

Description

Thanks to the wide range of Repsol products prepared for the exterior maintenance of your vehicle, the following products will give you maximum care and protection:

Repsol Elimina Arañazos (Repsol Scratch Remover)

Creamy wax to eliminate small scratches and attenuate deeper ones. Can be used on all types of paint, metal, stainless steel and chrome.

Instructions: Apply a little product using a clean cloth. Rub vigorously and polish.

It comes in a 150 ml tube.

Repsol Polish (Repsol Polish)

Liquid polish that cleans and eliminates the aged, surface layer of painted and chrome surfaces, leaving them shiny.

Instructions: Apply to a clean, dry surface. Eliminate the layer formed with a clean cloth.

It comes in a 250 ml metal can.

Repsol Elimina Insectos (Repsol Insect Remover)

Product to eliminate the insects incrustated on windows, bodywork, lights, bumpers, etc. Cleans without damaging any surface.

Instructions: Spray directly on the surface to be cleaned and wipe with a cloth.

It comes in a 500 ml plastic spray container.

Repsol Champú (Repsol Shampoo)

Easily soluble in water, its viscosity is appropriate for administering with pumps and controlled and stabilised foams. Repsol Shampoo combines its lubricant power, which enables brushes to slide over the bodywork without scratching it, with the power to eliminate dirt cause by pollution. Especially suitable for cleaning the bodywork of cars in carwashes.

Instructions: As it is a highly concentrated product, it must always be diluted in water at a concentration between 2 and 7%.

It comes in a 1 l plastic container.

A safety information file is available on request.
