

REPSOL

REPSOL INTERNATIONAL FINANCE B.V.

(A private company with limited liability incorporated under the laws of The Netherlands and having its statutory seat in The Hague)

EURO 10,000,000,000
Guaranteed Euro Medium Term Note Programme
Guaranteed by
REPSOL, S.A.

(A sociedad anónima organised under the laws of the Kingdom of Spain)

On 5 October 2001, Repsol International Finance B.V. and Repsol, S.A. entered into a euro 5,000,000,000 Guaranteed Euro Medium Term Note Programme (the **Programme**) and issued a base prospectus in respect thereof. The maximum amount of the Programme was increased from euro 5,000,000,000 to euro 10,000,000,000 on 2 February 2007. Further base prospectuses describing the Programme were issued on 21 October 2002, 4 November 2003, 10 November 2004, 2 February 2007, 28 October 2008, 23 October 2009, 25 October 2010, 27 October 2011, 25 October 2012 and 17 October 2013. With effect from the date hereof, the Programme has been updated. Any Notes (as defined below) to be issued on or after the date hereof under the Programme are issued subject to the provisions set out herein, save that Notes which are to be consolidated and form a single series with Notes issued prior to the date hereof will be issued subject to the terms and conditions of the Notes applicable on the date of issue for the first tranche of Notes of such series. Subject as aforesaid, this does not affect any Notes issued prior to the date hereof.

Under the Programme, Repsol International Finance B.V. (the **Issuer**), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Guaranteed Euro Medium Term Notes guaranteed by Repsol, S.A. (the **Guarantor**) (the **Notes**). The aggregate nominal amount of Notes outstanding will not at any time exceed euro 10,000,000,000 (or the equivalent in other currencies), subject to increase as provided herein.

Application has been made to the *Commission de Surveillance du Secteur Financier (CSSF)* in its capacity as the competent authority for the purpose of Directive 2003/71/EC of the European Parliament and of the Council of 4 November 2003, as amended (the **Prospectus Directive**) and relevant implementing measures in Luxembourg for approval of this base prospectus (the **Base Prospectus**) as a base prospectus issued in compliance with the Prospectus Directive and *loi relative aux prospectus pour valeurs mobilières du 10 juillet 2005* (the Luxembourg law on prospectuses for securities of 10 July 2005), as amended by the Luxembourg law of 3 July 2012 (the **Luxembourg Act**) for the purpose of giving information with regard to the issue of the Notes under the Programme described in this Base Prospectus during the period of twelve months after the date of approval of this Base Prospectus. The CSSF assumes no responsibility as to the economic and financial soundness of the transaction and the quality or solvency of the Issuer in line with the provisions of article 7(7) of the Luxembourg Act. This Base Prospectus constitutes a base prospectus for the purposes of Article 5.4 of the Prospectus Directive. For the purposes of the Transparency Directive 2004/109/EC, the Issuer has selected Luxembourg as its 'home member state'. The 'home member state' of the Guarantor for such purposes is Spain.

Application has also been made to the Luxembourg Stock Exchange for the Notes issued under the Programme to be admitted to trading on the Luxembourg Stock Exchange's regulated market (which is a regulated market for the purposes of the Markets in Financial Instruments Directive 2004/39/EC) and to be listed on the official list of the Luxembourg Stock Exchange. Application may also be made for such Notes to be listed and admitted to trading on such other or further competent authorities, stock exchanges and/or quotation systems as may be agreed with the Issuer and the Guarantor. Unlisted Notes may also be issued pursuant to the Programme. According to the Luxembourg Act, the CSSF is not competent for approving prospectuses for the listing of money market instruments having a maturity at issue of less than 12 months and complying with the definition of securities.

Notice of the aggregate amount of the Notes, interest (if any) payable in respect of the Notes and the issue price of the Notes, which are applicable to each Tranche (as defined under "*Terms and Conditions of the Notes*") of Notes will be set out in the relevant Final Terms (as defined in "*General Description of the Programme*" below). Such Final Terms will also specify whether or not such Notes will be listed on the official list of the Luxembourg Stock Exchange (or any other regulated market) and admitted to trading on the regulated market thereof (or any such other regulated market).

Notes will not be issued in the United States of America (the **United States** or **U.S.**) or to U.S. persons or for the account or benefit of a U.S. person (as such term is defined in Regulation S of the United States Securities Act of 1933, as amended (the **Securities Act**)) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act.

Each Series (as defined in "*General Description of the Programme*" below) of Notes will be represented on issue by a temporary global note in bearer form (each a **Temporary Global Note**) or a permanent global note in bearer form (each a **Permanent Global Note** and together with the Temporary Global Note, the **Global Notes**). If the Global Notes are stated in the applicable Final Terms to be issued in new global note (NGN) form, the relevant clearing systems will be notified whether or not such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility and, if so, will be delivered on or prior to the original issue date of the Tranche (as defined in "*General Description of the Programme*" below) to a common safekeeper (the **Common Safekeeper**) for Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking SA (**Clearstream, Luxembourg**).

Global Notes that are not issued in NGN form (**Classic Global Notes** or **CGNs**) may (or, in the case of Notes listed on the official list of the Luxembourg Stock Exchange, will) be deposited on the issue date of the Tranche to a common depositary on behalf of Euroclear and Clearstream, Luxembourg (the **Common Depositary**). The provisions governing the exchange of interests in Global Notes for other Global Notes and definitive Notes are described in "*Overview of Provisions Relating to the Notes while in Global Form*" below.

Tranches of Notes issued under the Programme may be rated or unrated. Where a Tranche of Notes is rated, such rating will be specified in the relevant Final Terms. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. A list of rating agencies registered under Regulation (EC) No 1060/2009 (the **CRA Regulation**) can be found at <http://www.esma.europa.eu/page/List-registered-and-certified-CRAS>.

Prospective investors should have regard to the factors described under the section headed "Risk Factors" on pages 5 to 13 in this Base Prospectus.

IMPORTANT NOTICES

Each of the Issuer and the Guarantor accepts responsibility for the information contained in this Base Prospectus. To the best of the knowledge of each of the Issuer and the Guarantor (each having taken all reasonable care to ensure that such is the case), the information contained in this Base Prospectus is in accordance with the facts and contains no omissions likely to affect its import.

In this Base Prospectus, **Repsol**, the **Repsol Group**, the **Group** and the **Company** refers to Repsol, S.A. together with its consolidated subsidiaries, unless otherwise specified or the context otherwise requires, and the **Guarantor** refers to Repsol, S.A. only.

This Base Prospectus is to be read in conjunction with all the documents that are deemed to be incorporated herein by reference (see “*Documents Incorporated by Reference*” below).

No person has been authorised to give any information or to make any representation other than those contained in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Guarantor or any of the Dealers or the Arranger (each as defined in “*General Description of the Programme*”). Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer, the Guarantor or Repsol since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change in the financial position of the Issuer, the Guarantor or Repsol since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer, the Guarantor, the Dealers and the Arranger to inform themselves about and to observe any such restriction. The Notes have not been and will not be registered under the Securities Act and include Notes in bearer form that are subject to U.S. tax law requirements. The Notes are being offered and sold by the Dealers outside the United States to non-U.S. persons in accordance with Regulation S of the Securities Act. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to U.S. persons. For a description of certain restrictions on offers and sales of Notes and on the distribution of this Base Prospectus, see “*Subscription and Sale*” below.

This Base Prospectus may only be used for the purposes for which it has been published.

To the fullest extent permitted by law, none of the Dealers, the Arranger or the Trustee accepts any responsibility for the contents of this Base Prospectus or for any other statement, made or purported to be made by the Arranger, the Trustee or a Dealer or on its behalf in connection with the Issuer, the Guarantor, or the issue and offering of the Notes. The Arranger, the Trustee and each Dealer accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of this Base Prospectus or any such statement. Neither this Base Prospectus nor any financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation, offer or invitation by any of the Issuer, the Guarantor, the Dealers or the Arranger to any recipient of this Base Prospectus or any financial statements to subscribe for or purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers or the Arranger undertakes to review the financial position or affairs of the Issuer or the Guarantor during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of the Stabilising Manager(s)) may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the final terms of the offer of the relevant Tranche of Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

In this Base Prospectus, unless otherwise specified or the context otherwise requires, references to **Ps.** and **Argentinian pesos** are to the lawful currency/units of currency of Argentina, **U.S.\$** and **U.S. dollars** are to the lawful currency/units of currency of the United States; references to **£** or **Sterling** are to the lawful currency for the time being of the United Kingdom; and references to **€** and **euro** are to the single currency introduced at the start of the third stage of the European Economic and Monetary Union pursuant to the Treaty on the Functioning of the European Union, as amended. Where U.S. dollar amounts are converted into euro, the conversion rate applied is U.S.\$ 1.38: €1.00.

FORWARD-LOOKING STATEMENTS

This Base Prospectus includes forward looking statements that reflect the Group's intentions, beliefs or current expectations and projections about the Group's future results of operations, financial condition, liquidity, performance, prospects, anticipated growth, strategies, plans, opportunities, trends and the markets in which the Group operates or intends to operate. Forward-looking statements involve all matters that are not historical fact. These and other forward looking statements can be identified by the words "may", "will", "would", "should", "expect", "intend", "estimate", "anticipate", "project", "future", "potential", "believe", "seek", "plan", "aim", "objective", "goal", "strategy", "target", "continue" and similar expressions or their negatives. These forward-looking statements are based on numerous assumptions regarding the Group's present and future business and the environment in which the Group expects to operate in the future. Forward-looking statements may be found in sections of this Base Prospectus entitled "*Risk Factors*", "*Business Description*" and "*Legal and Arbitration Proceedings*", in the consolidated management reports that are incorporated by reference in this Base Prospectus (the **Consolidated Management Reports**) and elsewhere in this Base Prospectus.

These forward-looking statements are subject to known and unknown risks, uncertainties and assumptions and other factors that could cause the Group's actual results of operations, financial condition, liquidity, performance, prospects, anticipated growth, strategies, plans or opportunities, as well as those of the markets the Group serves or intends to serve, to differ materially from those expressed in, or suggested by, these forward-looking statements.

Additional factors that could cause the Group's actual results, financial condition, liquidity, performance, prospects, opportunities or achievements or industry results to differ include, but are not limited to, those discussed under "*Risk Factors*".

In light of these risks, uncertainties and assumptions, the forward looking events described in this Base Prospectus may not occur. Additional risks that the Group may currently deem immaterial or that are not presently known to the Group could also cause the forward looking events discussed in this Base Prospectus not to occur. Except as otherwise required by Dutch, Spanish, Luxembourg and other applicable securities laws and regulations and by any applicable stock exchange regulations, the Group undertakes no obligation to update publicly or revise publicly any forward-looking statements, whether as a result of new information, future events, changed circumstances or any other reason after the date of this Base Prospectus. Given the uncertainty inherent in forward-looking statements, prospective investors are cautioned not to place undue reliance on these statements.

SUPPLEMENTS TO THE BASE PROSPECTUS

If at any time the Issuer shall be required to prepare a supplement to this Base Prospectus pursuant to the Luxembourg Act, the Issuer shall prepare and make available an appropriate supplement to this Base Prospectus or a further base prospectus, which, in respect of any subsequent issue of Notes to be listed on the official list of the Luxembourg Stock Exchange and admitted to trading on the Luxembourg Stock Exchange's regulated market, shall constitute a **Supplement to the Base Prospectus**, as required by the Luxembourg Act.

RISK FACTORS

Prospective investors should carefully consider all the information set forth in this Base Prospectus, the applicable Final Terms and any documents incorporated by reference into this Base Prospectus, as well as their own personal circumstances, before deciding to invest in any Notes. Prospective investors should have particular regard to, among other matters, the considerations set out in this section of this Base Prospectus.

Each of the Issuer and the Guarantor believes that each of the following risk factors, many of which are beyond the control of the Issuer and the Guarantor or are difficult to predict, may materially affect its financial position and its ability to fulfil its obligations under Notes issued under the Programme. Neither the Issuer nor the Guarantor is in a position to express a view on the likelihood of any such contingency occurring. In addition, there may be other factors that a prospective investor should consider that are relevant to its own particular circumstances or generally.

Risk factors that are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Each of the Issuer and the Guarantor believes that the risk factors described below represent the principal risk factors inherent in investing in Notes issued under the Programme, but the inability of the Issuer or the Guarantor to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons, which may not be considered significant risks by the Issuer and the Guarantor based on information currently available to them or which they may not currently be able to anticipate. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus, including the descriptions of the Issuer and the Guarantor, as well as the documents incorporated by reference, and reach their own views prior to making any investment decisions.

Before making an investment decision with respect to any Notes, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Notes and consider such an investment decision in the light of the prospective investor's personal circumstances.

Words and expressions defined in "Term and Conditions of the Notes" shall have the same meanings in this section.

1. Risk Factors relating to the Issuer and/or the Guarantor

Repsol's operations and earnings are subject to risks as a result of changes in competitive, economic, political, legal, regulatory, social, industrial, business and financial conditions. Investors should carefully consider these risks.

OPERATIONS-RELATED RISKS

Uncertainty in the current economic context

Global economic growth is still weaker than desirable. The recent rise in the forward interest rates in the U.S. could lead to a partial reversal of capital flows towards certain economies, resulting in greater exposure for countries with weaker fiscal positions or with higher rates of inflation. China, the second largest economy in the world, is also contributing less to global growth as it faces the challenge of moving from an investment driven economy to a more consumer oriented one.

In the Eurozone, the two major challenges ahead for the European Central Bank (**ECB**) are to restore full confidence in the Eurozone's banking system and to avoid a prolonged period of low inflation.

Meanwhile, persistent pressure on the sustainability of government finances in advanced economies has led to pronounced tensions in credit markets, and could prompt fiscal reforms or changes in the regulatory framework of the oil and gas industry. The economic-financial situation could have a negative impact on third parties with whom Repsol does or could do business. Any of the factors described above, whether in isolation or in combination with each other, could have an adverse effect on the financial position, businesses, or results of operations of Repsol.

Potential fluctuations in international prices and demand for crude oil and reference products owing to factors beyond Repsol's control

World oil prices have fluctuated widely over the last ten years and are driven by international supply and demand factors over which Repsol has no control.

International product prices are influenced by the price of oil and the demand for products. Therefore, international prices of crude oil and products affect the refining margin. International oil prices and demand for crude oil may also fluctuate significantly during economic cycles.

Reductions in oil prices negatively affect Repsol's profitability, the value of its assets and its plans for capital investment, including projected capital expenditures related to exploration and development activities. Any significant drop in capital investment could have an adverse effect on Repsol's ability to replace its crude oil reserves.

Regulation and tax framework of Repsol's operations

The oil industry is subject to extensive regulation and intervention by governments throughout the world in matters such as the award of exploration and production permits, the imposition of specific drilling and exploration obligations, restrictions on production, price controls, required divestments of assets, foreign currency controls, and nationalisation, expropriation or the cancellation of contractual rights. Such legislation and regulations apply to virtually all aspects of Repsol's operations both inside and outside Spain.

Furthermore, the natural gas and electricity sectors, in which Repsol operates mainly through Gas Natural Fenosa, tend to be extensively regulated in most countries. These regulations are typically subject to periodic revision by the competent authorities and changes to those regulations can result in a decrease (or a lower increase than expected) in the remuneration received for regulated activities.

Likewise, oil refining and petrochemical activities, in general, are subject to extensive government regulation and intervention in matters such as safety and environmental controls.

Finally, the energy sector, particularly the oil industry, is subject to particular taxation. In upstream activities there are often energy taxes on profit and production, while in downstream activities taxes on consumption products are common.

Repsol cannot predict changes to such laws or regulations or their interpretation, or the implementation of certain policies. Any such changes could have an adverse impact on the business, financial position and results of operations of the Repsol Group.

Repsol is subject to extensive environmental and safety legislations and risks

Repsol is subject to extensive environmental and safety legislations and regulations in practically all the countries in which it operates, which regulate, among other matters affecting Repsol's operations, environmental quality standards for products, air emissions and climate change, energy efficiency, water discharges, remediation of soil and groundwater and the generation, storage, transportation, treatment and final disposal of waste materials and safety.

In particular, and due to concerns over the risk of climate change, a number of countries have adopted, or are looking into adopting, new regulatory requirements to reduce greenhouse gas emissions, such as carbon taxes, increasing efficiency standards, or adopting emissions trading schemes. These requirements could make Repsol's products more expensive as well as shift hydrocarbon demand toward relatively lower-carbon sources, such as renewable energies. In addition, compliance with greenhouse gas regulations may also require Repsol to upgrade its facilities, monitor or sequester emissions or take other actions that may increase the cost of compliance.

These requirements have had, and will continue to have, an impact on Repsol's business, financial position and results of operations.

Operating risks related to exploration and exploitation of oil and gas, and reliance on the cost-effective acquisition or discovery of, and, thereafter, development of, new oil and gas reserves

Oil and gas exploration and production activities are subject to particular risks, some of which are beyond the control of Repsol. These activities are exposed to production, equipment and transportation risks, errors or inefficiencies in operations management and purchasing processes, natural hazards and other uncertainties relating to the physical characteristics of oil and natural gas fields. In addition to this, some of the Group's development projects are located in deep waters and other difficult environments, such as the Gulf of Mexico, Brazil and the Amazon rainforest, or in complex oilfields, which could aggravate these risks further. Also, the transportation of oil products, by any means, always has inherent risks: during road, rail or sea transport, or by pipeline, oil and other hazardous substances could leak. This is a significant risk due to the potential impact a spill could have on the environment and on people, especially considering the high volume of products that can be carried at any one time. Should these risks materialise, Repsol may suffer major losses, interruptions to its operations and harm to its reputation.

Moreover, Repsol must replace depleted oil and gas reserves with new proved reserves enabling subsequent production to be economically viable. Repsol's ability to acquire or discover new reserves is, however, subject to a number of risks. For example, drilling may involve negative results, not only with respect to dry wells, but also with respect to wells that are productive but do not produce sufficient net revenues to return a profit after drilling, operating and other costs are taken into account. In addition, Repsol generally faces intense competition in bidding for exploratory blocks, in particular those blocks offering the most attractive potential reserves. Such competition may result in Repsol's failing to obtain the desirable blocks, or acquiring them at a higher price, which could render subsequent production economically unviable.

If Repsol fails to acquire or discover, and, thereafter, develop new oil and gas reserves in a cost-effective manner, or if any of the aforementioned risks were to materialise, its business, financial position and results of operations could be adversely affected.

Location of reserves

Part of the oil and gas reserves of Repsol are located in countries that are or could be economically or politically unstable.

Reserves in these areas as well as related production operations may be exposed to risks, including increases in taxes and royalties, the establishment of limits on production and export volumes, the compulsory renegotiation or cancellation of contracts, the nationalisation or denationalisation of assets, changes in local government regimes and policies, changes in business customs and practices, payment delays, currency exchange restrictions and losses and impairment of operations due to the actions of insurgent groups. In addition, political changes may lead to changes in the business environment. Economic downturns, political instability or civil disturbances may disrupt the supply chain or limit sales in the markets affected by such events.

If any of the aforementioned risks were to materialise, it could have an adverse impact on Repsol's

business, financial position and results of operations.

Oil and gas reserves estimation

In estimating proved oil and gas reserves, Repsol relies on the guidelines and the conceptual framework of the Securities and Exchange Commission's (SEC) definition of proved reserves and on the criteria established by the Petroleum Reserves Management System of the Society of Petroleum Engineers (PRMS-SPE). In the estimation of non-proved oil and gas reserves, Repsol relies on the criteria and the guidelines established by the PRMS-SPE.

The accuracy of these estimates depends on a number of different factors, assumptions and variables, some of which are beyond Repsol's control. Factors that fall within Repsol's control include: drilling, testing and production after the date of the estimate, which may entail substantial upward or downward corrections in the estimate; the quality of available geological, technical and economic data used and the interpretation and valuation thereof; the production performance of reservoirs and recovery rates, both of which depend in significant part on available technologies as well as Repsol's ability to implement such technologies and the relevant know-how; the selection of third parties with which Repsol conducts business; and the accuracy of initial estimates of existing hydrocarbons in place at a given reservoir, which may prove to be incorrect or require substantial revisions control.

