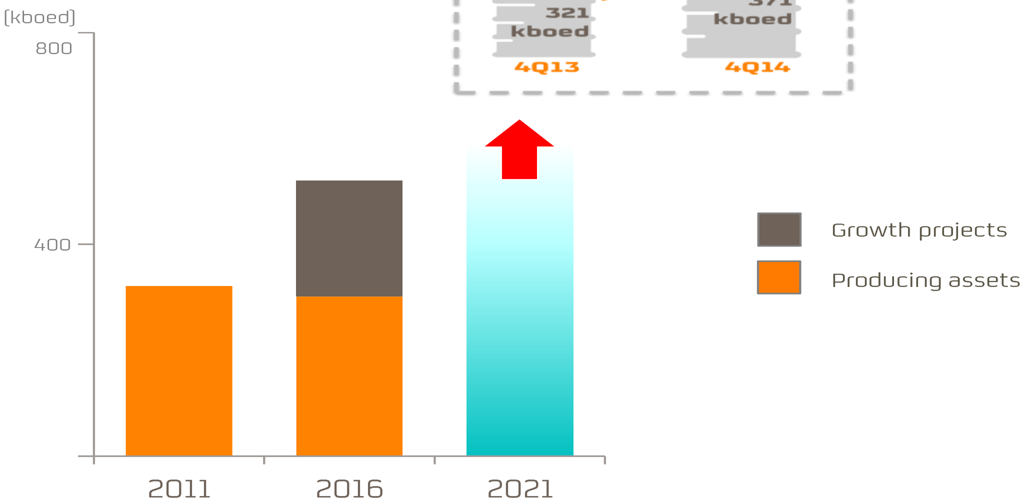
Targets
Delivering Growth

CAGR[1] >7%

In 2014 average production growth of **2.5%.** With Libya at normal levels, **8%** increase in production.

2013: **346 kboed**
2014: **355 kboed**

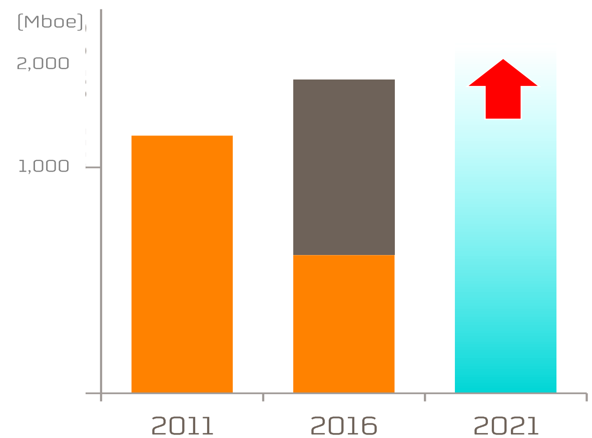


Production 2012-2016 entirely based on current assets + growth projects

2016 production target not built neither on contingent nor prospective resources from exploration

2012-2016 Reserve Replacement Ratio[2]

RRR 2014	**198%**
Reserves 2014	1,539 Mboe
Contingent Resources 2013	2.1 Bn boe
Contingent Resources 2012	2.1 Bn boe



Annual addition of contingent resources through exploration: +300/350 Mboe[3]

With a notable improvement in reserve replacement, without exhausting contingent resources bank

1. Compound annual growth rate. Expecting production growth in 2015 of around 7% excluding Libya**.** *(Excluding the contribution of Libya in both years (2014 & 2015)*
2. Cumulative contingent resources **3.** Risked resources.

Downstream

Our businesses strategy

5

Improve profitability on operational excellence and efficiency

Maximize return on investment and cash generation

Refining

- Reduce energy costs
  - Fuel consumption & losses down by 6% at 2016
- Reduce CO_2 emissions by 15% at 2016
- Operational excellence program in refineries

Petrochemicals

- Maximize value of integration with refining
- Competitive Plan:
  - Higher-value applications
  - Efficiency program
- Continue cost reduction program

Marketing

- Maximize value of marketing assets and competitive position
- Optimize retail asset portfolio
- Increase non-oil margins
- Increase international margin from lubricants and specialties

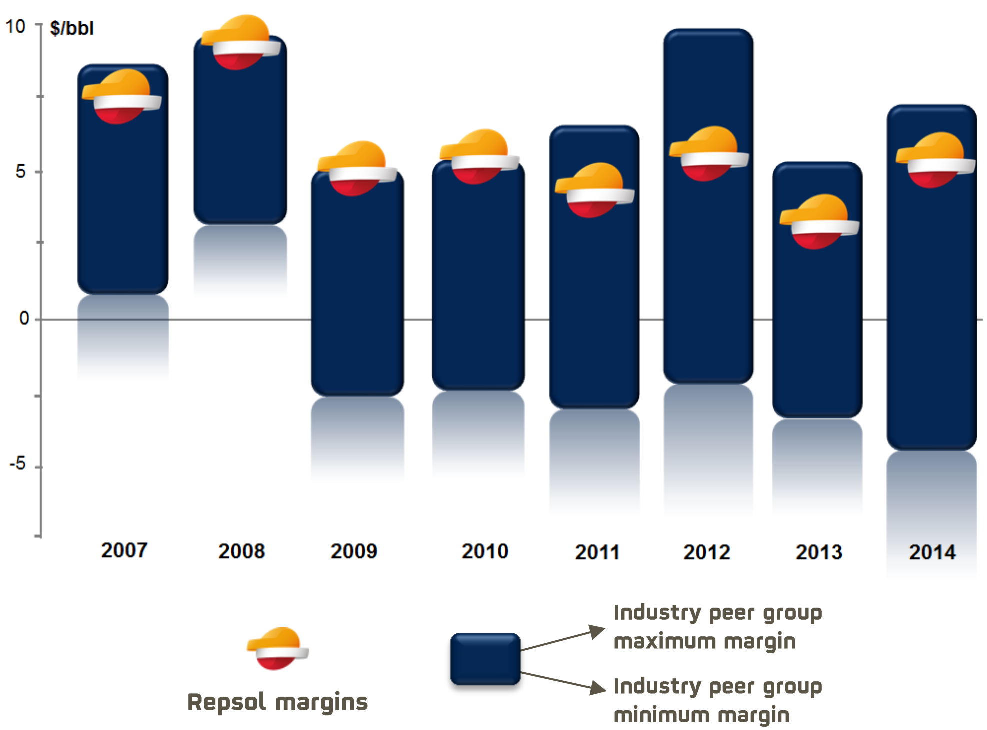
LPG

- Adequate production and commercial capacity to market conditions in Spain
- Optimize portfolio

Downstream strategy 2010-2014:
Increased competitiveness of Downstream business

Competitive Downstream business, linked to quality assets and geographical situation

Integrated R&M margin (Repsol vs. Sector)

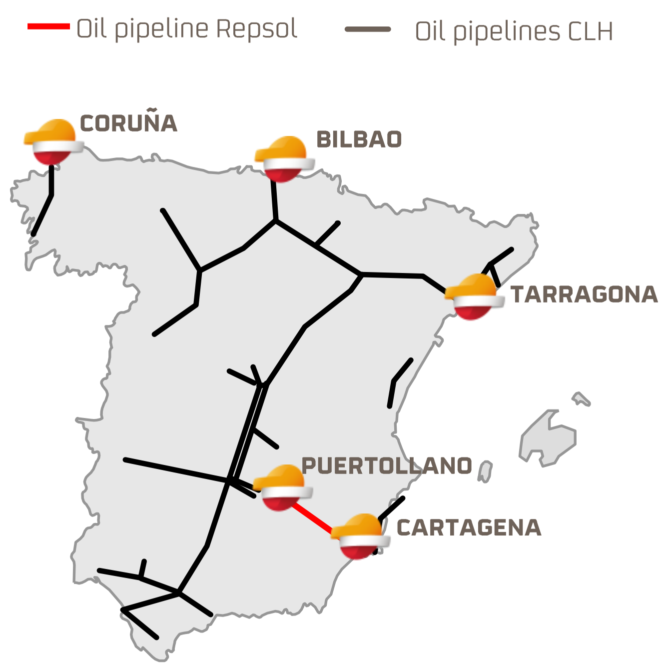


- Presence in a premium market for refining
- Completion of expansion and conversion projects
- Integrated refining portfolio, working as a unique system
- Efficient integration between the refining and marketing businesses