Factors that are mainly beyond Repsol's control include changes in prevailing oil and natural gas prices, which could impact on the quantities of proved reserves (since estimates of reserves are calculated under existing economic conditions when such estimates are made); changes in prevailing tax rules, other government regulations and contractual conditions after the date estimates are made (which could render reserves economically unviable to exploit); and certain actions of third parties, including the operators of fields in which the Group has an interest.

As a result of the foregoing, measures of reserves are not precise and are subject to revision. Any downward revision in estimated quantities of proved reserves could adversely impact the results of operations of the Repsol Group, leading to increased depreciation, depletion and amortisation charges and/or impairment charges, which would reduce net income and shareholders' equity.

Projects and operations carried out through joint ventures and partnerships

Many of the Repsol Group's projects and operations are conducted through joint ventures and partnerships. If Repsol does not act as the operator on those projects or operations, its ability to control and influence the performance and management of the operations and to identify and manage risk is limited. Additionally, there is a possibility that if any of Repsol's partners or members of a joint venture or associated company fails to comply with their financial obligations or incur any another breach, that could affect the viability of the whole project.

Repsol may engage in acquisitions, investments and disposals as part of its strategy

As part of Repsol's strategy, Repsol may engage in acquisitions, investments and disposals of interests. There can be no assurance that Repsol will identify suitable acquisition opportunities, obtain the financing necessary to complete and support such acquisitions or investments, acquire businesses on satisfactory terms, or that any acquired business will prove to be profitable. In addition, acquisitions and investments involve a number of risks, including possible adverse effects on Repsol's operating results, risks associated with unanticipated events or liabilities relating to the acquired assets or businesses which may not have been disclosed during due diligence investigations, difficulties in the assimilation of the acquired operations, technologies, systems, services and products, and risks arising from provisions in contracts that are triggered by a change of control of an acquired company.

Any failure to successfully integrate such acquisitions could have a material adverse effect upon the business, results of operations or financial condition of Repsol. Any disposal of interest may also adversely affect Repsol's financial condition, if such disposal results in a loss to Repsol.

Repsol's current insurance coverage may not be sufficient for all the operational risks

As discussed in several of the above risk factors, Repsol's operations are subject to extensive economic, operational, regulatory and legal risks. The Group holds insurance coverage against certain risks inherent in the oil and gas industry in line with industry practice. Insurance coverage is subject to deductibles and limits that in certain cases may be materially exceeded by the losses and/or liabilities incurred. In addition, Repsol's insurance policies contain exclusions that could leave the Group with limited coverage in certain circumstances. Furthermore, Repsol may not be able to maintain adequate insurance at rates or on terms considered reasonable or acceptable to Repsol, or be able to obtain insurance against certain risks that could materialise in the future. If Repsol were to experience an incident against which it is not insured, or the costs of which materially exceed its coverage, it could have an adverse effect on its business, financial position and results of operations.

Repsol's natural gas operations are subject to particular operational and market risks

Natural gas prices tend to vary between the different regions in which Repsol operates as a result of significantly different supply, demand and regulatory circumstances, and such prices may be lower than prevailing prices in other regions of the world. In addition, excess supply conditions that exist in some regions cannot be utilised in other regions due to a lack of infrastructure and difficulties in transporting natural gas.

In addition, Repsol has entered into long-term contracts to purchase and supply natural gas in various parts of the world. These contracts have different price formulae, which could result in higher purchase prices than the price at which such gas could be sold in increasingly liberalised markets. Furthermore, gas availability could be subject to the risk of counterparties breaching their contractual obligations. Thus, it might be necessary to look for other sources of natural gas in the event of non-delivery from any of these sources, which could require payment of higher prices than those envisaged under the breached contracts.

Repsol also has long-term contracts to sell and deliver gas to clients, mainly in Bolivia, Venezuela, Trinidad and Tobago, Peru and Russia, which present additional types of risks to the Group as they are pegged to existing proved reserves in these countries. Should available reserves in these countries prove insufficient, Repsol might not be able to satisfy its obligations under these contracts, some of which include penalty clauses for breach of contract.

The occurrence of any of the aforementioned risks would have an adverse impact on the business, financial condition and results of operations of the Repsol Group.

Cyclical nature of the petrochemical activity

The petrochemicals industry is subject to wide fluctuations in supply and demand, reflecting the cyclical nature of the chemicals market on a regional and global scale. These fluctuations affect the prices and profitability of petrochemicals companies, including Repsol. Repsol's petrochemicals business is also subject to extensive governmental regulation and intervention in matters such as safety and environmental controls. Any such fluctuations or changes in regulation could have an adverse effect on the business, financial position and results of operations of the Repsol Group.

Repsol Group's strategy requires efficiency and innovation in a highly competitive market

The oil, gas and petrochemical industry operates in the context of a highly competitive energy sector. This competition influences the conditions for accessing markets or following new business leads, the costs of licenses and the pricing and marketing of products, requiring the Group's attention and

continuous efforts towards improving efficiency and reducing unit costs, without compromising operational safety or undermining the management of other strategic, operational and financial risks.

The implementation of the Group's strategy requires a significant ability to anticipate and adapt to the market and continuous investment in technological advances and innovation.

The Repsol Group is subject to the effects of administrative, judicial and arbitration proceedings

The Repsol Group is subject to the effects of administrative, judicial and arbitration proceedings arising in the ordinary course of business. Repsol could become involved in other possible future lawsuits in relation to which the Company is unable to predict the scope, subject-matter or outcome. Any current or future dispute inevitably involves a high degree of uncertainty and any adverse outcome could adversely affect the business, financial position and results of operations of the Repsol Group.

Misconduct or violations of applicable legislation by our employees can damage the reputation of the Repsol Group

Repsol's Ethics and Conduct Regulations, which are mandatory for all Group employees regardless of their geographic location, area of activity or professional level, establish the overall guidelines for the conduct of the Group and all its employees in performing their duties and in their commercial and professional relationships, in line with the principles of corporate loyalty, good faith, integrity and respect for the law and the ethical values defined by the Group. The different compliance and control models of the Group include controls aimed at detecting and mitigating relevant compliance aspects of the Ethics and Conduct Regulations. The occurrence of any management misconduct or breach of any applicable legislation could cause harm to the Group's reputation, in addition to incurring sanctions and legal liability.

Information technology and its reliability and robustness are a key factor in maintaining the Group's operations

The reliability and security of the Group's information technology (IT) systems are critical to maintaining the availability of its business processes and the confidentiality and integrity of the data belonging to the Group and third parties. IT systems need regular upgrading and the Group may not be able to implement necessary upgrades on a timely basis or upgrades may fail to function as planned. Furthermore, failure to protect the Group's operations from cyber attacks could result in the loss of sensitive information and data. The threats are increasingly sophisticated and there can be no assurance that the Group will be able to prevent all threats and the Group may incur significant costs as a result of any failure of its IT systems. A major disruption of the Group's IT systems, whether under the scenarios outlined above or under other scenarios, could have a material adverse effect on the Group's financial condition, business, prospects and results of operations.

FINANCIAL RISKS

Repsol is exposed to liquidity risk associated with the Group's ability to finance its obligations at reasonable market prices as they fall due, as well as to carry out its business plans with stable financing sources. Repsol is also exposed to credit risk – that is, the possibility of a third party not complying with its contractual obligations, thus creating losses for the Group. Repsol's results of operations and shareholders' equity are, in addition, exposed to market risks due to fluctuations in (i) the exchange rates of the currencies in which the Group operates, (ii) interest rates, and (iii) commodity prices.

Liquidity risk

Liquidity risk is associated with the Group's ability to finance its obligations at reasonable market prices, as well as being able to carry out its business plans with stable financing sources.

At 31 December 2013 Repsol held available resources in cash and other liquid financial instruments and undrawn credit lines which covered 73% of the gross debt and 72% of such debt including

the preference shares at that time. The Group had undrawn credit lines for €5,234 million and €5,899 million at 31 December 2013 and 31 December 2012, respectively.

In the case that Repsol were unable to meet its needs for liquidity in the future or needed to be required to incur increased costs to meet them, this could have an adverse effect on the business, financial position and results of operations of the Repsol Group.

Credit risk

Credit risk is the risk of a third party failing to carry out its contractual obligations resulting in a cost or loss to the Group.

The exposure of the Group to credit risk is mainly attributable to commercial debts from trading transactions, which are measured and controlled in relation to customers or individual third parties, and whose amounts are reflected in the balance sheet net of allowances for impairment provisions in the amount of €7,128 million and €7,202 million, at 31 December 2013 and 31 December 2012, respectively. To this end, the Group has, in line with best practices, its own systems for the permanent credit evaluation of all its debtors and the determination of risk limits with respect to third parties.

As a general rule, the Group establishes a bank guarantee issued by financial entities as the most suitable instrument of protection from credit risk. In some cases, the Group has taken out credit insurance policies to transfer partially the credit risk related to the commercial activity of some of its businesses to third parties.

Additionally, the Group is exposed to counterparty risk derived from non-commercial contractual transactions that may lead to defaults. In these cases, the Group analyses the solvency of counterparties with which the Group has or may have non-commercial contractual transactions. Any breach of payment obligations by Repsol's customers and counterparties, in the agreed time frame and form, could result in an adverse effect on Repsol's business, results or financial position.

Market risks

Exchange rate fluctuation risk. Repsol is exposed to fluctuations in currency exchange rates since revenues and cash flows generated by oil, natural gas and refined product sales are generally denominated in U.S. dollars or are otherwise affected by dollar exchange rates. Operating income is also exposed to fluctuations in currency exchange rates in countries where Repsol conducts its activities. Repsol is also exposed to exchange risk in relation to the value of its financial assets and investments, predominantly those denominated in U.S. dollars. In order to mitigate the exchange rate risk on results, Repsol may, when it deems appropriate, hedge its position through the use of derivatives in relation to those currencies for which there is a liquid market and where transaction costs, in its opinion, are reasonable.

In addition, Repsol's financial statements are expressed in euros and, consequently, the assets and liabilities of subsidiary investee companies with a different functional currency are translated into euros at the exchange rate prevailing at the balance sheet date. The revenues and expenses of each of these items in the profit and loss accounts are translated into euros by applying the exchange rate in force on the date of each transaction; for practical reasons, the exchange rate used is, in general, the average of the period in which the transactions were made. Fluctuations in the exchange rates applied in the process for translating the currencies into euros generate gains or losses, which are recognised in the Repsol Group consolidated financial statements and expressed in euros.

In order to mitigate this risk, and when considered appropriate, Repsol performs investing and financing transactions, using the currency for which risk exposures have been identified. Repsol can also carry out hedging transactions by means of financial derivative instruments for currencies that have a liquid market, with reasonable transaction costs.

Commodity price risk. In the normal course of operations and trading activities, the earnings of the Repsol Group are exposed to volatility in the price of oil, natural gas, and related derivative products (see the risk factors titled “*Potential fluctuations in international prices and demand for crude oil and reference products owing to factors beyond Repsol’s control*” and “*Repsol’s natural gas operations are subject to particular operational and market risks*” above). Therefore, changes in prices of crude oil, natural gas and their derivatives could have an adverse effect on the Repsol Group’s business, results and financial position.

Interest rate risk. Changes in interest rates can affect the interest income and interest cost of financial assets and liabilities tied to floating interest rates, as well as the fair value of financial assets and liabilities tied to a fixed interest rate.

Although, when considered appropriate, Repsol may decide to hedge the interest rate risk by means of derivative financial instruments for which there is a liquid market, these hedging mechanisms are limited and, therefore, could be insufficient. Consequently, changes in interest rates could have an adverse effect on the Repsol Group’s business, results and financial position.

Note 19 “*Financial risk and capital management*” and Note 20 “*Derivative transactions*” in the Group’s audited consolidated financial Statements for the financial year ended 31 December 2013, which are incorporated by reference into this Base Prospectus, include additional details on the financial risks to which the Repsol Group is exposed.

Credit rating risk. Credit ratings affect the pricing and other conditions under which the Repsol Group is able to obtain financing. Any downgrade in the credit rating of Repsol, S.A. could restrict or limit the Group’s access to the financial markets, increase its new borrowing costs and have a negative effect on its liquidity. Further information on the credit ratings of the Guarantor can be found on its website at www.repsol.com.

2. Risk Factors relating to the Notes

Investors are relying solely on the creditworthiness of the Issuer and the Guarantor

The Notes and the Guarantee will constitute unsubordinated and unsecured obligations of the Issuer and the Guarantor, respectively, and will rank equally among themselves and equally with all other unsubordinated and unsecured obligations of the Issuer and the Guarantor, respectively (other than obligations preferred by mandatory provisions of law). If you purchase Notes, you are relying on the creditworthiness of the Issuer and the Guarantor and no other person.

In addition, investment in the Notes involves the risk that subsequent changes in actual or perceived creditworthiness of the Issuer and the Guarantor may materially adversely affect the market value of the Notes.

Exchange rate risks and exchange controls

The principal of, or any interest on, Notes may be payable in, or determined by reference to, one or more Specified Currencies. For Noteholders whose financial activities are denominated principally in a currency or currency unit (the **Noteholder’s Currency**) other than the Specified Currency in which the related Notes are denominated, an investment in such Notes entails significant risks that are not associated with a similar investment in a Note denominated and payable in such Noteholder’s Currency.

Such risks include, without limitation, the possibility of significant changes in the rate of exchange between the applicable Specified Currency and the Noteholder’s Currency and the possibility of the imposition or modification of exchange controls by authorities with jurisdiction over such Specified Currency or the Noteholder’s Currency. Such risks generally depend on a number of factors, including financial, economic and political events over which Repsol has no control.

Government or monetary authorities have imposed from time to time, and may in the future impose, exchange controls that could affect exchange rates as well as the availability of the Specified Currency in which a Note is payable at the time of payment of the principal or interest in respect of such Note.

Liquidity risks

The Notes may not have an established trading market when issued. There can be no assurance of a secondary market for the Notes or the continued liquidity of such market if one develops. The secondary market for the Notes will be affected by a number of factors independent of the creditworthiness of the Issuer and the Guarantor, the method of calculating the principal or any interest to be paid in respect of such Notes, the time remaining to the maturity of such Notes, the outstanding amount of such Notes, any redemption features of such Notes, direction and volatility of market interest rates generally. Such factors will also affect the market value of the Notes.

In addition, certain Notes may be designed for specific investment objectives or strategies, and may therefore have a more limited secondary market and experience more price volatility than conventional debt securities. Noteholders may not be able to sell Notes readily or at prices that will enable Noteholders to realise their anticipated yield. No investor should purchase Notes unless such investor understands and is able to bear the risk that certain Notes may not be readily saleable, that the value of Notes will fluctuate over time and that such fluctuations may be significant.

The prices at which Zero Coupon Notes, as well as other instruments issued at a substantial discount from their principal amount payable at maturity, trade in the secondary market tend to fluctuate more in relation to general changes in interest rates than do such prices for conventional interest-bearing securities of comparable maturities.

Investors whose investment activities are subject to legal investment laws and regulations or to review or regulation by certain authorities may be subject to restrictions on investments in certain types of debt securities. Investors should review and consider such restrictions prior to investing in the Notes.

Return on an investment in Notes will be affected by charges incurred by investors

An investor's total return on an investment in any Notes will be affected by the level of fees charged by an agent, nominee service provider and/or clearing system used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of Notes, custody services and on payments of interest and principal. Potential investors are, therefore, advised to investigate the basis on which any such fees will be charged on the relevant Notes.

Tax consequences of holding the Notes

Potential investors should consider the tax consequences of investing in the Notes and consult their tax advisers about their own tax situation. See the section of this Base Prospectus titled "*Taxation*" below.

Change of law

The structure of the Programme and, *inter alia*, the issue of Notes and ratings assigned to Notes are based on law (including tax law) and administrative practice in effect at the date of this Base Prospectus, and having due regard to the expected tax treatment of all relevant entities under such law and administrative practice. No assurance can be given that there will not be any change to such law, tax or administrative practice after the date of this Base Prospectus, which change might impact on the Notes and the expected payments of interest and repayment of principal.

Ratings of the Notes

The ratings ascribed to the Notes, if any, reflect only the views of the rating agencies and, in assigning the ratings, the rating agencies take into consideration the credit quality of the Issuer and the Guarantor (i.e., their ability to pay their debts when due) and structural features and other aspects of the transaction. These credit ratings may not, however, fully reflect the potential impact of risks relating to structure, market or other factors discussed in this Base Prospectus on the value of the Notes.

There can be no assurance that any such ratings will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by the rating agencies (or any of them) as a result of changes in, or unavailability of, information or if, in the rating agencies' judgment, circumstances so warrant. If any rating assigned to the Notes is lowered or withdrawn, the market value of the Notes may be reduced. Future events, including events affecting the Issuer, the Guarantor, the Repsol Group and/or circumstances relating to the oil industry generally could have a material adverse impact on the ratings of the Notes.

A rating is not a recommendation to buy, sell or hold securities and will depend, among other things, on certain underlying characteristics of the business and financial position of the Issuer and/or the Guarantor, as applicable.

Risks related to the structure of a particular Tranche of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features that contain particular risks for potential investors. Set out below is a description of the most common features.

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than the prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of Notes issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional

interest-bearing Notes. Generally, the longer the remaining term of the Notes, the greater the price volatility as compared to conventional interest-bearing Notes with comparable maturities.

Specified Denominations

The Notes are issued in the Specified Denomination shown in the relevant Final Terms. Such Final Terms may also state that the Notes will be tradable in the Specified Denomination and integral multiples in excess thereof but which are smaller than the Specified Denomination. Where such Notes are traded in the clearing systems, it is possible that the clearing systems may process trades which could result in amounts being held in denominations smaller than the Specified Denomination.

If Definitive Notes are required to be issued in relation to such Notes, a holder who does not hold a principal amount of Notes at least equal to the Specified Denomination in his account at the relevant time, may not receive all of his entitlement in the form of Definitive Notes and, consequently, may not be able to receive interest or principal in respect of all of his entitlement, unless and until such time as his holding becomes at least equal to the Specified Denomination.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the **Savings Directive**), Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction (or secured for) to an individual resident (or certain entities established) in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries) subject to a procedure whereby, on meeting certain conditions, the beneficial owner of the interest (or similar income) may request that no tax be withheld.

In this respect, during the last EU Council held on 20 March 2014, Austria and Luxembourg agreed to accept new version of EU Savings Directive, which set forth automatic exchange of savings account information to tackle tax fraud in the EU. Such Directive should be transposed into national legislations before 1 January, 2016. Before the aforementioned agreements, Luxembourg had announced that it will no longer apply the withholding tax system and will provide details of payments of interest (or similar income) as from 1 January 2015.

A number of non EU countries, and certain dependent or associated territories of certain Member States, have adopted similar measures (either provision of information or withholding) in relation to payments of interest (or similar income) made by a person within their jurisdiction to (or secured for), an individual resident (or certain entities established) in a Member State. In addition, the Member States have entered into provision of information or withholding arrangements with certain of those dependent or associated territories in relation to payments of interest (or similar income) made by a person in a Member State to (or secured for), an individual resident (or certain entities established) in one of those territories.

The ECOFIN Council has approved a mandate for the European Commission to negotiate amendments to the arrangements with the above-mentioned non EU countries to ensure they continue to apply equivalent measures in view of the European Commission's proposal to make certain amendments to the EU Council Directive 2003/48/EC that was adopted by the Council of the EU on 24 March 2014. The amendments to EU Council Directive 2003/48/EC, which amend and broaden its scope, have to be applied from the first day of the third calendar year following the calendar year in which they come into force. The above-mentioned equivalent measures may also, if agreed, result in the scope of the arrangements with non EU countries being amended or broadened. If a payment were to be made or collected through a Member State which has opted for a withholding system pursuant to the Savings Directive and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the

imposition of such withholding tax. The Issuer is required to maintain a Paying Agent in a Member State that is not obliged to withhold or deduct tax pursuant to the Savings Directive.

U.S. Foreign Account Tax Compliance Withholding Act

Whilst the Notes are in global form and held within Euroclear Bank SA/NV and Clearstream Banking, société anonyme (together, the **ICSDs**), in all but the most remote circumstances, it is not expected that Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended, or regulations and other authoritative guidance thereunder (**FATCA**) will affect the amount of any payment received by the clearing systems. However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding and the relevant Notes are treated, for U.S. federal tax purposes, either as equity instruments or as issued, or materially modified, on or after the date that is six months after the publication of final regulations defining the term “foreign passthru payments” for the purposes of FATCA. FATCA may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of FATCA withholding, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Prospective investors should choose custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. Prospective investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them. Pursuant to the terms and conditions of the Notes, the Issuer’s obligations under the Notes are discharged once payment has been made to the order of the common depositary or common safekeeper for the ICSDs (as holder of the Notes) and none of the Issuer or the Guarantor has therefore any responsibility for any amount thereafter transmitted through the ICSDs and custodians or intermediaries.