Note: Integrated R&M margin calculated as CCS/LIFO-Adjusted operating profit of the R&M Segment divided by the total volume of crude processed (excludes petrochemical business) of a 14-peer-group. Based on annual reports and Repsol's estimates. Source: Company filings

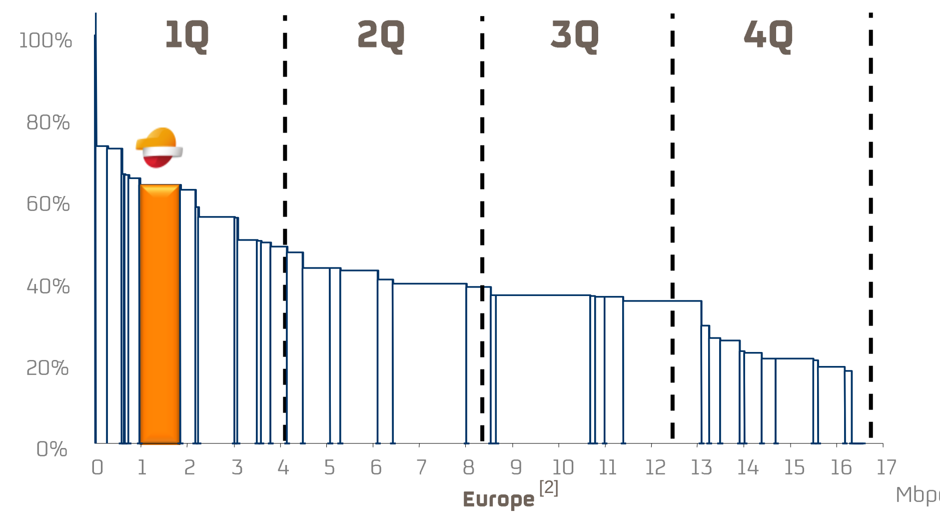
Downstream strategy 2010-2014:
Increased competitiveness of Downstream business

Improved competitiveness of refining assets

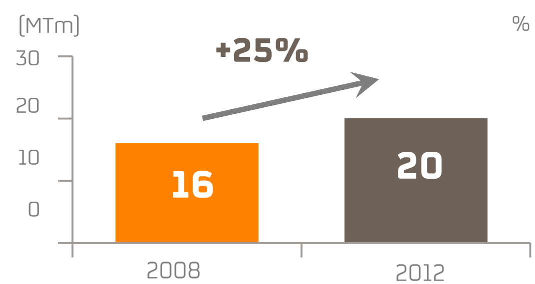


- Increased competitiveness of refining assets
- Top quartile position among European peers along the cycle
- Divested non-core / low return assets (€1.4bn) [1]