The proposed European financial transactions tax

The European Commission published in February 2013 a proposal for a Directive for a common financial transaction tax (**FTT**) in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the participating Member States).

The proposed FTT had very broad scope and could, if introduced in its current form, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the current proposals the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States and is the subject of legal challenge. In this respect, latest news came up in February 2014 from EU-11 Finance Ministers meeting suggests that a new approach was reached in order to reduce the initial scope of FTT and constrain it to certain transaction related to listed shares, although it cannot be disregarded that further modifications about FTT scope could arise in the forthcoming months. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate and Member States mentioned above may decide not to participate. Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference into this Base Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured and appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Modification, waivers and substitution

The conditions of the Notes contain provisions for the calling of meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The conditions of the Notes also provide that the Trustee may, without the consent of Noteholders, agree to (i) any modification of, or to the waiver or authorisation of, any breach or proposed breach of any of the provisions of Notes, or (ii) determine without the consent of the Noteholders that any Event of Default or potential Event of Default shall not be treated as such, or (iii) the substitution of another company as principal debtor under any Notes in place of the Issuer, in the circumstances described in Condition 11.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing, and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should also consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

⁽¹⁾ The Guarantor's Preview of interim condensed consolidated income statement for the three months ended 31 March 2014 contains the consolidated financial statements prepared under International Financial Reporting Standards (IFRS), and other operational and financial information of the Group, prepared and disclosed in accordance with the criteria explained in section “Basis of preparation of the financial information”.

The base prospectuses dated 25 October 2012 and 27 October 2011 are not incorporated by reference, save for the terms and conditions set out in them. Apart from this information, the remainder of the base prospectuses dated 25 October 2012 and 27 October 2011 is either not relevant to investors or is covered elsewhere in this Base Prospectus.

Any statement contained in a document that is incorporated by reference herein shall be deemed to be modified or superseded for the purpose of this Base Prospectus to the extent that a statement contained herein modifies or supersedes such earlier statement. In addition, any statement contained herein or in a document that is incorporated by reference herein shall be deemed to be modified or superseded for the purpose of this Base Prospectus to the extent that a statement contained in any Supplement to the Base Prospectus, or in any document which is subsequently incorporated by reference herein by way of such supplement, modifies or supersedes such earlier statement. Any statement so modified or superseded shall not, except as so modified or superseded, constitute a part of this Base Prospectus.

The information incorporated by reference that is not included in the cross-reference list is considered as additional information and is not required by the relevant schedules of the Commission Regulation (EC) 809/2004.

Pursuant to Spanish regulatory requirements, the audited consolidated financial statements of the Guarantor are required to be accompanied by the respective Consolidated Management Reports. These Consolidated Management Reports are incorporated by reference in this Base Prospectus only in order to

comply with such regulatory requirements. Investors are strongly cautioned that the Consolidated Management Reports contain information as of various historical dates and do not contain a full description of the Group's business, affairs or results. The information contained in the Consolidated Management Reports has been neither audited nor prepared for the specific purpose of the Programme. Accordingly, the Consolidated Management Reports should be read together with the other sections of this Base Prospectus, and in particular the section "*Risk Factors*". Any information contained in the Consolidated Management Reports shall be deemed to be modified or superseded by any information elsewhere in the Base Prospectus that is subsequent to or inconsistent with it. Furthermore, the Consolidated Management Reports include certain forward-looking statements that are subject to inherent uncertainty (see "*Forward-Looking Statements*"). Accordingly, investors are cautioned not to rely upon the information contained in such Consolidated Management Reports.

Description:	Guaranteed Euro Medium Term Note Programme
Size:	Up to €10,000,000,000 (or the equivalent in other currencies at the date of issue) aggregate nominal amount of Notes outstanding at any one time. The Issuer may increase the size of the Programme in accordance with the terms of the Dealer Agreement (as defined in the section entitled “ <i>Subscription and Sale</i> ” below).
Arranger:	Merrill Lynch International
Dealers:	Banco Bilbao Vizcaya Argentaria, S.A. Banco Santander, S.A. BNP PARIBAS CaixaBank, S.A. Citigroup Global Markets Limited Deutsche Bank AG, London Branch Goldman Sachs International J.P. Morgan Securities plc Merrill Lynch International Morgan Stanley & Co. International plc UBS Limited UniCredit Bank AG
	The Issuer may from time to time terminate the appointment of any dealer under the Programme or appoint additional dealers either in respect of one or more Tranches or in respect of the whole Programme. References in this Base Prospectus to Permanent Dealers are to the persons listed above as Dealers and to such additional persons that are appointed as dealers in respect of the whole Programme (and whose appointment has not been terminated) and to Dealers are to all Permanent Dealers and all persons appointed as a dealer in respect of one or more Tranches.
Trustee:	Citicorp Trustee Company Limited
Issuing and Paying Agent:	Citibank, N.A., London Branch
Certain Restrictions:	Each issue of Notes denominated in a currency in respect of which particular laws, guidelines, regulations, restrictions or reporting requirements apply will only be issued in circumstances which

comply with such laws, guidelines, regulations, restrictions or reporting requirements from time to time (see “*Subscription and Sale*” below) including the following restrictions applicable at the date of this Base Prospectus.

Notes having a maturity of less than one year:

Notes having a maturity of less than one year will, if the proceeds of the issue are accepted in the United Kingdom, constitute deposits for the purposes of the prohibition on accepting deposits contained in section 19 of the Financial Services and Markets Act 2000 unless they are issued to a limited class of professional investors and have a denomination of at least £100,000 or its equivalent, see “*Subscription and Sale*”.

Method of Issue:

The Notes will be issued on a syndicated or non-syndicated basis. The Notes will be issued in series (each a **Series**) having one or more issue dates and on terms otherwise identical to (or identical other than in respect of the first payment of interest) the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in one or more tranches (each a **Tranche**) on the same or different issue dates. Each Tranche of Notes will be issued on the terms set out herein under “Terms and Conditions of the Notes” (the **Conditions**), save where the first Tranche of an issue which is being increased was issued under a base prospectus with an earlier date, in which case the Notes will be issued on the terms set forth in that base prospectus. The specific terms of each Tranche will be set forth in the final terms for such Tranche (the **Final Terms**).

Issue Price:

Notes may be issued at their nominal amount or at a discount or premium to their nominal amount.

The price and amount of Notes to be issued under the Programme will be determined by the Issuer and each relevant Dealer at the time of issue in accordance with prevailing market conditions.

Form of Notes:

The Notes may be issued in bearer form only. Each Tranche of Notes will be represented on issue by a Temporary Global Note if (i) definitive Notes are to be made available to Noteholders following the expiry of 40 days after their issue date or (ii) such Notes have an initial maturity of more than one year and are being issued in compliance with the D Rules (as defined in “*Selling Restrictions*” in this section “*General Description of the Programme*”), otherwise such Tranche will be represented by a Permanent Global Note.

Clearing Systems:

Clearstream, Luxembourg, Euroclear and, in relation to any Tranche, such other clearing system as may be agreed between the Issuer, the Guarantor, the Issuing and Paying Agent, the Trustee and the relevant Dealer.

Initial Delivery of Notes:

If the Global Note is intended to be issued in NGN form, the Global Note representing Notes will, on or before the issue date for each Tranche, be delivered to a Common Safekeeper for Euroclear and Clearstream, Luxembourg. If the Global Note is not intended to be issued in NGN form, the Global Note representing Notes may (or, in the case of Notes listed on the official list of the

Luxembourg Stock Exchange, will), on or before the issue date for each Tranche, be deposited with a common depository for Euroclear and/or Clearstream, Luxembourg. Global Notes relating to Notes that are not listed on the official list of the Luxembourg Stock Exchange may also be deposited with any other clearing system or may be delivered outside any clearing system provided that the method of such delivery has been agreed in advance by the Issuer, the Guarantor, the Issuing and Paying Agent, the Trustee and the relevant Dealer.

Currencies: Subject to compliance with all relevant laws, regulations and directives, Notes may be issued in any currency agreed between the Issuer, the Guarantor and the relevant Dealer(s).

Maturities: Subject to compliance with all relevant laws, regulations and directives, any maturity from one month from the date of original issue.

Specified Denomination: Definitive Notes will be in such denominations as may be specified in the relevant Final Terms, save that: (i) the minimum denomination of each Note will be such amount as may be allowed or required, from time to time, by the relevant regulatory authority or any laws or regulations applicable to the relevant Specified Currency; and (ii) the minimum denomination of each Note admitted to trading on a regulated market within the European Economic Area (EEA) or offered to the public in a Member State of the EEA in circumstances which would otherwise require the publication of a prospectus under the Prospectus Directive will be €100,000 (or its equivalent in any other currency as at the date of issue of the Notes).

So long as the Notes are represented by a Temporary Global Note or Permanent Global Note and the relevant clearing system(s) so permit, the Notes will be tradable as follows: (a) if the Specified Denomination stated in the relevant Final Terms is €100,000 (or its equivalent in another currency), in the authorised denomination of €100,000 (or its equivalent in another currency) and integral multiples of €100,000 (or its equivalent in another currency) thereafter, or (b) if the Specified Denomination stated in the relevant Final Terms is €100,000 (or its equivalent in another currency) and integral multiples of €1,000 (or its equivalent in another currency) in excess thereof, in the minimum authorised denomination of €100,000 (or its equivalent in another currency) and higher integral multiples of €1,000 (or its equivalent in another currency), notwithstanding that no definitive notes will be issued with a denomination above €99,000 (or its equivalent in another currency).

Fixed Rate Notes: Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.

Floating Rate Notes: Floating Rate Notes will bear interest determined separately for each Series as follows:

(i) on the same basis as the floating rate under a notional

interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the issue date of the first Tranche of a Series; or

- (ii) by reference to LIBOR, LIBID, LIMEAN or EURIBOR as adjusted for any applicable margin.

Interest periods will be specified in the relevant Final Terms.

Zero Coupon Notes:

Zero Coupon Notes may be issued at their nominal amount or at a discount to it and will not bear interest.

Interest Periods and Interest Rates:

The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period.

Redemption:

The relevant Final Terms will specify the redemption amounts payable. Unless permitted by then current laws and regulations, Notes (including Notes denominated in Sterling) which have a maturity of less than one year and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue would otherwise constitute a contravention of Section 19 of the Financial Services and Markets Act 2000, must have a minimum redemption amount of £100,000 (or its equivalent in other currencies).

Redemption by Instalments:

The Final Terms issued in respect of each issue of Notes that are redeemable in two or more instalments will set out the dates on which, and the amounts in which, such Notes may be redeemed.

Optional Redemption:

The Final Terms issued in respect of each issue of Notes will state whether such Notes may be redeemed prior to their stated maturity at the option of the Issuer (either in whole or in part) and/or the holders.

For so long as all of the Notes are represented by one or both of the Global Notes and such Global Note(s) is/are held on behalf of Euroclear and/or Clearstream, Luxembourg, no selection of Notes to be redeemed will be required under the Conditions in the event that the Issuer exercises its option pursuant to Condition 5(d) in respect of less than the aggregate principal amount of the Notes outstanding at such time. In such event, the partial redemption will be effected in accordance with the rules and procedures of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion).

Risk Factors:

The section titled “*Risk Factors*” of this Base Prospectus sets out, among other things, certain factors that may affect the Issuer’s and/or the Guarantor’s ability to fulfil their respective obligations

under Notes issued under the Programme and certain other factors that are material for the purpose of assessing the market risks associated with such Notes.

Status of Notes:

The Notes and the guarantee in respect of them will constitute unsubordinated and unsecured obligations of the Issuer and the Guarantor, respectively, all as described in “*Terms and Conditions of the Notes—Guarantee and Status*”.

Negative Pledge:

See “*Terms and Conditions of the Notes—Negative Pledge*”.

Cross Default:

See “*Terms and Conditions of the Notes—Events of Default*”.

Early Redemption:

Except as provided in “*Optional Redemption*” above, Notes will be redeemable at the option of the Issuer prior to maturity only for tax reasons. See “*Terms and Conditions of the Notes—Redemption, Purchase and Options*”.

Withholding Tax:

All payments of principal and interest in respect of the Notes will be made free and clear of withholding taxes of The Netherlands and the Kingdom of Spain, subject to customary exceptions (including the ICMA Standard EU Exceptions). All payments in respect of the Notes will be made subject to any withholding or deduction required pursuant to FATCA (as defined below), any regulations or agreements thereunder, official interpretations thereof, or law implementing an intergovernmental approach thereto, and no additional amounts shall be payable on account of any such withholding or deduction. See “*Risk Factors—U.S. Foreign Account Tax Compliance Withholding Act*” and “*Terms and Conditions of the Notes—7. Taxation*”.

Governing Law:

English.

Listing and Admission to Trading:

Application has been made to the Luxembourg Stock Exchange for Notes issued under the Programme to be admitted to trading on the Luxembourg Stock Exchange’s regulated market and to be listed on the official list of the Luxembourg Stock Exchange or as otherwise specified in the relevant Final Terms. As specified in the relevant Final Terms, a Series of Notes may be unlisted.

Selling Restrictions:

United States, the EEA, United Kingdom, Spain, The Netherlands, Japan, Switzerland, Hong Kong, Singapore and the Republic of Italy. See “*Subscription and Sale*”.

The Notes are Category 2 for the purposes of Regulation S under the Securities Act.

The Notes will be issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(D) (the **D Rules**) unless (i) the relevant Final Terms state that Notes are issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(C) (the **C Rules**) or (ii) the Notes are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Notes will not constitute “registration required obligations” under the United States Tax Equity and Fiscal Responsibility Act of 1982 (**TEFRA**), which circumstances will be referred to in the relevant Final Terms as a transaction to

which TEFRA is not applicable.

Rating:

Tranches of Notes issued under the Programme may be rated or unrated. Where a Tranche of Notes is rated, such rating will be specified in the relevant Final Terms.

A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Whether or not a rating in relation to any Tranche of Notes will be treated as having been issued by a credit rating agency established in the European Union and registered under the CRA Regulation will be disclosed in the relevant Final Terms. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation unless (1) the rating is provided by a credit rating agency operating in the European Union before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration is not refused or (2) the rating is provided by a credit rating agency not established in the EEA but is endorsed by a credit rating agency established in the EEA and registered under the CRA Regulation or (3) the rating is provided by a credit rating agency not established in the EEA which is certified under the CRA Regulation.

USE OF PROCEEDS

The net proceeds of the issue of Notes under the Programme will be on-lent by the Issuer to, or invested by the Issuer in, other companies within the Repsol Group for use by such companies for their general corporate purposes.

INFORMATION ON REPSOL INTERNATIONAL FINANCE B.V.

History

The Issuer, Repsol International Finance B.V., was incorporated in The Netherlands on 20 December 1990 as a limited liability company (*besloten vennootschap met beperkte aansprakelijkheid*) for an indefinite duration pursuant to the laws of The Netherlands, under which it now operates.

The Issuer is registered in the Dutch Chamber of Commerce under number 24251372. The Issuer is domiciled in The Netherlands and its registered office and principal place of business is Koninginnegracht 19, 2514 AB The Hague, The Netherlands, and its telephone number is +31 70 3141611.

Principal activities

The principal activity of the Issuer is to finance the business operations of the Repsol Group. The Issuer may, from time to time, obtain financing, including through loans or issuing other securities, which securities may rank *pari passu* with the Notes (see “*Terms and Conditions of the Notes—3. Negative Pledge*” below).

Organisational structure

As its direct wholly-owned subsidiary, the Issuer is owned and controlled by the Guarantor.

As at the date of this Base Prospectus, the Issuer holds the following investments:

	Percentage ownership
	%
Occidental de Colombia LLC., Delaware	25.00
Repsol International Capital, Ltd., Cayman Islands.....	100.00
Repsol Netherlands Finance BV., The Hague.....	66.50
Repsol Investerings, BV., The Hague.....	100.00
Repsol Capital, S.L., Madrid	99.99

Administrative, management and supervisory bodies

As of the date of this Base Prospectus, the directors of the Issuer are:

<i>Name</i>	<i>Function</i>	<i>Principal activities outside Repsol</i>
<i>Godfried Arthur Leonard Rupert Diepenhorst</i>	<i>Director</i>	<i>On the management board of two holding and finance companies in The Netherlands, DCC International Holdings B.V. and MKS Holding B.V. as well as on the Board of Directors of seven subsidiaries of DCC Group. Honorary Consul of the Republic of Mauritius in The Netherlands.</i>
<i>Francisco Javier Sanz Cedrón</i>	<i>Director</i>	<i>N/A</i>
<i>María Lourdes González – Poveda</i>	<i>Director</i>	<i>N/A</i>
<i>Francisco Javier Nogales Aranguéz</i>	<i>Director</i>	<i>N/A</i>

The business address of each of the directors is Koninginnegracht 19, 2514 AB The Hague, The Netherlands.

There are no conflicts of interest between any duties owed by the directors of the Issuer to the Issuer and their respective private interests and/or other duties.

The Issuer's board of directors took into consideration the enactment into Dutch Law of the EU Directive 2006/43/EU by a Royal Decree of July 2008 and the obligation on the Issuer to establish an Audit Committee due to the fact that the Issuer is considered a "public interest organisation". In this regard, the board of directors resolved to delegate the public governance compliance obligations as regards the Issuer in respect of article 2, section 3, sub a to d of the Decree to the Audit and Control Committee of its parent company, Repsol, S.A. See "*Business Description—Directors, Senior Management and Employees—Directors and Officers of Repsol—Audit and Control Committee (Comisión de Auditoría y Control)*". As a result, the auditors of the Issuer report to the Guarantor's Audit and Control Committee at least annually with regard to: (i) their key findings and the most important matters considered during the audit of the financial statements of the Issuer, and (ii) any deficiencies observed by the auditors in the Issuer's internal controls and any recommendations they have with regard thereto. The auditors also confirm to the Audit and Control Committee their independence as auditors of the Issuer and provide details of the fees received from the Issuer, describing the nature of the services provided.

Selected non-consolidated financial information

The audited non-consolidated financial statements of the Issuer, including the notes to such financial statements and the auditors' reports thereon, for the years ended 31 December 2013 and 2012, have each been filed with the CSSF and are deemed to be incorporated by reference in, and to form part of, this Base Prospectus (see "*Documents Incorporated by Reference*" above).

The selected non-consolidated financial data set forth below should be read in conjunction with such audited non-consolidated financial statements.

(1) *The financial information expressed in euro is presented for the convenience of the reader and is translated from U.S. dollars at the EUR / U.S.\$ Fixing Rate which appeared on Reuters Screen ECB37 at approximately 2.15 p.m., Central European Time on 31 December 2013 and 2012, which were €0.7251 and €0.7579 per U.S. dollar, respectively. The translated amounts should not be construed as a representation that U.S. dollars have been, could have been, or could in the future be, converted into euro at these or any other rates of exchange.*

The non-consolidated financial statements of the Issuer are prepared in accordance with Dutch GAAP.

One of the Issuer's subsidiaries, Repsol Capital, S.L. (formerly known as Repsol YPF Capital, S.L.), directly and indirectly held on 31 December 2013 6.67% of the share capital of YPF S.A. The expected recoverable value of the Issuer's shares in Repsol Capital, S.L. at that date was higher than its carrying value and, therefore, no impact has to be recognised in its financial statements due to the expropriation process over the shares of YPF S.A. held by Repsol Capital, S.L. For an overview of the events and relevant laws related to the expropriation of YPF, see "*Business Description—Recent Developments—Agreement with Argentina*" and "*Sale of remaining interest in YPF*" below, and for an overview of certain legal actions that have been initiated by Repsol in response to the expropriation, see "*YPF Expropriation—Main procedures initiated as a consequence of the expropriation of the Group's shares in YPF S.A. and YPF Gas S.A.*" in the section "*Legal and Arbitration Proceedings*".

As the Issuer holds participations in certain subsidiaries, its income from dividends can vary in the ordinary course of business between financial periods in line with the financial performance of these subsidiaries.

During the period starting on 1 January 2014 through 31 March 2014, income before tax decreased by U.S.\$5.1 million compared to the same period of the previous year due to a positive exchange difference in 2013 related to an intercompany balance and lower interest margin during 2014.

Reconciliation between Dutch GAAP and EU-IFRS

Under generally accepted accounting principles in The Netherlands (**Dutch GAAP**), transaction costs that are directly attributable to the issue of notes are deferred and amortised using the straight-line method as opposed to the effective interest method used under International Financial Reporting Standards (**IFRS**), as adopted by the European Union (**EU-IFRS**). As at 31 December 2013, the recognition of the notes at amortised cost, as required under IFRS, had the effect of increasing equity by approximately U.S.\$3 million.

As applied to the Issuer, there are no other material differences between Dutch GAAP and IFRS.

INFORMATION ON REPSOL, S.A.

Overview

Repsol, S.A. is a limited liability company (*sociedad anónima*) duly incorporated on 12 November 1986 under the laws of the Kingdom of Spain, under which it now operates.

The company's full name is Repsol, S.A., sometimes shortened to "Repsol" within a commercial context.

Repsol is registered with the Commercial Register of Madrid under page number M-65289, and its tax identification number is A-78/374725. Repsol, S.A. is domiciled in Spain and its registered office and principal place of business is Calle Méndez Álvaro, 44, 28045 Madrid, Spain, and its telephone number is (+34) 91 753 8000. The Shareholder Information Office is at the Guarantor's registered office. Its telephone number is (+34) 900 100 100.

Repsol, S.A. is an integrated oil and gas company that operates in all business segments of the hydrocarbons sector, including exploration, development and production of crude oil and natural gas, transport of petroleum products, liquefied petroleum gases (**LPG**) and natural gas, refining, production of a wide range of petroleum products, petroleum by-products, and petrochemicals, LPG and natural gas products, along with electricity generation, transport, distribution and marketing activities.

Repsol began operations in October 1987 as part of a reorganisation of the oil and gas businesses then owned by Instituto Nacional de Hidrocarburos, a Spanish government agency which acted as a holding company of government-owned oil and gas businesses. In April 1997, the Spanish government sold in a global public offering its entire remaining participation in Repsol.

During 1999, and as part of its international growth strategy, Repsol acquired 99% of YPF S.A., a leading Argentinian petroleum company engaged in all businesses within the integrated value chain of oil and gas activities and the former state oil and gas monopolist in Argentina.

On 7 May 2012, Law 26,741 was published in Argentina's Official State Gazette, becoming effective on the same day, and declaring of public interest and subject to expropriation (i) 51% of YPF S.A. represented by an equal percentage of "Class D" shares of YPF S.A. held, directly or indirectly, by Repsol and its affiliates, and (ii) 51% of YPF Gas S.A., represented by 60% of "Class A" shares of YPF Gas S.A. held by Repsol Butano, S.A. and its affiliates. For an overview of the events and relevant laws related to the expropriation of YPF and the Agreement with Argentina, see section "*Business Description—Material Contracts—Agreement with Argentina*" below, and for an overview of the status of certain legal actions that have been initiated by Repsol in response to the expropriation, see "*YPF Expropriation—Main procedures initiated as a consequence of the expropriation of the Group's shares in YPF S.A. and YPF Gas S.A.*" in the section "*Legal and Arbitration Proceedings*" and section "*Business Description—Material Contracts—Agreement with Argentina*" and for an overview of other recent developments, see section "*Business Description—Recent developments*". For further information see also note 4 in the Group's consolidated financial statements as of and for the year ended 31 December 2013, which are incorporated by reference into this Base Prospectus.

On 26 February 2013, Repsol signed an agreement with the Shell Group to sell part of its liquefied natural gas (**LNG**) assets and businesses, which was completed in three separate transactions in October and December 2013 and January 2014.

Principal activities

For a description of the principal activities of Repsol, please refer to the section entitled “*Business Description*” in this Base Prospectus.

Business segments of Repsol

Repsol currently operates the following business segments:

- **Upstream**, which is responsible for oil and gas exploration and production activities.
- **Downstream**, which is responsible for refining and commercialisation of oil products, petrochemicals products, LPG as well as the commercialisation of natural gas and LNG. This segment also includes the activities corresponding to the midstream phase (transportation and regasification of natural gas) and renewable energy power projects.
- **Gas Natural Fenosa**, which corresponds to Repsol’s stake in the Gas Natural Fenosa group.

While Repsol operates in over 40 countries, it has a unified global corporate structure with headquarters in Madrid, Spain.

Below is a list of the significant investee companies of the Repsol Group as at 31 December 2013, including the country of incorporation, main activities and the direct or indirect ownership interest of the Guarantor in such investee companies. There is no difference between the percentage of the share capital held in each of the investee companies listed below and the percentage of voting rights controlled.

For 2012, this heading includes the operating income generated by these assets and businesses.

BUSINESS DESCRIPTION

1. Strategy of Repsol

On 29 May 2012, Repsol presented its strategic plan for the period 2012 to 2016 to analysts, institutional investors, employees and the market (the **Strategic Plan**).

In recent years, Repsol has consolidated a growth strategy enabling the development of new business lines, diversifying its portfolio of assets and incorporating key projects that currently support its position in the global energy sector.

The strategy of Repsol is based on:

- Upstream growth: focusing on exploration, and with high growth targets for production and reserves.
- Maximising the return from capital from Downstream: through operational efforts following the implementation of the projects to upgrade Cartagena and Petronor.
- Financial strength.
- Competitive shareholder compensation.

One of the fundamental elements of Repsol's strategy is the integrated development of its Upstream and Downstream businesses. Repsol believes this integration translates into clear corporate and portfolio synergies and advantages:

- Providing Repsol with sufficient scale to be able to tackle its growth strategy, especially given the growing size and risk of major projects in the sector.
- Contributing to more stable profits, facilitating fulfilment of objectives for both financial stability and shareholder remuneration.
- Ensuring greater risk diversification, given the specific risk profiles of the Upstream and Downstream businesses.
- Providing Repsol with the cash flow for its Strategic Plan and investment programme, taking into account the different investment and cash generation cycles of the Upstream and Downstream businesses.
- Allowing Repsol to access a larger portfolio of investment opportunities allowing it to select the most attractive opportunities from time to time, thus optimising capital assignment between businesses.

There are also various operational synergies and advantages arising from the integration of the Upstream and Downstream businesses, the most significant of which are:

- Commercial and technical synergies based on the growing operational convergence of technical capabilities and commercial synergies between the Upstream and Downstream projects.

- Possibility of sharing technical resources, maximising the use of human resource capabilities, enhancing technical talent and encouraging the transfer of experts between these two businesses.
- Development opportunities in which the know-how and presence of both businesses is valued.
- Significant cost savings in corporate and support functions, which optimise their expenditure by providing joint services to the Upstream and Downstream businesses.

(1) **Upstream**

Exploration and production activities are Repsol's growth engine. Repsol believes that its commitment to innovation has been instrumental in its recent exploratory success.

Since 2008, Repsol has made over 30 discoveries, including six of the largest annual findings in the world, according to IHS Inc.

The estimated investment in Upstream during the period of the Strategic Plan is of an annual average of €2,900 million. This investment represents about 77% of the Repsol Group's total forecasted investments. To carry out this investment commitment, Repsol has focused on ten key projects located in Brazil, the United States, Russia, Spain, Venezuela, Peru, Bolivia and Algeria, involving a total combined investment of €6,700 million. Five of these major projects (Mid Continent, Margarita, Sapinhoá, Lubina-Montanazo and Russia) are already producing and contributing to Repsol's production growth target. Furthermore, Carabobo registered its first early production in late 2012.

In addition to these key projects, Repsol is continuing with its plans for contingent resource discoveries, particularly in the United States (Alaska and Gulf of Mexico), Brazil, Peru, Libya and Russia. Exploration investment during the period of the Strategic Plan is expected to involve an average annual investment of around U.S.\$ 1,000 million which includes the drilling of 25 to 30 exploration wells per year.

Repsol intends to reach the specific targets it has set out in the Strategic Plan relating to annual growth in production, average reserve replacement ratio and average annual addition to contingent resources) through focussing on the area of exploration and development.

(2) **Downstream**

The Downstream area, following completion of a period of asset investment, has again begun to generate net cash for Repsol.

In 2012, expansions were commissioned at Cartagena and Petronor, which have increased Repsol's conversion capacity and operational efficiency of the refining system. These expansions are expected to generate an improved refining margin throughout Repsol's refineries in Spain, thus improving the efficiency of our assets.

These expansions are expected to generate an improved refining margin processed throughout Repsol's refineries in Spain, thus improving the efficiency of Repsol's assets.

The average investment in the Downstream business for the period of the Strategic Plan stands at €750 million per year, and essentially consists of the maintenance of industrial and commercial facilities and improvements in energy and operational efficiency, representing a reduction of 60% of the average annual investment over the 2008 to 2011 period.

(3) **Financial strength**

Repsol is committed to maintaining its credit rating, achieving high liquidity and performing selective divestments during the period of the Strategic Plan, with the aim of achieving a self-financed investment plan.

(4) **Competitive remuneration for shareholders**

Repsol believes that its financial strength allows it to offer shareholders competitive remuneration, thus continuing a policy of creating value for shareholders through dividends, supported by the Flexible Compensation Plan. For further information in relation strategy of Repsol, see Item 4 “*Results, Financial Overview & Our Shareholder Remuneration*” of the Consolidated Management Report 2013 incorporated by reference into this Base Prospectus.

2. Economic and operating information

All of the economic and operating historical information presented below as of and for years ended 31 December 2013 and 2012 has been extracted from the historical audited consolidated financial statements of the Repsol Group for the years ended 31 December 2013 and 2012 and should be read in conjunction with such financial statements and the corresponding Consolidated Management Reports, which are incorporated by reference into, and form part of, this Base Prospectus.

3. Operations

Set forth below is a description of Repsol's principal activities by current business segment.

Upstream

Upstream includes the exploration and production of crude oil and natural gas in different parts of the world. The Repsol Upstream division manages its project portfolio with the objective of achieving profitable, diversified and sustainable growth, with a commitment to safety and the environment. Its strategy is underpinned by the following objectives: increasing production and reserves, diversifying its business geographically by increasing its presence in Organisation for Economic Co-operation and Development (OECD) countries, achieving operating excellence and maximising the profitability of its assets.

Geographically, the Upstream division's strategy is based on key traditional regions, located in Latin America (mainly Trinidad and Tobago, Peru, Venezuela, Bolivia, Colombia and Ecuador) and in North Africa (Algeria and Libya), as well as in strategic areas for short and medium-term growth that have been consolidated in recent years. Among the latter areas, particularly important are the U.S. Gulf of Mexico (with the important Shenzi field, in operation since 2009, and the non-conventional assets in the Mississippian Lime which started to add production to the Group since the first half of 2012) and offshore fields in Brazil (mainly the Sapinhoá field which came on-stream in January 2013 and the Carioca field), Bolivia (the first phase of the Margarita-Huacaya project came on-stream in 2012 and the second phase was officially opened in October 2013) and Russia where in January 2013 the process of formation of the joint venture AROG (51% Alliance Oil and 49% Repsol) was successfully completed and in February 2013, the field Syskonsyninskoye (SK) came on-stream.

In addition, strategic growth in the short to medium-term could be bolstered by major oil and gas projects currently being developed in Peru (Kinteroni field started to produce in March 2014), Venezuela, Algeria and Brazil and, in the longer term, by the increasingly important asset portfolio in Alaska, Norway, Canada, West Africa and Indonesia.

As of 31 December 2013, Repsol, through its Upstream segment, had oil and gas exploration and/or production interests in 31 countries, either directly or through its subsidiaries, and Repsol acted as operator in 25 of them.

Downstream

Repsol's Downstream businesses engage refining and commercialisation of oil products, petrochemicals products, liquefied petroleum gas, as well as the commercialisation of natural gas and liquefied natural gas. Also includes the activities corresponding to the midstream phase (transportation and regasification of natural gas) and renewable energy power projects

Repsol is the leader in the Spanish market and conducts refining activities in two countries (Spain and Peru) and distribution and marketing activities through its own personnel and facilities in four countries (Spain, Portugal, Peru and Italy). Additionally the Group maintains its regasification and transport assets and its marketing businesses in North America.

Gas Natural Fenosa

Repsol reports activities undertaken by Gas Natural Fenosa and its affiliates under a separate segment.

Repsol is involved, through Gas Natural Fenosa, mainly in the natural gas and electricity sectors, operating in 25 countries. In the natural gas sector, Gas Natural Fenosa is engaged in the supply, storage,

transportation, distribution and marketing of natural gas. In the electricity sector, it is engaged in electricity generation, commercialisation and the distribution sector.

As of the date of this Base Prospectus, Repsol has a 30.00% interest in Gas Natural SDG, S.A.

4. Performance of the business during the year ended 31 December 2013

The adjusted results (see footnote to the table) of the Repsol Group for years ended 31 December 2013 and 2012 are set forth in the table below:

Net income for the period from discontinued operations attributable to the parent	(1,322)	170
Total net income attributable to the parent	195	2,060

Note:

The “adjusted” results have been prepared considering that the amounts related to the LNG assets and businesses subject-matter of the sale (see section “—Recent Developments—Completion of the sale of the LNG assets and businesses”) form part of the results of continuing operations. Appendix I of the Consolidated Management Report 2013 which is incorporated by reference into, and forms part of this Base Prospectus, includes an EU-IFRS compliant breakdown of the adjusted income reconciliation statement explained in this section.

From a macro-economic point of view, the main factors that have influenced the results in 2013 have been the sustained depreciation of the dollar against the euro and the weak global economic recovery. In this context, weak demand in southern Europe has negatively affected margins in the industrial business areas as well as domestic sales of our commercial businesses. With regard to the Group's Upstream business, there has been an increase in production, despite production disruptions in Libya. In the LNG business, the sale of part of the Group's LNG assets to Shell was successfully completed, with a gain of €1,540 million. Finally, it should be noted that, applying a conservative valuation criteria, a significant effort has been made in the extraordinary write-downs of assets from the LNG and YPF businesses, with a global negative impact on results of €3,266 million before tax.

Operating income from continued operations in 2013 amounted to €3,343 million, which represents a decrease of 22% in the same period of 2012 (€4,286 million). Adjusted EBITDA reached €6,230 million in 2013, compared to €6,956 million for the year 2012.

The net financial adjusted result in 2013 amounted to €814 million in spending, which represents a decrease in net spending of 5% over the same period last year, highlighting the positive impact on operating results of the repurchase of preferences shares, partially compensated by the negative exchange rate differences associated primarily with the euro/dollar positions

The result from discontinued operations includes the liability for the shares of YPF S.A. and YPF Gas S.A. subject to the expropriation process which was recorded in the balance sheet as "Non-current assets held for sale subject to expropriation". At year-end 2013, in accordance with the preliminary agreement announced by the Argentinian government and the basis for the negotiation process established by Repsol, the expropriated shares were revalued to adjust their recoverable value to an estimated \$5,000 million. Therefore, an impairment in the value was recorded with a net impact on the results of €1,279 million.

Repsol's consolidated reported net income attributable to the parent for the year ended 31 December 2013 amounted to €95 million compared with €2,060 million for the same period in 2012.

Performance by business segment during the year ended 31 December 2013

Upstream

Operating income in 2013 amounted to €1,757 million, representing a decrease of 20.4% from €2,208 million in the same period of 2012. Increase in production due to the launch of the new key Strategic Plan projects (Lubina and Montanazo in Spain, Sapinhoá in Brazil, Mid-Continent in the US, AROG in Russia and Margarita in Bolivia), has been reduced by production disruptions lasting over 100 days in Libya. Additionally, results were negatively affected by higher exploration costs, higher depreciation resulting from the onset of production in the new projects and the depreciation of the dollar against the euro.

Average production in the year ended 31 December 2013 (346 thousand barrels of oil equivalent per day (**Kboepd**)) was 4% higher than in 2012 (332 Kboepd). The start-up of five of the ten major projects and the reduction in stoppages in Trinidad and Tobago have compensated for the interruption in production in Libya (which stopped for over 100 days) and the sale of 20% of block 16 in Ecuador. If Libya had operated normally, average production in 2013 would have been 8% higher than in 2012. Production was restarted in Libya on 4 January 2014.

Operating investments in this business segment for 2013 amounted to €2,317 million. Investment in development accounted for 71% of the total and took place primarily in the United States (34%), Venezuela (17%), Brazil (15%), Trinidad and Tobago (12%), Bolivia (9%) and Peru (5%). Investment in exploration represented 24% of total investment and focused primarily on the United States (26%), Brazil (21%), Norway (9%), Canada (8%), Iraq (8%) and Ireland (7%).

Downstream

Operating income in 2013 was €42 million, representing a decrease of 95.8% compared to the same period in 2012, which included €95 million from the sale of the LPG business in Chile. The most notable factors in these results are the negative impact of the European economic crisis both on refining margins and sales margins and volumes of service stations in Spain. Additionally, stagnant demand and uncertainty surrounding the growth of the economy adversely affected the outcome of the Chemicals division, which was also affected by the scheduled multi-annual shutdown of the Tarragona facilities and the restructuring of certain assets and associated costs amounting to €108 million. Finally, the variations in prices of crude oil and other products had a negative impact of €84 million. The improved results of the LPG business partially offset these changes.

The Repsol refineries processed 38.1 million tons of crude oil in 2013, representing an increase of 3% compared to 2012, due in part to the increased capacity of the Cartagena refinery. The average use of refining capacity in 2013 was 78% in Spain, higher than the 74% recorded in 2012, and compared to Peru, where the refinery use decreased from 70% in 2012 to 60% in 2013.

For the year ended 31 December 2013, operating investments in the Downstream business segment were €56 million, aimed at to operative facilities and fuel quality improvements, as well as security and environmental matters.

LNG

The adjusted operating results in 2013 amounted to €59 million, representing an increase of 79.3%. The improved results were mainly due to increased margins and volumes of LNG sold and the result obtained from the sale of LNG assets and businesses (see “—Recent Developments—Completion of the sale of the LNG assets and businesses”) with a gain of €1,540 million. These results were partially offset by provisions for impairment losses (€1,410 million) recorded in relation to the assets in Canada, which, together with other assets and marketing businesses in North America, did not form part of the sale of LNG assets and businesses (see section “—Recent Developments—Completion of the sale of the LNG assets and businesses”).

For the year ended 31 December 2013, operating investment in the LNG business segment amounted to €0 million, compared to €5 million during 2012. These investments are mainly maintenance investments.

Gas Natural Fenosa

Operating income in 2013 was €89 million compared to €20 million for the same period in 2012. This downturn was due primarily to lower results from the electricity business in Spain affected by new fiscal measures and regulations and reduced income from Unión Fenosa Gas, offset by higher wholesale gas marketing margins and better results in Latin America.

Accumulated operating investments, intended primarily for gas and electricity distribution activities, both in Spain and in Latin America, increased during 2013 to €44 million compared with €32 million during 2012. This increase was mainly due to the investment in electricity generation in Mexico and the acquisition of a 14.9% interest in Medgaz.

Corporation, adjustments and other

This heading includes corporate operating costs and activities not attributable to operating areas, as well as inter-segment consolidation adjustments. A loss of €304 million was posted in 2013, against the €90 million net losses for 2012.

Josu Jon Imaz San Miguel.

Doctorate in Chemical Sciences from the University of the Basque Country. He graduated from the Faculty of Chemical Sciences in San Sebastián. He received the End of Degree Extraordinary Prize.

In 2008, Mr. Imaz joined the Repsol Group as Chairman of its Petronor unit, where he successfully managed the challenges surrounding modernisation, sustainability and community relations.

In 2012 he joined Repsol's Management Committee and, as General Director of the Industrial and New Energy unit, completed two of the Group's most important projects in recent years: the modernisation of the Cartagena refinery, Spain's largest-ever industrial investment, at over €3.1 billion, and the construction of a new fuel-oil coking plant at Petronor's Muskiz refinery, with an investment of over €1 billion.

These two projects have had a significant effect on employment in the areas where they have been developed. The increase in production and efficiency resulting from these projects have placed both facilities amongst the most efficient in Europe and ensured their viability in an especially difficult European refining environment. These projects also generate significant resources to finance the expansion of the Group's other businesses, especially oil and gas exploration.