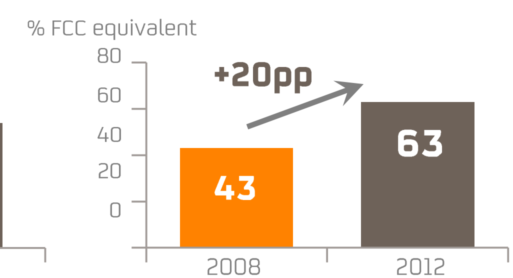
% FCC equivalent



Middle distillates production



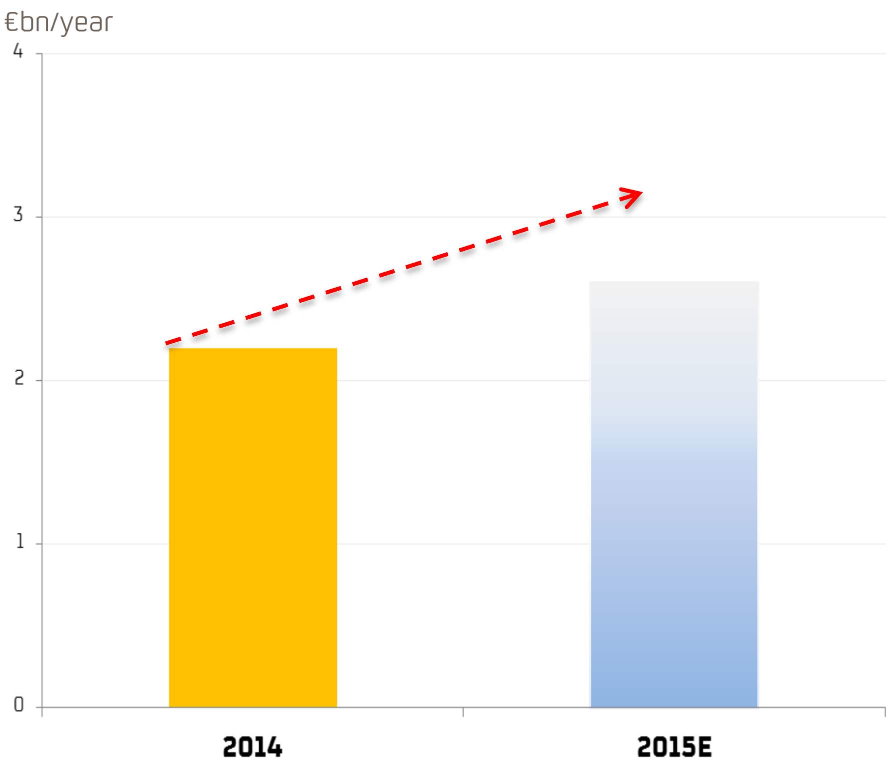
Conversion



1. Includes sale of 15% of CLH, non-integrated Downstream in LatAm (Chile, Brazil and Ecuador), PMMA Petrochemicals, Refap in Brazil and LPG France, some of them executed in Dec. 2007 **2**. Data source: WoodMackenzie

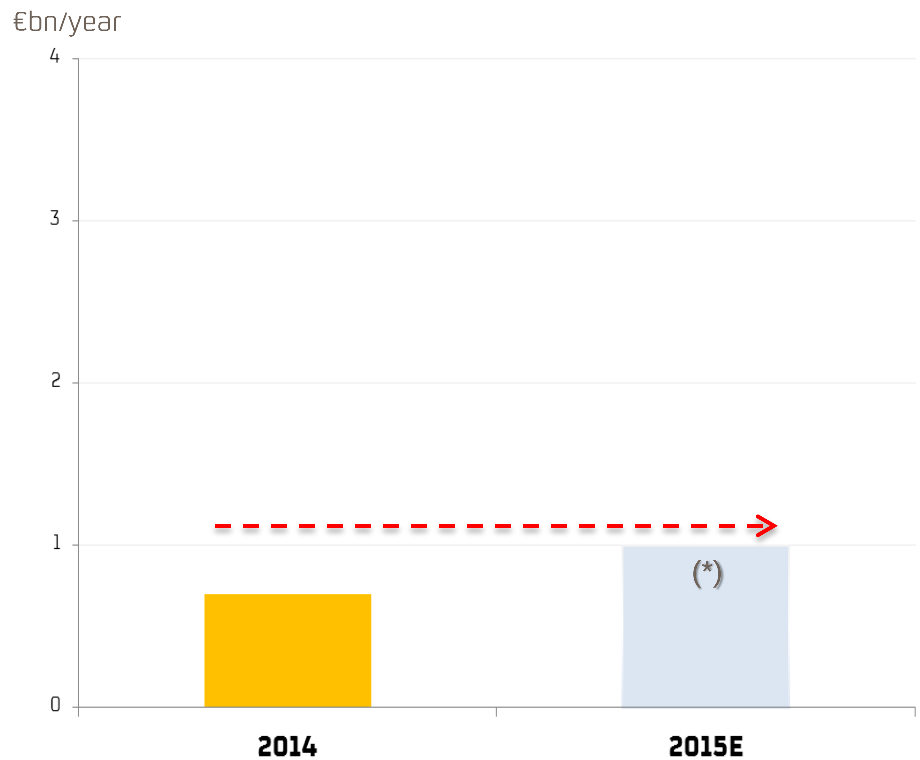
Maximizing returns from the business and capital discipline