Under his stewardship, Repsol has increased its activity in new types of energy and energy sustainability, identifying new business opportunities, developing projects and initiatives in advanced technology, including bio-energy, renewable power and sustainable mobility. These pioneering projects are key to meet the challenges that the energy industry faces in the twenty-first century.

Before joining Repsol, Mr. Imaz was sent by the INASMET Technology Centre to the French CETIM Centre in Nantes to the development of industrial projects (Grupo Mondragón) related to the energy industry. He was also a visiting fellow at Harvard's Kennedy School in the United States.

As well as his industrial activity, Josu Jon Imaz also held political posts, including Regional Minister of Industry, Trade and Tourism of the Regional Government of the Basque Country in 1999 and Chairman of the executive committee of EAJ-PNV party between 2004 and 2007.

His professional activities outside Repsol include his post as Chairman of the Spanish Association of Petroleum Products Operators (AOP) which he has held since 2011.

Mr. Imaz was appointed Chief Executive Officer and Director of the Guarantor by the Board of Directors on 30 April 2014.

Conflicts of interest

During 2013 and at the meetings held in 2014, up to the date of this Base Prospectus, all the resolutions of the Board of Directors and of the Nomination and Compensation Committee relating to: (i) the ratification of the appointment or re-election of Board members; (ii) the appointment or re-election of members of the Board committees; and (iii) the designation of posts on the Board of Directors were adopted without the participation of the Director affected by the proposed motion. Likewise, the Executive Directors did not participate in the adoption of any Board resolution relating to their remuneration for holding office or carrying out management functions within Repsol.

Delegate Committee (Comisión Delegada)

The Delegate Committee has been permanently delegated all the powers of the Board of Directors, except those which cannot by law be delegated and those considered as such by the Regulations of the Board of Directors. The Delegate Committee meets when it is summoned by the Chairman or when requested by a majority of its members in accordance with the Regulations of the Board of Directors. The Chairman of the Board of Directors serves as the Chairman of the Delegate Committee and the Secretary of the Board serves as Secretary to the Committee.

Whenever the issue is of sufficient importance, in the opinion of the Chairman or three members of the Delegate Committee, the resolutions adopted by the Delegate Committee shall be submitted to the full Board for ratification. The same shall be applicable in any business referred by the Board to be studied by the Delegate Committee, while reserving the ultimate decision to the Board. In all other cases, the resolutions adopted by the Delegate Committee shall be valid and binding with no need for subsequent ratification by the Board. The Delegate Committee is composed by no more than nine (9) Directors. The Chairman of the Board will be in any case member of said Committee and will head it. The Secretary of the Board shall be secretary of this Committee. The favourable vote of at least two-thirds of the members of the Board of Directors currently in office shall be required to appoint members of the Delegate Committee. The Regulations that govern the Delegate Committee are set out in Repsol's By-laws and the Regulations of the Board of Directors.

Audit and Control Committee (Comisión de Auditoría y Control)

The Audit and Control Committee of the Board of Directors of Repsol was established on 27 February 1995.

The Audit and Control Committee carries out supervision, reporting, advising and proposal functions, supports the Board in its supervisory duties, including the periodic review of the preparation of economic and financial information of Repsol, executive controls, supervision of the internal audit department and the independence of the external auditors, as well as the review of compliance with all the legal provisions and internal regulations applicable to Repsol. This Committee is competent to formulate and submit proposals to the Board regarding the appointment of external auditors, extension of their appointment, their removal and the terms of their engagement. It also informs the general meeting, through its Chairman, of any issues raised by shareholders regarding matters within its competence.

Moreover, the Audit and Control Committee is also responsible for supervising the procedures and systems for recording and internal controls over the Group's hydrocarbon reserves and steers the environmental and work safety policies, guidelines and objectives of the Repsol Group.

To ensure the adequate performance of its duties, the Audit and Control Committee may obtain advice from lawyers or other independent professionals who report their findings directly to the Audit and Control Committee.

The Audit and Control Committee is composed of a minimum of three directors appointed by the Board for a four-year term. All its members shall be independent external directors and shall have the

necessary time commitment, capability and experience to perform their function. In addition, the Audit and Control Committee shall appoint one of its members to be Chairman, who must have experience in business management and familiarity with the accounting procedures. In any event, one of the Audit and Control Committee's members must have the financial experience required by the market regulatory agencies.

The Regulations that govern the Audit and Control Committee are set out in Repsol's By-laws and in the Regulations of the Board of Directors.

In 2005, the Audit and Control Committee adopted certain procedures for the receipt, retention and treatment of complaints received by Repsol regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission of concerns regarding questionable accounting or auditing matters. Communications on these matters can be sent to the Audit and Control Committee via Repsol's corporate website (www.repsol.com), and intranet (repsol.net).

Activities of the Audit and Control Committee during 2013

The Audit and Control Committee held eight meetings during 2013 and, among other activities, has performed: (i) the periodic review of the financial information; (ii) the monitoring of the annual corporate audit plan; (iii) the supervision of the internal control systems; (iv) the supervision of the efficiency and the effective operation of the registry and internal control systems and procedures in the measurement, valuation, classification and accounting of the oil and gas reserves; and (v) the oversight of the independence of the external auditors.

Nomination and Compensation Committee (Comisión de Nombramientos y Retribuciones)

The Nomination and Compensation Committee of the Board of Directors, established on 27 February 1995, is composed of a minimum of three Non-Executive Directors appointed by the Board of Directors for a four-year term. The Committee shall appoint one of its members to be Chairman, who must be an independent outside director.

The Nomination and Compensation Committee advises and reports to the Board of Directors on the selection, nomination, re-election and termination of Directors, the Managing Director, the Chairman, the Vice-Chairmen, the Secretary, the Assistant Secretary, and Directors appointed as members of Board committees. The Committee submits proposals on the Board's compensation policy and, in the case of the Executive Directors, the additional compensation for their executive duties and the other terms of their contracts. The Committee also reports on the appointment and removal of Repsol's senior executives and their general compensation and incentive policy.

The regulations that govern the Nomination and Compensation Committee are set out in the Regulations of the Board of Directors.

Strategy, Investment and Corporate Social Responsibility Committee (Comisión de Estrategia, Inversiones y Responsabilidad Social Corporativa)

The Strategy, Investment and Corporate Social Responsibility Committee is composed of a minimum of three directors appointed by the Board of Directors for a four-year term. The majority of the members of the Committee and its Chairman, who shall be appointed by the Committee from one of its members, must be Non-Executive Directors.

The Strategy, Investment and Corporate Social Responsibility Committee reports on the major figures, goals and revisions of Repsol's Strategic Plan, strategic decisions of significance to Repsol and investments in, or divestments of, assets which have been identified by the CEO as requiring the Committee's review due to their size or strategic significance.

The Committee also provides guidance on the policy, objectives and guidelines of Repsol in the area of corporate social responsibility and informs the Board of Directors on such matters.

The regulations that govern the Strategy, Investment and Corporate Social Responsibility are set out in the Regulations of the Board of Directors.

Interest of management in advances and loans

At 31 December 2013, loans by Repsol to its senior management totalled approximately €0.033 million and bore interest at an average rate of 2.80%. All such loans were granted before 2003.

7. Material Contracts

The material contracts to which the Repsol Group is a party, other than the agreements referred to in other parts of this document and agreements entered into in the ordinary course of its business, are described below.

Agreement with Argentina

On 16 April 2012, Argentina's President announced to the country the expropriation of 51% Class D shares of YPF S.A. the main Argentinian oil company, which were held by the Repsol Group. Days later, the expropriation was extended to 60% of Repsol Group's stake in the Argentinian company YPF Gas, a butane and propane gas distributor. This participation represents 51% of the share capital of YPF Gas S.A.'s share capital. In addition, on 16 April 2012, the Argentinian government ordered the takeover of the officers and members of the management committee, who were forcibly expelled and the company management was seized (Decreets 530 and 557). Meanwhile, within 21 days, an exceptional law (Law N° 26.741) was passed regarding the expropriation of YPF S.A. and YPF Gas S.A. shares held by the Repsol Group. Law 26.741, apart from declaring public interest in such shares and, therefore making them, subject to expropriation, it also set forth the temporary seizure by the National Executive Power of all the intrinsic rights associated with the portion of Repsol's shares subject to expropriation.

On 25 February 2014, the Board of Directors of the Guarantor agreed to sign the agreement reached with the Republic of Argentina, which has been called Agreement for the Amicable Settlement and Compromise of Expropriation (the **Agreement**), designed to put an end to the controversy originated by the expropriation of 51% of the equity of YPF S.A. and YPF Gas S.A. The Agreement was executed on 27 February 2014 by Repsol S.A., Repsol Capital S.L. and Repsol Butano S.A. on the one hand, and by the Republic of Argentina, on the other.

Under the terms of the Agreement, the Republic of Argentina recognises in favour of Repsol the existence of a firm and autonomous credit right and commits irrevocably to pay Repsol U.S.\$5,000 million as compensation for the expropriation of 200,589,525 Class D YPF S.A. shares and 89,755,383 Class A YPF Gas S.A. shares (the **Expropriated Shares**) and any and all other items contemplated under the Agreement (the **Compensation**), which includes the withdrawal of all legal and arbitration proceedings initiated and a reciprocal undertaking not to file new claims and includes relevant indemnity clauses and other legal guarantees to ensure the effective settlement of the Compensation. To settle the Compensation, the Republic of Argentina agreed to give Repsol U.S. dollar-denominated sovereign bonds issued by it (the **Government Bonds**). The Government Bonds provide a means for the payment of the Compensation

recognised as being due to Repsol and will be given to Repsol “*pro solvendo*”, which means that the Republic of Argentina’s payment obligation will not be extinguished by the mere delivery of the Government Bonds to Repsol but rather when Repsol collects the amount of Compensation in full, either by disposing of the Government Bonds or via repayment of the bond principal at their respective maturity dates. Repsol is entitled to receive the interest accruing on the Government Bonds for as long as it holds them.

The Agreement also includes and regulates the withdrawal by both parties of all legal and arbitration proceedings initiated by them and their subsidiaries in connection with the expropriation and preservation of the seized assets. Under the Agreement, both parties have also renounced their right to file new claims or seek damages in the future in respect of the expropriation or Repsol’s management of YPF and YPF Gas.

Effectiveness of the Agreement is subject to the following conditions precedent: (i) ratification of the Agreement by the general shareholders’ meeting of the Guarantor; (ii) full and unconditional approval of the Agreement by means of a special-purpose law sanctioned by the Argentine Congress; (iii) the lifting of certain injunctions over the Compensation and Repsol’s remaining shares in YPF S.A. and YPF Gas (that is, the shareholding not affected by the expropriation); (iv) the non-occurrence of any disruptive events (embargo, resolution, judgment or other measure that prevents or limits Repsol’s ability to collect the Compensation and/or Government Bonds, as defined in the Agreement) before closing of the Agreement; (v) the non-occurrence of any material adverse change (unilateral decision by the Republic of Argentina implying an amendment or default of Argentine sovereign debt issued after 31 December 2001); and (vi) no legal impediment on the Republic of Argentina’s ability to close and/or perform the Agreement.

The Government Bonds to be given to Repsol by the Republic of Argentina are:

1) An initial fixed portfolio with a face value of U.S.\$5,000 million, made up of:

BONAR X (listed on the Buenos Aires Stock Exchange and with maturity in 2017): U.S.\$500 million of nominal value and fixed interest rate of 7%.

Discount 33 (listed on the Buenos Aires Stock Exchange and with maturity in 2033): U.S.\$ 1,250 million of nominal value (this bond also includes approximately U.S.\$500 million of capitalised interest over which interest also accrue), and fixed interest rate of 7%.

BONAR 2024 (with a maturity of 10 years from the date of the issue): U.S.\$ 3,250 million of nominal value and fixed interest rate of 8.75%.

2) A complementary portfolio of a maximum face value of U.S.\$1,000 million, made up of:

BODEN 2015 (listed on the Buenos Aires Stock Exchange and with maturity in October 2015): U.S.\$ 400 million of nominal value and fixed interest rate of 7%.

BONAR X: U.S.\$ 300 million of nominal value.

BONAR 2024: U.S.\$300 million of nominal value.

In the event that four working days before closing of the Agreement, the market value of the initial portfolio of bonds (calculated by reference to the average value of the initial bonds within 90 days prior to the delivery, depending on the quotes provided by international financial institutions identified in the Agreement) does not amount to, at least U.S.\$ 4,670 million, the Republic of Argentina must give Repsol matching bonds, until the average market value of the initial bonds together with the matching bonds reaches that value, subject to a maximum nominal value of 1,000 million. Repsol would receive the complementary bonds in the order in which they are listed above so that it would receive shorter-dated bonds first, up to the limit set for each category.

In addition, to ensure the payment of the first three interest payments of Bonar 2024, Repsol will be the beneficiary of a specific guarantee provided by the Argentine Central Bank up to a maximum of U.S.\$ 150 million which will be in force for the first 18 months after the delivery of the Government Bonds.

Once the conditions precedent have been fulfilled, the Agreement will close when the Government Bonds being awarded to Repsol are deposited with an international securities clearinghouse. Repsol will be free to dispose of the bonds.

Repsol may not under any circumstances receive, either through repayment of the Government Bonds and/or disposal of the bonds (net of expenses with the limit of 0.8% of the price and accrued and unpaid interest), more than U.S.\$ 5,000 million. The interest that Repsol may earn from holding the Government Bonds is excluded from this cap. Once Repsol has collected the full amount of the Compensation, either by repayment of capital or by the sale of the Government Bonds, it will have to return to the Republic of Argentina's Government the Government Bonds, if any, which it still has in its possession and/or the cash received in excess. In any case, it is understood that the Republic of Argentina is released from the obligation to pay Compensation when Repsol no longer holds Government Bonds in its possession.

Among other matters, the Agreement regulates in detail the legal protection afforded to Repsol in the event of breach by the Republic of Argentina of its commitments to pay the Compensation and/or the Government Bonds on the terms stipulated, the adoption by the Republic of Argentina of any decision or action resulting in the cessation of payments, the consolidation, the conversion or the payment in any currency other than the U.S. dollar either of the Government Bonds or of the Compensation, as well as modifying any condition of the Government Bonds (**Restructuring**) or in the event of other forms of non-performance and/or disruptions in the payment(s) scheduled. In particular, if at the time of closing of the Agreement any embargo on the shares of Repsol in YPF S.A. and YPF Gas S.A., or any other disruptive measure exists, Repsol will not have an obligation to proceed with closing.

The legal protection afforded to Repsol in the event of breach by the Republic of Argentina of its payment obligations or in any other event of Restructuring, include: (i) accelerated payment (early maturity of the payment, enforceable in cash) of the outstanding Compensation due to Repsol; (ii) the accrual of late payment interest (after a 30 days cure period and until effective payment, the sum in arrears will accrue interest at an annual rate of 8.75%, plus default interest of 1.75%); and (iii) Repsol's right to retain the Government Bonds and to avail of them until the debt is settled.

The Republic of Argentina has declared and warranted to Repsol that: (i) the Compensation, insofar as intended as compensation for an expropriation, and the Government Bonds, may not be restructured or amended in any way that implies the discontinuation of payments, the consolidation, translation or payment in a currency other than the US dollar or the modification of the payment terms; otherwise the Republic of Argentina has undertaken to hold Repsol harmless in the event of any such changes; and (ii) Repsol's rights under the Agreement will be protected under the bilateral investment treaty between Spain and Argentine (the **APPRI**), specifically representing that the rights accruing to Repsol as a result of the Compensation and/or Public Bonds constitute an "investment" for APPRI purposes.

In accordance with regulation applicable to the Agreement, its closing and execution as well as the Compensation and the payments linked to Government Bonds, will not be subject to any tax in the Republic of Argentina.

The Agreement is governed by the laws of the Republic of Argentina, by the Agreement for the Promotion and Reciprocal Protection of Investments signed between Spain and the Republic of Argentina and the principles of International Law, including those relating to the international responsibility of States. Any discrepancies that could arise in relation to the Agreement shall be subject, exclusively, to international arbitration, in accordance with the United Nations Commission on International Trade Law (**UNCITRAL**) Arbitration Rules, and the seat of arbitration is established in the city of Paris, France.

Concurrent with the execution of the Agreement, an agreement (**Convenio de Finiquito**) was signed by Repsol, on the one hand, and YPF and YPF Gas, on the other, whereby, primarily, the parties agreed to withdraw ongoing procedures (for an overview of certain legal actions initiated as a consequence of the expropriation, see section “*Legal and Arbitration Proceedings*” below), as well as to a series of waivers and mutual indemnities between Repsol, YPF and YPF Gas which include, among others, those linked to the management of Repsol in YPF, and other related issues.

On 8 May 2014, Repsol and the Republic of Argentina verified the fulfilment of the aforementioned conditions precedent as well as the performance of the other actions to which the effectiveness and enforcement of the Agreement were subject (**Closing**). Closing took place on that date and the Agreement and all the remaining undertakings assumed by the parties in it became effective.

In accordance with the terms of the Agreement:

The Republic of Argentina delivered to Repsol a portfolio of Argentinian sovereign bonds (the **Bonds**) with a total nominal value of U.S.\$ 5,317 million made up of:

INITIAL PORTFOLIO	NOMINAL VALUE (U.S.\$)
<i>BONAR X</i>	<i>500,000,000</i>
<i>DISCOUNT 33</i>	<i>1,250,000,000</i>
<i>BONAR 24</i>	<i>3,250,000,000</i>
ADDITIONAL PORTFOLIO	NOMINAL VALUE (U.S.\$)
<i>BODEN 2015</i>	<i>317,361,184</i>

In order to determine the additional portfolio delivered by the Republic of Argentina, the market value of the Bonds as of 30 April 2014 was calculated by reference to its average value in the 90 days prior to the delivery, depending on the quotes provided by five major international financial institutions identified in the Agreement. As a result, the average market value of the Bonds delivered reached U.S.\$ 4.67 billion, as foreseen in the Agreement.

The Republic of Argentina delivered to Repsol a guaranty granted by the Argentine Central Bank to ensure payment of the interest of BONAR 2024, up to a maximum of U.S.\$ 150 million, which will be in force for 18 months.

Repsol delivered to the Republic of Argentina the necessary documents to transfer to the Republic of Argentina 200,589,525 Class D shares of YPF S.A. and 89,755,383 Class A shares of YPF Gas S.A., subject to the expropriation, and the writs of discontinuance of the legal, administrative and arbitration proceedings initiated by the Company, its subsidiaries and officers in connection with the expropriation.

On 9 May 2014, the Convenio de Finiquito, by which, mainly, all parties agreed to desist from legal action initiated by them and a series of mutual indemnities and waivers, became effective.

Agreement between Repsol and “la Caixa” for joint control of Gas Natural Fenosa

Repsol and “la Caixa” entered into an agreement in relation to Gas Natural Fenosa on 11 January 2000, which was subsequently amended on 16 May 2002, 16 December 2002 and 20 June 2003.

The key terms of these agreements with “la Caixa” are as follows:

- Repsol and “la Caixa” will control Gas Natural Fenosa jointly in accordance with the principles of transparency, independence and professional diligence.
- The board of directors of Gas Natural Fenosa shall be formed by 17 directors. Repsol and “la Caixa” shall have the right to propose five directors each. Repsol and “la Caixa” shall vote in favour of the directors proposed by the other party. One director shall be proposed by Caixa de Catalunya and the remaining six shall be independent directors.
- “la Caixa” shall propose the Chairman of Gas Natural Fenosa’s board of directors and Repsol shall propose the Chief Executive. Both parties undertake that the directors proposed and appointed by each shall support appointments to these offices within the Board of Directors.
- The Delegate Committee of the Board of Directors of Gas Natural Fenosa shall have eight members, of whom three shall be proposed by Repsol and three by “la Caixa” from among the directors proposed for the board of directors of Gas Natural Fenosa, including the Chairman and the Chief Executive Officer. The remaining two Executive Directors shall be independent directors.
- Before presentation to the board of Gas Natural Fenosa, Repsol and “la Caixa” shall jointly agree (i) Gas Natural Fenosa’s strategic plan, which shall include all decisions affecting the key strategies of Gas Natural Fenosa; (ii) Gas Natural Fenosa’s organisational structure; (iii) Gas Natural Fenosa’s annual budget; (iv) merger transactions; and (v) any acquisition or disposal of material assets pertaining to any strategic lines of development of Gas Natural Fenosa.