R&M EBITDA CCS



Higher margins largely derived from expansion and conversion projects

R&M CAPEX



Downstream investment cycle already finalized.

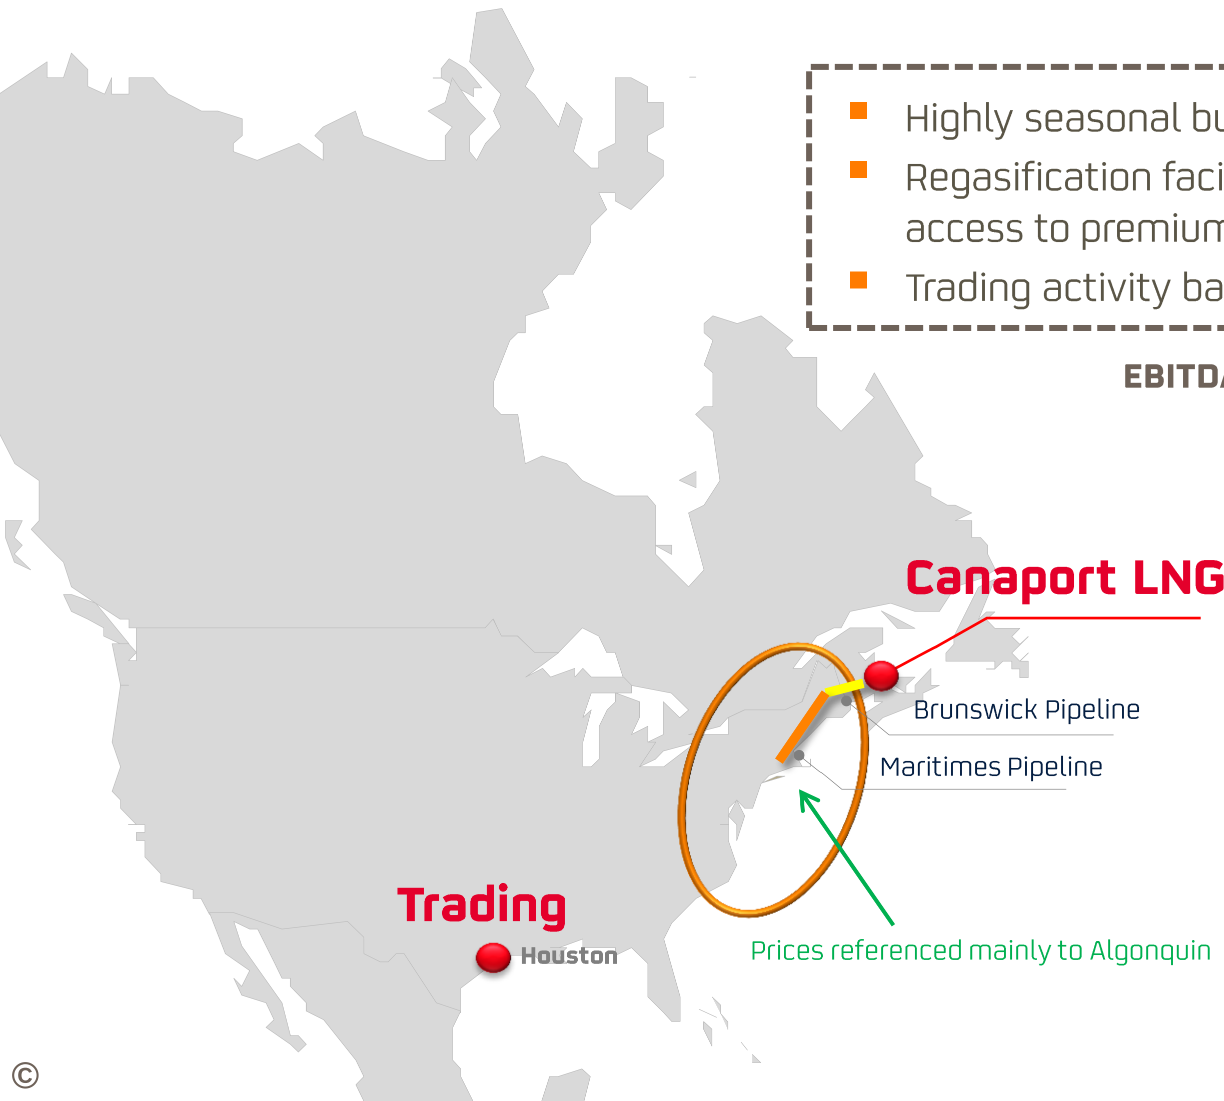
(*) 2015 capex figure includes the investments in La Pampilla Refinery (Peru). This subsidiary is fully consolidated in the financial statements although Repsol stake is 51%.