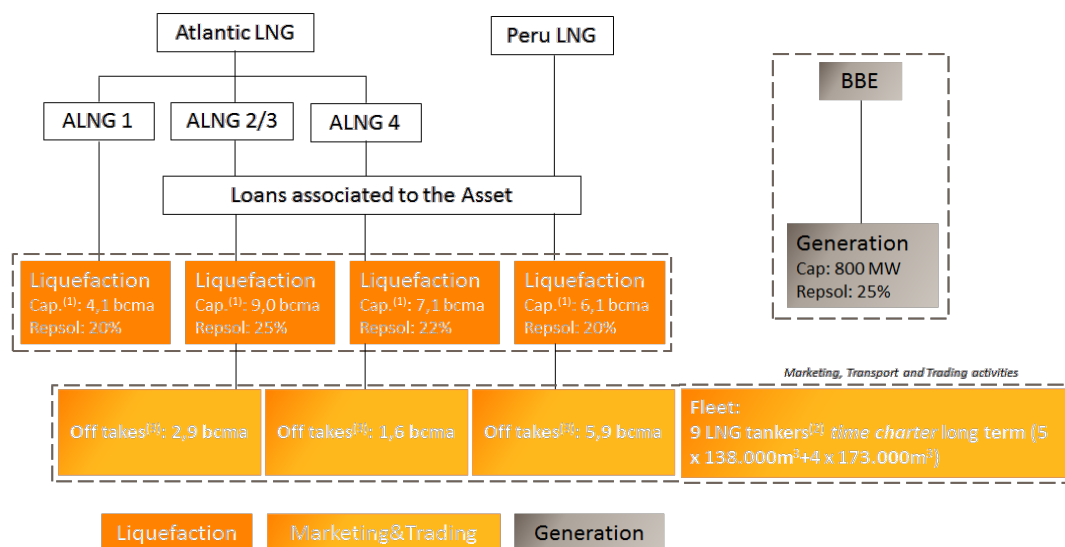

These agreements remain in effect while Repsol and “la Caixa” hold minimum ownership interests equal to 15% of Gas Natural Fenosa’s share capital.

8. Recent Developments

Completion of the sale of the LNG assets and businesses

On 26 February 2013, Repsol signed an agreement with Shell to sell part of its LNG assets and businesses, which was completed in three separate transactions in October and December 2013 and January 2014.

The Shell operation included the business assets presented in the following diagram:

(1) Plant capacity.

(2) 7 owned by Repsol and 2 owned 50% by Repsol and Gas Natural Fenosa.

(3) Gas supply contract.

Additionally, along with the sale agreement, another agreement was signed, pursuant to which Shell agreed to supply LNG to Repsol's Canaport regasification plant (Canada), over the next 10 years, for a total approximate volume of 1 million tonnes.

On 11 October 2013, Repsol sold its 25% stake in the Bahía de Bizkaia Electricidad (**BBE**) combined cycle power plant to the BP Group for €135 million and generated a pre-tax gain of €89 million. This asset, initially included within the parameters of the sale to Shell, was finally transferred to BP after exercising its right of first refusal.

On 31 December 2013, after obtaining pending permits and approvals and having met other conditions precedent provided for in the agreement, the acquisition by Shell of the main Group's LNG purchase and supply contracts and the minority interests in the Atlantic LNG and Peru LNG businesses was completed. The transaction, amounting to €2,446 million, generated a profit before tax of €1,451 million.

On 1 January 2014, and after obtaining the necessary approvals, the sale of Repsol Comercializadora de Gas, S.A., the basic activities of which are marketing, transport and trading, was completed for approximately U.S.\$730 million. The transaction generated a pre-tax gain of €132 million recognised in the Group's consolidated financial statements of 2014.

Overall, these transactions also resulted in the release of financial commitments and unconsolidated debt. The Group's balance sheet and liquidity have been significantly strengthened, with a reduction of the Group's net debt of €1,890 million.

With these transactions, Repsol has achieved a level of divestments of over €5,000 million, higher than the target that was set out in its Strategic Plan for the period 2012-2016, of between €4,000 and €4,500 million.

Following the sale of these assets to Shell, Repsol retained the Canaport regasification plant in Canada and contracts related to the North America gas commercialisation activities. As a consequence of the transfer of assets, and in line with Repsol's policy of financial prudence, Repsol adjusted the book value of the North American assets with a provision of €1,410 million before tax, in line with new fiscal regulations.

For further information in relation to the accounting effect of these operations, see Notes 31 "Divestments", Note 10 "Non-current assets and liabilities held for sale", Note 7 "Property, Plant and Equipment", Note 16 "Current and non-current provisions", Note 27 "Net income from discontinued operations" and Note 37 "Subsequent events" of the audited consolidated financial statements of Repsol as of and for the year ended 31 December 2013 and Note 5.3.1 "Sale of part of the LNG assets and business" of the accompanying Consolidated Management Report, which are incorporated by reference into this Base Prospectus.

Application of IFRS 11 "Joint Agreements"

The International Accounting Standards Board (**IASB**) issued IFRS 11 to be applicable prospectively to annual periods starting on or after 1 January 2013. These standards were adopted by the EU with mandatory entry into force for annual periods starting on or after 1 January 2014.

Application of IFRS 11 "Joint Arrangements" does not have any significant impact on the Group's equity as set forth in its consolidated financial statements. However, application of this new standard will result in significant changes to the Group's financial statements; since up until the closing date of the historical consolidated financial statements incorporated by reference into this Base Prospectus, the Group has been using the proportionate method to consolidate its interests in joint control entities (not applicable prospectively as of 1 January 2014) using the criteria laid down in IAS 31 "Interests in Joint Ventures". The Group has analysed all of its joint ventures (see companies in Note 24 of the consolidated financial statements of Repsol as of and for the year ended 31 December 2013) to classify them either as joint operations or joint ventures and determined the necessary balance sheet and income statement line item reclassifications.

Below is a table outlining the impact of the change in consolidation method with respect to the Group's balance sheet at 31 December 2013 and the Group's income statement for the year ended 31 December 2013:

Balance sheet	2013	2013 (IFRS 11)	Change
	(millions of euros)		
Non-current assets	42,582	37,771	(4,811)
Current assets	22,504	17,776	(4,728)
TOTAL ASSETS	65,086	55,547	(9,539)

Sale of 10% interest in TGP to Enagás

In March 2014, Repsol completed with Enagás the sale of its 10% of Transportadora de Gas del Perú (TGP) for U.S.\$219 million (before adjustments). TGP is a company responsible for the transportation of liquefied natural gas and gas liquids from Camisea fields to the Peru LNG liquefaction plant located in Pampa Melchorita and to the city of Lima.

This transaction has been carried out in the context of the objective of divestment of non-strategic assets outlined in 2012-2016 Repsol Strategic Plan and has generated an after-tax gain of U.S.\$79 million, that has been recognised in the financial statements of 2014.

Sale of remaining interest in YPF

On 6 May 2014, Repsol sold to Morgan Stanley & Co. LLC 11.86% of the share capital of YPF S.A. represented by 46,648,538 ordinary Class D Shares for U.S.\$1,255,312,157.58, pursuant to Rule 144 under the U.S. Securities Act of 1933. Each share sold was in the form of American Depositary Shares (ADSs). The transaction has generated capital gains before taxes of U.S.\$622 million dollars, that have been recognised in the financial statements of 2014.

On 12 May 2014, Repsol sold to JMB Capital Partners Master Fund, L.P. and Scoggin International Fund Ltd. 0.48% of the share capital of YPF S.A., represented by 1,887,362 ordinary Class D shares in the form of ADSs. The ADSs sold were acquired by Repsol Group from Petersen Group on 8 May 2014 as a result of the enforcement of the share pledge over such ADSs.

Sale of Argentinian bonds

On 9, 13 and 22 of May 2014, Repsol agreed with JP Morgan Securities plc several transactions relating to the sale of the whole portfolio of bonds delivered by the Republic of Argentina pursuant to the Agreement as a means of payment of the compensation for the expropriation of the controlling stake of the Group in YPF and YPF Gas, for a total of U.S.\$4,997 million. These sales extinguished the debt recognised by the Republic of Argentina to Repsol in the Agreement.

Repsol Flexible Dividend (in substitution of final dividend 2013) and interim dividend 2014

On 28 May 2014, the Board of Directors of the Guarantor approved the timetable of the “Repsol Flexible Dividend” to be implemented in June and July 2014 in substitution of the final dividend for the

year ended 31 December 2013, and which will result shareholders being remunerated, under the scrip dividend formula, at an amount equivalent to €0.50 gross per share.

Also on 28 May 2014, the Board of Directors of the Guarantor approved the distribution of a gross interim dividend of €1.00 per share from interim dividend from the Guarantor's 2014 earnings. The dividend payment is expected to be made on 6 June 2014.

LEGAL AND ARBITRATION PROCEEDINGS

YPF Expropriation

Main procedures initiated as a consequence of the expropriation of the Group's shares in YPF S.A. and YPF Gas S.A.

In accordance with the commitments assumed by Repsol in the Agreement, Repsol has dismissed, among others, the following legal, administrative and arbitration proceedings, that were described in Note 34 "Contingencies, commitments, and Guarantees" under "*Procedures initiated as a consequence of the expropriation of the Group's YPF and YPF Gas shares*" of the audited consolidated financial statements of the Group for the financial year ended 31 December 2013, incorporated by reference into this Base Prospectus:

1. *Dispute under the jurisdiction of the Agreement for the Reciprocal Promotion and Protection of Investments.*
2. *Lawsuit claiming unconstitutionality of the intervention in YPF by the Argentinian government and the "temporary occupation" of rights over 51% of Class D YPF shares held by Repsol.*
3. *"Class Action Complaint" filed before the New York Southern District Court regarding the Argentinian state's failure to comply with its obligation to launch a tender offer for YPF shares before taking control of YPF.*
4. *Lawsuit filed with the New York Southern District Court for the failure of YPF to present form 13D as obliged by the Securities and Exchange Commission (SEC) due to intervention by the Argentinian State.*

Other legal and arbitration proceedings

At 31 December 2013, Repsol's consolidated balance sheet included litigation provisions for a total amount of €88 million (excluding tax risk provisions described in Note 23 "Tax Situation" under "Other tax related disclosures" of the audited consolidated Financial Statements of the Group for the financial year 2013, incorporated by reference into this Base Prospectus).

From time to time the Group may be involved in lawsuits, disputes, or criminal, civil, administrative or arbitration proceedings in the ordinary course of its business. The following is an overview of certain of these proceedings affecting the Group as at the date of this Base Prospectus.

As a result of the YPF group expropriation, the proceedings described below in the United States of America and Argentina no longer include the legal proceedings in which only YPF or YPF subsidiaries were named as defendants.

Argentina

Claims brought by former YPF employees (Share Ownership Plan) - "Karcz, Miguel Ángel and another against Repsol S.A., YPF S.A.- Argentinian State/Declaratory judgement action

A former employee of YPF before its privatisation (1992) who was excluded from the national YPF employee share ownership plan (PPP) set up by the Argentinian government has filed a claim in Bell Ville (Province of Cordoba, Argentina) against YPF and Repsol to seek recognition of his status as a shareholder of YPF S.A. In addition, the "Federation of Former Employees of YPF" has joined the proceedings acting on behalf of other former employees excluded from the PPP. Repsol acquired its ownership interest in the capital of YPF S.A. in 1999.

On the basis of Argentinian Supreme Court jurisprudence (confirming numerous rulings by the appeal courts), neither of the defendant companies can be held liable for suits of this nature relating to the PPP. By virtue of Law No. 25,471, the Argentinian government assumed exclusive liability for the matter, bearing the cost of any damages paid to former employees of YPF excluded from the PPP in accordance with the procedure stipulated therein.

Pursuant to the plaintiff's request, the Bell Ville Federal Court of First Instance initially granted a preliminary injunction (the **Preliminary Injunction**), ordering that any sale of shares of YPF S.A., or any other transaction involving the sale, assignment or transfer of shares of YPF S.A. carried out either by Repsol or by YPF, be suspended, unless the plaintiff and other beneficiaries of the PPP (organised in the Federation of Former Employees of YPF) are involved or participate in such transactions. YPF and Repsol filed an appeal against this decision in the Cordoba Federal Court, requesting that the Preliminary Injunction be revoked. The Federal Court of First Instance allowed the appeal and suspended the effects of the Preliminary Injunction. In addition, in March 2011, the Federal Judge responsible for the Buenos Aires Administrative Disputes Court reduced the Preliminary Injunction to only 10% of the ownership interest held by Repsol in the capital of YPF S.A. Accordingly, Repsol may freely dispose of its shares in YPF provided that Repsol continues directly or indirectly to own at least 10% of the share capital of YPF S.A. On 21 July 2011, the judge of the First Instance upheld the claim of lack of jurisdiction made by YPF and Repsol, S.A. and ordered to transfer the case to the Federal Courts in the autonomous city of Buenos Aires. This decision was confirmed by the Appeals Chamber on 15 December 2011. The aforementioned Chamber overruled the decision handed down by the judge in the Court of First Instance of Bell Ville, limiting it to only 10% of the shares controlled by Repsol, S.A. claimed by the plaintiffs. The ruling is final.

In the wake of several procedural incidents affecting the establishment of jurisdiction, Federal Civil and Commercial Court No. 9 was ruled the competent Court. The case was submitted to the Federal Civil and Commercial Chamber on 8 October 2013, where it has been under study since then. On the other hand, on 23 August 2012, a writ was filed in this dossier requesting the inhibition of the Judge presiding over the Labour Court of First Instance of Rio Grande in the suit filed by Lopez, Osvaldo Federico et al. against Repsol, S.A. in respect of the terms of the preliminary injunction defined below (Dossier No. 4444). The National Court for Federal Contentious Administrative matters decided not to resolve these matters until the jurisdiction matters were finalised.

On 10 April 2014, the dossier went back to the National Court in Civil and Commercial matters No 9, Court Office 17. On 8 April 2014, in the case "YPF S.A. vs. Karcz on preliminary injunction", the Argentine Government filed a document requesting that the preliminary injunctions that had been provided for previously were released; whereby a court order was issued on 16 April 2014, lifting both preliminary injunctions. The plaintiff has filed an appeal regarding such court order. However, the appeal of that decision does not suspend the effects of the lifting of the injunction.

Preliminary injunction filed by López, Osvaldo Federico and others against Repsol, S.A. (Dossier # 4444)

Through a relevant event notification published by YPF on 26 April 2012, Repsol became aware of the existence of a preliminary injunction of "no innovation" ("*medida cautelar de no innovar*" in Argentinian legal terminology) issued on 20 April 2012 and notified to YPF, as filed before the Employment Court of First Instance of Rio Grande, Tierra de Fuego Province; such injunction ordering a suspension of the exercise of the voting and economic rights envisaged in YPF's by-laws with respect to the 45,215,888 ADSs (each representing one common Class D share of YPF S.A.) sold by Repsol in March 2011, this until such time as the nullity being sought in the relevant legal proceedings is decided upon. On 30 May 2012, Repsol appeared before the court to file a motion to reverse the injunction with supplementary appeal included.

Subsequently, through a relevant event notification published by YPF on 1 June 2012, Repsol became aware of a ruling handed down on 14 May 2012, which modified such injunction and replacing it with another, according to which Repsol may not dispose of any funds it may receive as payment for the

expropriation of its shares in YPF, which payment will be determined for these purposes by the National Appraisal Tribunal. The ruling indicates that the previous injunction has ceased to be effective, which means that the holders of those shares can freely exercise their intrinsic rights.

Repsol has appealed the amendment of the injunction and, although the appeal to have the ruling overturned was initially ruled out, on 6 November 2013 the Río Grande Chamber of Appeals ruled to admit the extraordinary unconstitutionality appeal filed. The Provincial Supreme Court, insofar as it does not rule against the admission of the appeal, must now address the matters presented in the appeal lodged by Repsol on 14 June 2013 outlining the grounds for overturning the injunction granted on 20 May 2012 with the effect of restricting access to any proceeds that Repsol may receive as compensation for the expropriation of its shares in YPF S.A.

By means of resolution issued on 18 March 2014 in the case “López Osvaldo Federico and other vs. Repsol S.A.” an action for the enforcement of constitutional rights and the preliminary injunction was released. Therefore, at present the Higher Court of Justice has to solve an abstract issue, and the Guarantor estimates that the court will uphold it as such.

Repsol was also notified of the lawsuit filed in relation to Lopez, Osvaldo Federico et al. against Repsol, S.A. (Dossier 4440) on 25 June 2012, and replied to it on 28 August 2012. On 20 September 2012, the judge overruled, among others, Repsol’s arguments of lack of jurisdiction and incapacity to act, a ruling that was since upheld by the Chamber of Appeals on 30 October 2013.

On 18 March 2014, the judge issued a decision rejecting the application for appeal and lifting the injunction. The plaintiff has filed an appeal against such decision. The appeal of that decision does not suspend the effects of the lifting of the injunction.

Claim filed against Repsol and YPF by the Union of Consumers and Users

The plaintiff claims the reimbursement of all the amounts the consumers of bottled LPG were allegedly charged in excess from 1993-2001, corresponding to a surcharge for such product. With respect to the period from 1993 to 1997, the claim is based on the fine imposed on YPF by the Secretariat of Industry and Commerce through its resolution of 19 March 1999. It should be noted that Repsol has never participated in the LPG market in Argentina and that the fine for abusing a dominant position was imposed on YPF. In addition, YPF has alleged that charges are barred by the applicable statute of limitations. Hearings have commenced and are in process. The claim amounts to Argentinian Ps.91 million (€17 million) for the 1993-1997 period, amount which updated at 18 August 2012 by an expert appraiser, this amount would total Argentinian Ps.387 million (€43 million) plus interest and expenses.

Currently, the case is set for judicial decision since 10 February 2014, including a motion to render judgment thereon.

United States of America

The Passaic River and Newark Bay clean-up lawsuit

This section discusses certain environmental contingencies as well as the sale by Maxus Energy Corporation (**Maxus**) of its former chemicals subsidiary, Diamond Shamrock Chemical Company (**Chemicals**) to a subsidiary of Occidental Petroleum Corporation (**Occidental**). Maxus agreed to indemnify Chemicals and Occidental for certain liabilities relating to the business and activities of Chemicals prior to 4 September 1986 (the **Closing Date**), including certain environmental liabilities relating to certain chemical plants and waste disposal sites used by Chemicals prior to the Closing Date. In 1995, YPF acquired Maxus and in 1999, Repsol acquired YPF.

In December 2005, the Department of Environmental Protection (the **DEP**) and the New Jersey Spill Compensation Fund sued Repsol YPF (now denominated Repsol, S.A.), YPF, YPF Holdings Inc., CLH

Holdings Inc., Tierra Solutions Inc., Maxus Energy Corporation, as well as Occidental Chemical Corporation. In August 2010, the lawsuit was extended to YPF International S.A. and Maxus International Energy Company. This is a claim for damages in connection with the contamination allegedly emanating from the former facility of Chemicals and allegedly contaminating the Passaic River, Newark Bay, and other nearby water bodies and properties (the **Passaic River/Newark Bay litigation**).

In February 2009, Maxus and Tierra included another 300 companies in the suit (including certain municipalities) as third parties since they are potentially liable.

In May 2011, the court issued Case Management Order XVII (CMO XVII), which set forth the trial plans (the Trial Plans), dividing them in different trial tracks.

In accordance with the expected Trial Plan, the State of New Jersey and Occidental filed the corresponding motions. The Court ruled as follows on these motions: (i) Occidental is the legal successor of the liabilities incurred by the corporation formerly previously known as Diamond Alkali Corporation, Diamond Shamrock Corporation, and Chemicals; (ii) the Court denied the State's motion, without prejudice insofar as the State of New Jersey sought a declaration that the facts in the "Aetna" litigation should apply to the Occidental and Maxus case based on the doctrine of collateral estoppel; (iii) the Court ruled that Tierra is responsible to the State of New Jersey pursuant to the New Jersey "Spill Act" simply based on its ownership of the land where the Lister Avenue plant was located; (iv) the Court ruled that Maxus has an obligation under the "1986 Stock Purchase Agreement" to indemnify Occidental harmless for any liability of the "Spill Act" arising from pollutants discharged from Lister Avenue plant.