Downstream investments will be applied to maintenance and to our programs to reduce CO2 emissions, increasing profit through energy consumption reduction.

Gas & Power
Access to premium markets in North America

- Highly seasonal business
- Regasification facility and midstream assets with access to premium markets in North East USA
- Trading activity based in our Houston headquarters

EBITDA 9M14: 238 M€



Regasification plant
Total capacity: 10 bcm/year Partners: Repsol (75%), Irving Oil (25%) Regasification capacity: 100% Repsol

Gas Natural Fenosa

Our businesses strategy

Note: liquidity position as of December 31st 2014.

Commitments with Investment Grade
Hybrid bonds

In order to reinforce Repsol´s capital structure and support an investment grade rating Repsol will issue up to €5bn of hybrid bonds[1], non-dilutive for equity investors, in several tranches:

- **18th of April, Issuances for a total amount of €2bn**
  - A €1bn perpetual subordinated bond (EURO 6-Year Non-Call Perpetual Securities), with an interest rate of 3.875 per cent per annum in the next 6 years.
  - A €1bn 60-years subordinated bond (EURO 10-Year Non-Call Securities Due 2075), with an interest rate of 4.5 per cent per annum in the next 10 years.

[1] Perpetual tranches treated 100% as equity at group level under IFRS. 50% equity credit under rating agencies methodology

Rating Agencies have Confirmed Repsol´s Rating following Talisman´s Agreement

REPSOL

Moody's

Baa2 (Negative)

- 19 December 2014: Affirms rating at Baa2 while changing outlook to "Negative" from "Stable"

"The acquisition of Talisman will accomplish Repsol's goal of growing and rebalancing its upstream portfolio, with benefits for its cash flow, size and scale, and geographic diversification."

Moody´s, 19 December 2014

Standard & Poors

BBB- (Stable)

- 18 December 2014: Affirms rating at BBB- while revising outlook to "Stable" from "Positive"

"The acquisition would result in a larger and more diversified business scope, while Repsol retained a "satisfactory" business risk profile assessment overall."[1]

Standard & Poors, 18 December 2014

Fitch ratings

BBB (Stable)

- 22 December 2014: Affirms rating at 'BBB' while revising outlook to "Stable" from "Positive"

"Post-closing, Repsol will significantly improve its oil and gas production profile with focus on upstream assets in OECD countries…The combined group will have nearly double the daily output…We believe that after the acquisition, Repsol will have the flexibility to maintain leverage ratios within our guideline for the rating."

Fitch, 22 December 2014

Rating Agencies underline benefits from upstream portfolio diversification and Repsol´s flexibility to maintain target leverage ratios

1. Title: Research Update: Repsol Outlook Revised To Stable From Positive On Acquisition Of Talisman Energy; 'BBB-/A-3' Ratings Affirmed; Author: Simon Redmond and Christophe Boulier - Publication Date: 18 December 2014 - Published by: Standard & Poor's Financial Services LLC; This material is reproduced with permission of Standard & Poor's Financial Services LLC

Focus on Rating and Liquidity

Commitment to investment grade rating

- **Strong track record of prudent financial policy, with a clear focus to strengthen Repsol´s capital structure:**
  - Financial actions post YPF expropriation
  - Since December 2013 to FY2014, net debt has been reduced by €3.4bn
- **Strongly committed to investment grade rating**
  - Long term capital structure for the acquisition of Talisman:
    - Issuance of up to €5bn of hybrid securities
    - €2bn in synergies/divestments

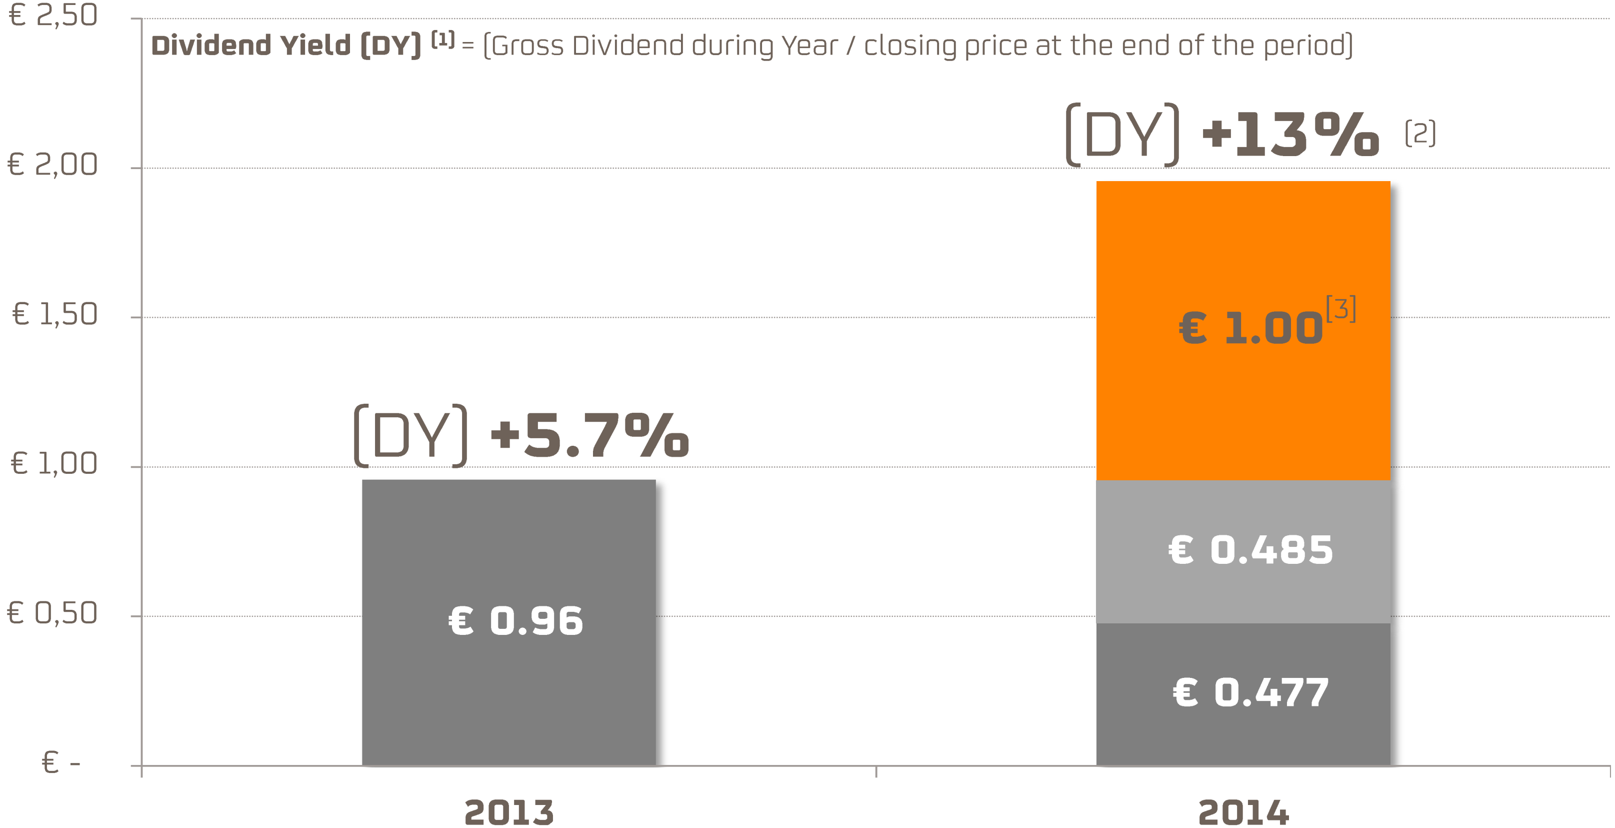
Liquidity above investment needs for Talisman