Subsequently, and in accordance with the Trial Plan, the State of New Jersey and Occidental presented new motions against Maxus. On 23 May 2012, the Court ruled on those motions that: (i) Maxus was not, as a matter of law, a successor to "Diamond Shamrock". However, the court left open the possibility of finding Maxus a "successor" for purposes of punitive damages, if punitive damages were available; (ii) the State of New Jersey was not an intended third-party beneficiary of the "Stock Purchase Agreement" of 1986; and (iii) Tierra is the alter ego of Maxus as a matter of law and, therefore, Maxus is "in any way responsible under the Spill Act" for discharges at the Lister Avenue plant. The court determined Maxus as "strictly, jointly and severally liable under" the Spill Act.

On 6 June 2013, the Original Defendants (with the exception of Occidental Chemical Corporation) signed, without admitting responsibility, a Settlement Agreement with the DEP, its Commissioner, and the Administrator of the New Jersey Spill Compensation Fund to obtain a dismissal of the State of New Jersey's claims against Repsol, YPF, YPFI, YPFH, CLHH, MIEC, Maxus, and Tierra in exchange for the payment of U.S.\$130 million (U.S.\$65 million payable by Repsol and the other U.S.\$65 million payable by YPF/Maxus). Based on the terms of this Settlement Agreement, the State of New Jersey reserves the right to continue its actions against Occidental Chemical Corporation, which is not a party to the Settlement Agreement. Additionally, Occidental Chemical Corporation, not being part of the agreement, maintains its right to continue its claims against Repsol and the rest of the Original Defendants (**Cross Claims**), who maintain their defences against Occidental Chemical Corporation. The Settlement Agreement provides that the claims will not go to trial until December 2015. Also, by virtue of the Settlement Agreement, the Original Defendants (except Occidental) obtained certain additional protections against future potential litigation. The Settlement Agreement is pending court approval. The Settlement Agreement has been approved by the New Jersey Courts. Occidental lodged an appeal against the court ruling approving the Settlement Agreement in January 2014 that has been discharged.

Ecuador

Lawsuit regarding payments in respect of LPG surpluses to the State of Ecuador by Duragas, S.A.

Ecuador's hydrocarbon regulator (*La Agencia de Regulación y Control Hidrocarburífero*) (**ARCH**) is authorised to audit the revenue, costs, and expenses of LPG operators. The regulator's audit of Duragas, S.A. from 2002 to 2012 revealed a difference between the amount of LPG acquired from EP

PETROECUADOR (formerly Petrocomercial, a public company and Ecuador's sole authorised supplier of LPG) for domestic consumption and the amount actually sold to the sector by Duragas, S.A., company of the Group. The ARCH determined that the difference between the LPG tariffs established for domestic and industrial consumption must be recalculated to benefit EP PETROECUADOR. According to EP PETROECUADOR, the results of this reassessment for such years would total U.S.\$60 million, plus the interest and costs pending its appraisal.

Duragas, S.A. has appealed in due time and form all of the ARCH's reports and subsequent settlement, demands and payment notices and requests received from EP PETROECUADOR, submitting both formal and material arguments (the absence of the ARCH's express legal authority for identifying surplus charges in its annual report) and material arguments (the existence of technically unavoidable shortages in containers, failure to make the distinction between the remaining LPG in containers and the amounts sold to the industrial market). To date, the courts have not rendered any judgment on the merits of the case.

While these appeals are being substantiated, EP PETROECUADOR has taken coercive action to collect the amounts it is claiming for the years 2004-2011, amounting to U.S.\$50 million. Although these coercive procedures were unorthodox and have overlooked the established legal channels, which could be recognised in one of the appeals filed by Duragas, S.A., all of them tend to adopt what is known as the "*solve et repete*" rule (i.e. the requirement to pay or set aside the amount dispute if a party wants to challenge the claim arising from coercive action), and thus, while the validity of the ARCH's report is being determined for each year, Duragas, S.A. is anticipating and bearing the economic damages derived from these coercive measures, becoming more the actual claimant (in terms of returning the amount claimed) rather than respondent (for the amount assessed in the ARCH's report).

Administrative and legal proceedings of a tax nature

Repsol does business in more than 40 countries, operating as a vertically-integrated oil and gas business, which translates into growing complexity with respect to tax management in the current international context.

In accordance with prevailing tax legislation, tax returns cannot be considered final until they have been inspected by the tax authorities or until the inspection period in each tax jurisdiction has prescribed.

Generally speaking, the Group companies have their tax returns open to inspection in respect of all major applicable taxes for 2010-2013.

Whenever discrepancies arise between Repsol and the tax authorities with respect to the tax treatment applicable to certain operations, the Group takes proactive steps to resolve the resulting dispute, using the legal channels available with a view to reaching a solution.

However, in 2013, as in prior years, there are government and legal proceedings with tax implications that are adverse to the Group's interests and could result in contingent tax liabilities that cannot be reliably quantified at present. However, the directors of the Group believe that any tax liabilities that could materialise in this respect would not have a material impact on the Group's consolidated financial statements. Repsol believes that it has acted lawfully in handling these matters and that its defence arguments are underpinned by reasonable interpretation of prevailing legislation, to which end it has lodged appeals as necessary to defend the interests of the Group and its shareholders.

It is difficult to predict when these tax proceedings will be resolved due to the extensive appeals process. Based on the advice received from in-house and external tax experts, Repsol believes that the tax liabilities that may ultimately derive from these proceedings will not have a significant impact on the financial statements although the Group can give no assurance that this will be the case. In the Group's experience, the result of tax proceedings claiming sizeable amounts have either tended to result in immaterial settlements or the courts have found in favour of the Group.

The Group's criterion is to recognise provisions for tax-related proceedings that it deems it is likely to lose. It does not recognise provisions when the risk of losing the case is considered possible or remote. The amounts to be provisioned are calculated on the basis of the best estimate of the amount needed to settle the proceeding in question, underpinned by case-by-case analysis of the facts, the legal opinions of its in-house and external advisers and prior experience in these matters.

At 31 December 2013, the Group had recognised provisions under "Other provisions" (see Note 16 of the Group's audited consolidated financial statements as of and for the year then ended) that are deemed adequate to cover the Group's tax contingencies. The main tax-related proceedings at 31 December 2013 were as follows:

Brazil

Petrobras, as operator of block BMS-9, in which Repsol has a 25% ownership interest, has been notified by the Sao Paulo tax authorities of an assessment that it breached certain formal requirements (the issuance of supporting tax documentation) related to the onshore-offshore movement of materials and equipment to the offshore drilling platform (including the movement of the platform itself to the drilling site). The criterion adopted by Petrobras is aligned with that of the Brazilian National Oil Agency (ANP *for its acronym in Portuguese*). This case is being heard at a court of second instance.

Elsewhere, Petrobras, as operator of the Albacora Leste, BM-S-7 and BMS-9 consortia (and other consortia in which Repsol Sinopec Brasil has no interests) has received notices of infraction with respect to personal income tax (*Imposto de Renda Retido na Fonte* or IFFF) and economic activities tax (*Contribuição de Intervenção no Domínio Econômico* or CIDE) withholdings made in 2008 and 2009 in relation to payments to foreign companies for the chartering of exploration platforms and related services used at the above-listed blocks. Repsol is evaluating its liability in the matter from both a tax and contractual perspective.

In addition, Repsol Sinopec Brasil received notices of infraction with respect to personal income tax and economic activities tax withholdings made in 2009 in relation to payments to foreign companies for the chartering of exploration platforms and related services used at blocks BM S-48 and BM-C33, which Repsol Sinopec Brasil operates. Repsol, in keeping with the reports provided by its internal and external tax consultants, believes that its approach is both legal and in line with widespread sector practice. It will accordingly lodge the corresponding appeals, as necessary, in order to uphold and defend the Group's legitimate interests.

Bolivia

Repsol E&P Bolivia, S.A. and YPFB Andina, S.A., in which the Repsol Group owns 48.92%, have been handed down rulings by Bolivia's Supreme Court denying the possibility of deducting royalties and hydrocarbon interests for corporate income tax calculation purposes. This issue dates to before the oil sector was nationalised. Repsol believes that there is jurisprudence in constitutional law, specifically and expressly Law 4115, of 26 September 2009, in support of its position.

Canada

The Canadian tax authorities have questioned the criteria used by Repsol Energy Canada Ltd. and Repsol Canada, Ltd., in classifying certain industrial assets as Class 43 Assets liable for accelerated tax depreciation between 2005 and 2008. The lawsuit is pending sentence by the Tax Court of Canada and there is still scope for an out-of-court settlement that would address this dispute.

Ecuador

The Ecuador internal revenue service has questioned the deduction from income tax of payments for the transportation of crude oil to Ecuador company (SRI) Oleoducto de Crudos Pesados, S.A. under a ship-

or-pay arrangement by several consortia in which Repsol Ecuador, S.A. has ownership interests. The matter has been appealed before Ecuador's National Court of Justice.

The internal revenue service has also queried the criteria used to set the benchmark price applicable to sales of its crude to the Bloque 16 consortium in which Repsol Ecuador, S.A. holds a 35% interest. This matter is pending sentencing by the Tax Court.

Oleoducto de Crudos Pesados, S.A., a 29.66% investee of Repsol Ecuador, S.A., is disputing the tax treatment of subordinated debt issued to finance its operations with the government of Ecuador. The National Court handed down a favorable ruling for this company, which the government appealed before the Constitutional Court. The Constitutional Court has rendered the National Court ruling null and void and ordered a new ruling.

Trinidad and Tobago

BP Trinidad & Tobago LLC, in which Repsol has a 30% interest along with the BP Group, is regularly inspected by the Board of Inland Revenue. At present, inspections are on-going in respect of multiple taxes, including the petroleum profit tax, the supplemental petroleum tax, VAT and withholdings, and tax years. These matters are for the most part at the pre-litigation stage.

Spain

The main litigations deriving from the inspections of income tax returns from 1998 to 2001 and from 2002 to 2005 concluded in 2013. The corresponding sentences and rulings had the effect of cancelling 90% of the tax liability initially assessed by the tax authorities and that had been appealed by the Company. With regard to the penalties linked to those inspections, the justice Courts have cancelled all the penalties that at this date, have already pronounced.

In addition, in 2013 the tax authorities concluded their inspection in respect of the 2006—2009 period that affected income tax, VAT, hydrocarbon and other special duties and withholdings. The corresponding tax assessments are still open to final administrative decision. The matters under dispute are very varied and, for the most part, relate to income tax and imply a change in the tax authority's criteria with respect to earlier inspections. Repsol, in keeping with the reports provided by its internal and external tax advisers, believes that it has acted lawfully in these matters and, accordingly, does not expect them to result in liabilities that could have a significant impact on the Group's results. The Group will appeal the assessments handed down by the tax authorities as necessary in order to uphold and defend the Group's legitimate interests.

TAXATION

The Netherlands

The following is a general overview and the tax consequences as described here may not apply to a Holder of Notes (as defined below). Any potential investor should consult his tax adviser for more information about the tax consequences of acquiring, owning and disposing of Notes in his particular circumstances.

This taxation overview solely addresses the principal Dutch tax consequences of the acquisition, ownership and disposal of Notes issued on or after the date of this Base Prospectus. It does not consider every aspect of taxation that may be relevant to a particular Holder of Notes under special circumstances or who is subject to special treatment under applicable law. Where in this overview English terms and expressions are used to refer to Dutch concepts, the meaning to be attributed to such terms and expressions shall be the meaning to be attributed to the equivalent Dutch concepts under Dutch tax law. Where in this taxation overview the terms “The Netherlands” and “Dutch” are used, these refer solely to the European part of the Kingdom of The Netherlands.

This overview is based on the tax law of The Netherlands (unpublished case law not included) as it stands at the date of this Base Prospectus. The law upon which this overview is based is subject to change, perhaps with retroactive effect. Any such change may invalidate the contents of this overview, which will not be updated to reflect such change. This overview assumes that each transaction with respect to Notes is at arm’s length.

Where in this section “*Taxation—The Netherlands*” reference is made to a “Holder of Notes”, that concept includes, without limitation:

1. an owner of one or more Notes who in addition to the title to such Notes has an economic interest in such Notes;
2. a person who or an entity that holds the entire economic interest in one or more Notes;
3. a person who or an entity that holds an interest in an entity, such as a partnership or a mutual fund, that is transparent for Dutch tax purposes, the assets of which comprise one or more Notes, within the meaning of 1. or 2. above; or
4. a person who is deemed to hold an interest in Notes, as referred to under 1. to 3., pursuant to the attribution rules of article 2.14a, of the Dutch Income Tax Act 2001 (*Wet inkomstenbelasting 2001*), with respect to property that has been segregated, for instance in a trust or a foundation.

Withholding tax

All payments under Notes may be made free from withholding or deduction of or for any taxes of whatever nature imposed, levied, withheld or assessed by The Netherlands or any political subdivision or taxing authority of or in The Netherlands, except where Notes are issued (i) under such terms and conditions that such Notes are capable of being classified as equity of the Issuer for Dutch civil law purposes and/or for Dutch tax purposes or actually function as equity of the Issuer within the meaning of article 10, paragraph 1, letter d, of the Dutch Corporation Tax Act 1969 (*Wet op de vennootschapsbelasting 1969*), or (ii) that are redeemable in exchange for, convertible into or linked to shares or other equity instruments issued or to be issued by the Issuer or by any entity related to the Issuer.

Taxes on income and capital gains

The overview set out in this section “*Taxes on income and capital gains*” applies only to a Holder of Notes who is neither resident nor deemed to be resident in The Netherlands for the purposes of Dutch income tax or corporation tax, as the case may be, and who, in the case of an individual, has not elected to be treated as a resident of The Netherlands for Dutch income tax purposes (a **Non-Resident Holder of Notes**).

Individuals

A Non-Resident Holder of Notes who is an individual will not be subject to any Dutch taxes on income or capital gains in respect of any benefits derived or deemed to be derived from Notes, including any payment under Notes and any gain realised on the disposal of Notes, except if:

1. he derives profits from an enterprise, whether as an entrepreneur (*ondernemer*) or pursuant to a co-entitlement to the net value of such enterprise (other than as a holder of securities), such enterprise either being managed in The Netherlands or carried on, in whole or in part, through a permanent establishment or a permanent representative in The Netherlands and his Notes are attributable to the Netherlands assets of to such enterprise; or
2. he derives benefits or is deemed to derive benefits from Notes that are taxable as benefits from miscellaneous activities in The Netherlands (*resultaat uit overige werkzaamheden in Nederland*).

If a Holder of Notes is an individual who does not come under exception 1 above, and if he derives or is deemed to derive benefits from Notes, including any payment under such Notes and any gain realised on the disposal thereof, such benefits are taxable as benefits from miscellaneous activities in The Netherlands if he, or an individual who is a connected person in relation to him as meant by article 3.91, paragraph 2, letter b, or c, of the Dutch Income Tax Act 2001 (*Wet inkomstenbelasting 2001*), has a direct or indirect substantial interest (*aanmerkelijk belang*) or a deemed direct or indirect substantial interest in the Issuer.

A deemed substantial interest may be present if shares, profit participating certificates or rights to acquire shares in the Issuer are held or deemed to be held following the application of a non-recognition provision.

Generally, a person has a substantial interest in the Issuer if such person – either alone or, in the case of an individual, together with his partner (*partner*), if any, or pursuant to article 2.14a, of the Dutch Income Tax Act 2001 (*Wet inkomstenbelasting 2001*) – owns or is deemed to own, directly or indirectly, either a number of shares representing 5% or more of the total issued and outstanding capital (or the issued and outstanding capital of any class of shares) of the Issuer, or rights to acquire, directly or indirectly, shares, whether or not already issued, representing 5% or more of the total issued and outstanding capital (or the issued and outstanding capital of any class of shares) of the Issuer, or profit participating certificates (*winstbewijzen*) relating to 5% or more of the annual profit of the Issuer, or to 5% or more of the liquidation proceeds of the Issuer.

A person who is entitled to the benefits from shares or profit participating certificates (for instance a holder of a right of usufruct) is deemed to be a holder of shares or profit participating certificates, as the case may be, and such person’s entitlement to such benefits is considered a share or a profit participating certificate, as the case may be.

Furthermore, a Holder of Notes who is an individual and who does not come under exception 1 above may, *inter alia*, derive, or be deemed to derive, benefits from Notes that are taxable as benefits from miscellaneous activities in the following circumstances, if such activities are performed or deemed to be performed in The Netherlands:

- a. if his investment activities go beyond the activities of an active portfolio investor, for instance in the case of use of insider knowledge (*voorkennis*) or comparable forms of special knowledge;
- b. if he makes Notes available or is deemed to make Notes available, legally or in fact, directly or indirectly, to certain parties as meant by articles 3.91 and 3.92 of the Dutch Income Tax Act 2001 (*Wet inkomstenbelasting 2001*) under circumstances described there, or
- c. if he holds Notes, whether directly or indirectly, and any benefits to be derived from such Notes are intended, in whole or in part, as remuneration for activities performed or deemed to be performed in The Netherlands by him or by a person who is a connected person in relation to him as meant by article 3.92b, paragraph 5, of the Dutch Income Tax Act 2001 (*Wet inkomstenbelasting 2001*).

Attribution rule

Benefits derived or deemed to be derived from certain miscellaneous activities by a child or a foster child who is under eighteen years of age are attributed to the parent who exercises, or the parents who exercise, authority over the child, irrespective of the country of residence of the child.

Entities

A Non-Resident Holder of Notes, other than an individual, will not be subject to any Dutch taxes on income or capital gains in respect of benefits derived or deemed to be derived from Notes, including any payment under Notes and any gain realised on the disposal of Notes, except if:

- (a) such Non-Resident Holder of Notes derives profits from an enterprise directly or pursuant to a co-entitlement to the net value of such enterprise, other than as a holder of securities, such enterprise either being managed in The Netherlands or carried on, in whole or in part, through a permanent establishment or a permanent representative in The Netherlands, and its Notes are attributable to the Netherlands assets of such enterprise; or
- (b) such Non-Resident Holder of Notes has a direct or indirect substantial interest (as described above under Individuals) or a direct or indirect deemed substantial interest in the Issuer, with the predominant objective to avoid the levy of income taxation or dividend withholding tax of another person and this substantial interest is not attributable to an enterprise of such Holder of Notes.

A deemed substantial interest may be present if shares, profit participating certificates or rights to acquire shares in the Issuer are held or deemed to be held following the application of a non-recognition provision.

General

Subject to the above, a Non-Resident Holder of Notes will not be subject to income taxation in The Netherlands by reason only of the execution (*ondertekening*), delivery (*overhandiging*) and/or enforcement of the documents relating to the issue of Notes or the performance by the Issuer of its obligations under such documents or under Notes.

Gift and inheritance taxes

If a Holder of Notes disposes of Notes by way of gift, in form or in substance, or if a Holder of Notes who is an individual dies, no Dutch gift tax or Dutch inheritance tax, as applicable, will be due, unless:

- (i) the donor is, or the deceased was resident or deemed to be resident in The Netherlands for purposes of Dutch gift tax or Dutch inheritance tax, as applicable; or

- (ii) the donor made a gift of Notes, then became a resident or deemed resident of The Netherlands, and died as a resident or deemed resident of The Netherlands within 180 days of the date of the gift.

For purposes of the above, a gift of Notes made under a condition precedent (*opschortende voorwaarde*) is deemed to be made at the time the condition precedent is satisfied.

Other taxes and duties

No Dutch registration tax, transfer tax, stamp duty or any other similar documentary tax or duty, other than court fees, is payable in The Netherlands in respect of or in connection with (i) the execution, delivery and/or enforcement by legal proceedings (including the enforcement of any foreign judgment in the courts of The Netherlands) of the documents relating to the issue of Notes, (ii) the performance by the Issuer or the Guarantor of its obligations under such documents or under Notes, or (iii) the transfer of Notes, except that Dutch real property transfer tax (*overdrachtsbelasting*) may be due by a Holder of Notes if in satisfaction of all or part of any of its rights under Notes, it acquires any asset, or an interest in any asset (*economische eigendom*), that qualifies as real property or as a right over real property situated in The Netherlands for the purposes of Dutch real property transfer tax (*overdrachtsbelasting*) or where Notes are issued under such terms and conditions that they represent an interest in assets (*economische eigendom*) that qualify as real property, or rights over real property, situated in The Netherlands, for the purposes of Dutch real property transfer tax.

The Kingdom of Spain

General

The following is an overview of the principal Spanish tax consequences of the ownership and disposition of Notes.