- **Liquidity in Repsol standalone exceeds the cash out for the acquisition of Talisman**
  - Cash on hand and equivalents of €6.5bn[1]
  - Available committed long term credit lines of €2.6bn[1]
  - Additional short-term financial alternatives available if required
- **Fully financed plan even under stress scenarios and without capex optimization and divestments**
- **Sufficient liquidity to cover for both Repsol's and Talisman's needs throughout the next 24 months and without considering the Hybrid proceeds**

1. FY 2014 results

Repsol in figures
Shareholder remuneration

"2015 maintaining our competitive shareholder remuneration at current levels with the scrip option"



1. For the scrip dividend assumes the guaranteed fixed price offered for the free-of-charge allocation rights.
2. Dividend yield calculated with December 31st 2014 closing Price.
3. On May 28th, 2014, The Board of Directors agreed to distribute an extraordinary dividend of one euro per share from 2014 earnings, with payment day on June 6th, 2014.
Note: The Board of Directors proposed to the AGM 2015 to continue with the "Repsol Flexible Dividend" Programme, equivalent to a remuneration of 0.50 euros gross per share, which, if approved, will be paid on the dates on which the final dividend has traditionally been paid.

Repsol's score	75	88	89	98	98

Our Company has won recognition for its energy efficiency and carbon management for the third time in the last five years

SUMMARY

9

Summary

Repsol has achieved all 2012-2016 strategic goals. YPF´s monetization allows Repsol to inorganically accelerate further growth in the upstream, further diversification in the asset base and further shareholder value.

Positioned for growth

- Upstream as growth engine
- Focus on exploration
- Delivery based on projects in development phase

Diversification

- Balancing our capital employed:
  - More OECD/non-OECD.
  - More Oil vs Gas

Profitability

- Maximize return on investment
- Operational excellence
- Fully invested assets in Downstream

Sound financial position

- Self-financed strategic plan, resilient to stress scenarios
- Commitment to maintain investment grade
- Competitive dividend pay-out

Note: Repsol Group made the decision in 2014, prompted by the business reality and in order to make its disclosures more comparable with those in the sector, to disclose as a measure of the result of each segment the recurring net operating profit at current cost of supply (CCS) after tax of continuing operations ("Adjusted Net Income"), which excludes both non-recurring net income and the inventory effect.

For more information please refer to section "Basis of preparation of the financial information" of the 4th Quarter 2014 earnings release.