This overview is not a complete analysis or listing of all the possible tax consequences of the ownership or disposition of the Notes. Prospective investors should, therefore, consult their tax advisers with respect to the Spanish and other tax consequences taking into consideration the circumstances of each particular case. The statements regarding Spanish tax laws set out below are based on those laws in force at the date of this Base Prospectus.

In this respect regard should be had to certain government initiatives, pursuant to which amendments to the taxation regime described in this overview could potentially be made. Although the final terms of these initiatives are still unknown, a change to the tax consequences for individuals and companies described in this overview as a result of the coming into force of those government initiatives cannot be entirely ruled out.

Non-Resident Holder

This paragraph is of application to a non-resident of Spain, whose holding of Notes is not effectively connected to a permanent establishment in Spain through which such person or entity carries on a business or trade in Spain (**Non-Resident Holder**).

For Spanish tax purposes the holding of the Notes will not in and of itself cause a non-Spanish resident to be considered a resident of Spain nor to be considered to have a permanent establishment in Spain.

Payments made by the Issuer to a Non-Resident Holder will not be subject to Spanish tax.

Any payment by the Guarantor that could be made pursuant to the Guarantee to a Non-Resident Holder will not be subject to withholding tax levied by Spain, and such Holder will not, by virtue of receipt of such payment, become subject to other additional taxation in Spain.

A Non-Resident Holder will not be subject to any Spanish taxes on capital gains in respect of a gain realised on the disposal of a Note.

Residents

Spanish tax-residents are subject to Corporate or Individual Income Tax on a worldwide basis. Accordingly, income obtained from the Notes will be taxed in Spain when obtained by persons or entities that are considered residents in Spain for tax purposes. The fact that (i) a Spanish corporation pays interest, or (ii) interest is paid in Spain, will not lead an individual or entity being considered tax-resident in Spain.

As a general rule, non-Spanish taxes withheld at source on income obtained out of Spain are deducted when computing tax liability, provided that they do not exceed the corresponding Spanish tax. Specific rules may apply according to tax treaties.

It is to be noted that if Notes are traded in Spain, general rules governing advanced taxation at source (*retenciones*) will be applicable in connection with Spanish tax-resident holders of the Notes. The present rate of taxation at source is set at 21%. However, when the income recipient is a corporation, certain exemptions have been established, so corporate holders are suggested to obtain independent tax advice. The advanced tax is credited against final Individual or Corporate Income Tax with no limit; hence, any excess entitles the taxpayer to a refund.

As at the date of this Base Prospectus the Income Tax rates applicable in Spain are:

- (i) for individual taxpayers 21% up to €6,000 and 25% from €6,000.01 to €24,000 and 27% on the excess over €24,000, as capital income, for individual taxpayers; and
- (ii) for corporate taxpayers 30%, though, under certain circumstances (small companies, non-profit entities, among others), a lower rate may apply.

Net Wealth Tax

This tax is only applicable to individuals (i.e. corporations and entities, either resident or non-resident, are not affected by this particular tax but by legislation of Corporate Income Tax or Non-Resident Income Tax).

Non-residents

Net Wealth Tax may be levied in Spain on non-resident individuals only on those assets and rights that are located or that may be exercised or fulfilled within the Spanish territory. For the years 2011, 2012, 2013 and 2014, Central Government has repealed the 100% relief of this tax.

As the Notes are issued by a non-resident entity and are not payable in Spain, no tax liability would arise for those non-resident individual investors without a permanent establishment in Spain.

Residents

Net Wealth Tax may be levied in Spain on resident individuals, on a worldwide basis. Though for the years 2011, 2012, 2013 and 2014 the Spanish Central Government has repealed the 100% relief of this tax, the actual collection of this tax depends on the regulations of each Autonomous Community. Thus, investors should consult their tax advisers according to the particulars of their situation.

Inheritance and Gift Tax

This tax is only applicable to individuals (i.e., corporations and entities, either resident or non-resident, are not affected by this particular tax).

Non-residents

Inheritance and Gift Tax may be levied in Spain on non-resident individuals only on those assets and rights that are located or that may be exercised or fulfilled within the Spanish territory.

As the Notes are issued by a non-resident entity and are not payable in Spain, no tax liability would arise for those non-resident individual investors without a permanent establishment in Spain.

Residents

Inheritance and Gift Tax may be levied in Spain on resident individuals, on a worldwide basis. As the actual collection of this tax depends on the regulations of each Autonomous Community, investors should consult their tax advisers according to the particulars of their situation.

SUBSCRIPTION AND SALE

Overview of Dealer Agreement

Subject to the terms and on the conditions contained in the Amended and Restated Dealer Agreement dated 30 May 2014 (as further amended and/or supplemented from time to time, the **Dealer Agreement**) between the Issuer, the Guarantor, the Permanent Dealers and the Arranger, the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer has agreed to reimburse the Arranger for certain of its expenses incurred in connection with the Programme and the Dealers for certain of their activities in connection with the Programme.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

Selling Restrictions

United States

The Notes and the Guarantee have not been and will not be registered under the Securities Act of 1933 (**The Securities Act**) and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S under the Securities Act or pursuant to an exemption from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act (**Regulation S**).

Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that, except as permitted by the Dealer Agreement, it has not offered and sold the Notes of any identifiable tranche, and shall not offer and sell the Notes of any identifiable Tranche, (i) as part of their distribution at any time or (ii) otherwise until 40 days after completion of the distribution of such Tranche, as determined and certified to the Issuer and each relevant Dealer, by the Issuing and Paying Agent or, in the case of Notes issued on a syndicated basis, the Lead Manager, within the United States or to, or for the account or benefit of, US persons, and it will have sent to each dealer to which it sells Notes during the distribution compliance period, as defined in Regulation S under the Securities Act, a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, US persons.

In addition, until 40 days after the commencement of the offering, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a **Relevant Member State**), each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the **Relevant Implementation Date**) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (c) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an **offer of Notes to the public** in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression **Prospectus Directive** means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression **2010 PD Amending Directive** means Directive 2010/73/EU.

United Kingdom

Each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that:

- (a) in relation to any Notes which have a maturity of less than one year, (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (ii) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of Section 19 of the Financial Services and Markets Act 2000, as amended (the **FSMA**) by the Issuer;
- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer or the Guarantor; and

(c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

The Netherlands

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that Zero Coupon Notes in definitive bearer form and other Notes in definitive bearer form on which interest does not become due and payable during their term but only at maturity (savings certificates or *spaarbewijzen*, as defined in the Dutch Savings Certificates Act or *Wet inzake spaarbewijzen* (the **SCA**)) may only be transferred and accepted, directly or indirectly, within, from or into The Netherlands through the mediation of either the Issuer or a member firm of Euronext Amsterdam N.V. with due observance of the provisions of the SCA and its implementing regulations (which include registration requirements). No such mediation is required, however, in respect of (i) the initial issue of those Notes to the first holders thereof, (ii) the transfer and acceptance by individuals who do not act in the conduct of a business or profession, and (iii) the issue and trading of those Notes, if they are physically issued outside The Netherlands and are not distributed in The Netherlands in the course of primary trading or immediately thereafter.

The Notes may not be offered to the public in The Netherlands in reliance on Article 3(2) of the Prospectus Directive (as defined under “European Economic Area” above) unless (i) such offer is made exclusively to persons or entities which are qualified investors as defined in the Prospectus Directive or (ii) standard exemption wording is disclosed as required by Article 5:20(5) of the Dutch Financial Supervision Act (*Wet op het financieel toezicht*), provided that no such offer of Notes shall require the publication of a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

Spain

Each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree that the Notes may not be offered or sold in the Kingdom of Spain by means of a public offer as defined and construed in the Spanish Securities Market Law of 28 July 1988 (*Ley 24/1988, de 28 de julio, del Mercado de Valores*), Royal Decree 1310/2005 of 4 November 2005 (*Real Decreto 1310/2005, de 4 de noviembre*) and any other regulations supplementing, completing, or amending such laws and decrees, each, as amended and restated, unless such sale, offer of distribution is made in compliance with the provisions of the Spanish Securities Market Law, Royal Decree 1310/2005 of 4 November 2005 and the applicable regulation.

Switzerland

Unless explicitly stated otherwise in the Final Terms of the relevant Notes, Notes issued under this Programme may not be publicly offered, sold or advertised, directly or indirectly, in, into or from Switzerland and will not be listed on the SIX Swiss Exchange or on any other exchange or regulated trading facility in Switzerland. Neither this Base Prospectus nor any other offering or marketing material relating to the Notes constitutes a prospectus as such term is understood pursuant to article 652a or article 1156 of the Swiss Code of Obligations or a listing prospectus within the meaning of the listing rules of the SIX Swiss Exchange or any other regulated trading facility in Switzerland and neither this Base Prospectus nor any other offering or marketing material relating to the Notes may be publicly distributed or otherwise made publicly available in Switzerland. The Notes do not constitute a participation in a collective investment scheme in the meaning of the Swiss Federal Act on Collective Investment Schemes (the **CISA**) and neither the Issuer nor the Notes are authorised by or registered with the Swiss Financial Market Supervisory Authority FINMA (**FINMA**) under the CISA. Therefore, investors in the Notes do not benefit from protection under the CISA or supervision by FINMA.

Japan

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that the Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended); the *Financial Instruments and Exchange Act*). Accordingly, each Dealer has represented and agreed, and each further Dealer will be required to represent and agree, that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Notes in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organised under the laws of Japan) or to others for re-offering or re-sale, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Act and other relevant laws and regulations of Japan.

Hong Kong

Each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that:

- (i) it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any Notes other than (a) to “professional investors” as defined in the Securities and Futures Ordinance (Cap. 571) of Hong Kong and any rules made under that Ordinance; or (b) in other circumstances which do not result in the document being a “prospectus” as defined in the Companies Ordinance (Cap. 32) of Hong Kong or which do not constitute an offer to the public within the meaning of that Ordinance; and
- (ii) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Notes, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” as defined in the Securities and Futures Ordinance and any rules made under that Ordinance.

Singapore

Each Dealer has acknowledged and each further Dealer appointed under the Programme will be required to acknowledge that this Base Prospectus has not been registered as a prospectus with the Monetary Authority of Singapore (the MAS). Accordingly, each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that it has not offered or sold any Notes or caused such Notes to be made the subject of an invitation for subscription or purchase and will not offer or sell such Notes or cause such Notes to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this Base Prospectus or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of such Notes, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 274 of the Securities and Futures Act, Chapter 289 of Singapore (the SFA), (ii) to a relevant person pursuant to Section 275(1), or any person pursuant to Section 275(1A), and in accordance with the conditions specified in Section 275, of the SFA (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

This Base Prospectus has not been registered as a prospectus with the MAS. Accordingly, this Base Prospectus and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of any Notes may not be circulated or distributed, nor may any Notes be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly,

to persons in Singapore other than (i) to an institutional investor under Section 274 of the SFA, (ii) to a relevant person pursuant to Section 275(1), or any person pursuant to Section 275(1A), and in accordance with the conditions specified in Section 275, of the SFA or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where Notes are subscribed or purchased under Section 275 of the SFA by a relevant person which is:

- (a) a corporation (which is not an accredited investor (as defined in Section 4A of the SFA)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or
- (b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor, securities (as defined in Section 239(1) of the SFA) of that corporation or the beneficiaries' rights and interest (howsoever described) in that trust shall not be transferred within six months after that corporation or that trust has acquired the Notes pursuant to an offer made under Section 275 of the SFA except:
 - (i) to an institutional investor or to a relevant person defined in Section 275(2) of the SFA, or to any person arising from an offer referred to in Section 275(1A) or Section 276(4)(i)(B) of the SFA;
 - (ii) where no consideration is or will be given for the transfer;
 - (iii) where the transfer is by operation of law;
 - (iv) as specified in Section 276(7) of the SFA or
 - (v) as specified in Regulation 32 of the Securities and Futures (Offers of Investments) (Shares and Debentures) Regulations 2005 of Singapore.

Republic of Italy

The offering of the Notes has not been registered with the *Commissione Nazionale per le Società e la Borsa (CONSOB)* pursuant to Italian securities legislation and, accordingly, no Notes may be offered, sold or delivered, nor may copies of this Base Prospectus or of any other document relating to any Notes be distributed in Italy, except, in accordance with any Italian securities, tax and other applicable laws and regulations.

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that it has not offered, sold or delivered, and will not offer, sell or deliver any Notes or distribute any copy of this Base Prospectus or any other document relating to the Notes in Italy except:

- (a) to qualified investors (*investitori qualificati*), as referred to in Article 100 of Legislative Decree no. 58 of 24 February 1998 (the **Financial Services Act**) and Article 34-ter, paragraph 1, letter (b) of CONSOB regulation No. 11971 of 14 May 1999 (the **Issuers Regulation**), all as amended from time to time; or
- (b) in other circumstances which are exempted from the rules on public offerings pursuant to Article 100 of the Financial Services Act and Issuers Regulation.

In any event, any offer, sale or delivery of the Notes or distribution of copies of this Base Prospectus or any other document relating to the Notes in Italy under paragraphs (a) or (b) above must be:

- (i) made by an investment firm, bank or financial intermediary permitted to conduct such activities in Italy in accordance with the Financial Services Act, Legislative Decree No. 385 of 1 September 1993 (the **Banking Act**), CONSOB Regulation No. 16190 of 29 October 2007, all as amended from time to time;
- (ii) in compliance with Article 129 of the Banking Act, as amended from time to time, and the implementing guidelines of the Bank of Italy, as amended from time to time, pursuant to which the Bank of Italy may request information on the offering or issue of securities in Italy; and
- (iii) in compliance with any other applicable laws and regulations, including any limitation or requirement which may be imposed from time to time by CONSOB or the Bank of Italy or other competent authority.

Investors should note that, in accordance with Article 100-*bis* of the Financial Services Act, where no exemption from the rules on public offerings applies under paragraphs (a) and (b) above, the subsequent distribution of the Notes on the secondary market in Italy must be made in compliance with the public offer and the prospectus requirement rules provided under the Financial Services Act and the Issuers Regulation. Furthermore, Notes which were initially offered and placed in Italy or abroad to qualified investors only (under an exemption from the rules on public offerings) and are, in the following year “systematically” distributed on the secondary market in Italy to investors other than qualified investors, become subject to the public offer and the prospectus requirement rules provided under the Financial Services Act and Issuers Regulation unless any exemptions from the rules on public offerings applies. Failure to comply with such rules may result in the sale of such Notes being declared null and void and in the liability of the intermediary transferring the financial instruments for any damages suffered by the purchasers of Notes who are acting outside of the course of their business or profession.

General

These selling restrictions may be modified by the agreement of the Issuer, the Guarantor and the Dealers following a change in a relevant law, regulation or directive.

Each Dealer has agreed, and each further Dealer will be required to agree, that it will comply with all relevant laws, regulations and directives in each country or jurisdiction in or from which it purchases, offers, sells or delivers Notes or possesses, distributes or publishes this Base Prospectus or any Final Terms or any related offering material, in all cases at its own expense.

Other persons into whose hands this Base Prospectus or any Final Terms comes are required by the Issuer, the Guarantors and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or possess, distribute or publish this Base Prospectus or any Final Terms or any related offering material, in all cases at their own expense.

Other than in Luxembourg, no action has been taken in any jurisdiction by the Issuer, the Guarantor or the Dealers that would permit a public offering of any of the Notes, or possession or distribution of this Base Prospectus or any other offering material or any Final Terms, in any country or jurisdiction where action for that purpose is required.

None of the Issuer, the Guarantor, the Trustee or the Dealers represents that Notes may, at any time, lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

With regard to each Tranche, the relevant Dealer will be required to comply with such other restrictions as the Issuer, the Guarantor and the relevant Dealer shall agree amongst themselves.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, save for the text in italics and subject to completion in accordance with the provisions of the relevant Final Terms, shall be applicable to the Notes in definitive form (if any) issued in exchange for the Global Note(s) representing each Series. Either (i) the full text of these terms and conditions together with the provisions of the relevant Final Terms or (ii) these terms and conditions as so completed, shall be endorsed on such Notes. References in the Conditions to “Notes” are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are constituted by the Amended and Restated Trust Deed dated 30 May 2014 (as amended and/or supplemented as at the date of issue of the Notes (the **Issue Date**), the **Trust Deed**) between the Issuer, the Guarantor, and Citicorp Trustee Company Limited (the **Trustee**, which expression shall include all persons for the time being the trustee or trustees under the Trust Deed) as trustee for the Noteholders (as defined below). These terms and conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed, which includes the form of the Notes, Receipts, Coupons and Talons referred to below. The Amended and Restated Agency Agreement (as amended and/or supplemented as at the Issue Date, the **Agency Agreement**) dated 30 May 2014 has been entered into in relation to the Notes between the Issuer, the Guarantor, the Trustee, Citibank, N.A., London Branch as initial issuing and paying agent and the other agents named in it. The issuing and paying agent, the paying agents and the calculation agent(s) for the time being (if any) are referred to below respectively as the **Issuing and Paying Agent**, the **Paying Agents** (which expression shall include the Issuing and Paying Agent), and the **Calculation Agent(s)**. Copies of the Trust Deed and the Agency Agreement are available for inspection during usual business hours at the principal office of the Trustee (presently at Agency & Trust, 14th Floor, Citigroup Centre, Canada Square, Canary Wharf, London E14 5LB) and at the specified offices of the Paying Agents.

The Noteholders, the holders of the interest coupons (the **Coupons**) relating to interest bearing Notes and, where applicable in the case of such Notes, talons for further Coupons (the **Talons**) (the **Couponholders**) and the holders of the receipts for the payment of instalments of principal (the **Receipts**) relating to Notes of which the principal is payable in instalments are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Deed and are deemed to have notice of those provisions applicable to them of the Agency Agreement and the relevant Final Terms.

1. Form, Specified Denomination and Title

The Notes are issued in bearer form (**Notes**) in each case in the Specified Denomination(s) shown in the relevant Final Terms, provided that in the case of any Notes which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive, the minimum Specified Denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of those Notes). Notes of one Specified Denomination may not be exchanged for Notes of another denomination.

This Note is a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, an Instalment Note or a combination of any of the foregoing or any other kind of Note, depending upon the Interest and Redemption/Payment Basis shown in the relevant Final Terms.

So long as the Notes are represented by a Temporary Global Note or Permanent Global Note and the relevant clearing system(s) so permit, the Notes will be tradable only in (a) if the Specified Denomination stated in the relevant Final Terms is €100,000 (or its equivalent in another currency), the authorised denomination of €100,000 (or its equivalent in another currency) and integral multiples of €100,000 (or its equivalent in another currency) thereafter, or (b) if the Specified Denomination stated in the relevant Final Terms is €100,000 (or its equivalent in another currency) and integral multiples of €1,000 (or its equivalent in another currency) in excess thereof, the minimum authorised denomination of €100,000 (or its equivalent in another currency) and higher integral multiples of €1,000 (or its equivalent in another

currency), notwithstanding that no definitive notes will be issued with a denomination above €199,000 (or its equivalent in another currency).

Notes are serially numbered in the Specified Currency and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Instalment Notes are issued with one or more Receipts attached.

Title to the Notes and the Receipts, Coupons and Talons shall pass by delivery. The holder (as defined below) of any Note, Receipt, Coupon or Talon shall (except as otherwise required by law) be deemed to be and may be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any interest in it, any writing on it or its theft or loss) and no person shall be liable for so treating the holder.

In these Conditions, **Noteholder** means the bearer of any Note and the Receipts relating to it, **holder** (in relation to a Note, Receipt, Coupon or Talon) means the bearer of any Note, Receipt, Coupon or Talon and capitalised terms have the meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

2. Guarantee and Status

- (a) **Guarantee:** The Guarantor has unconditionally and irrevocably guaranteed the due payment of all sums expressed to be payable by the Issuer under the Trust Deed, the Notes, Receipts and Coupons. Its obligations in that respect (the **Guarantee**) are contained in the Trust Deed.
- (b) **Status:** The Notes and the Receipts and Coupons relating to them constitute (subject to Condition 3) unsecured and unsubordinated obligations of the Issuer and shall at all times rank *pari passu* and without any preference among themselves. The payment obligations of the Issuer under the Notes and the Receipts and Coupons relating to them and of the Guarantor under the Guarantee shall, save for such exceptions as may be provided by the laws of bankruptcy and other laws affecting the rights of creditors generally and subject to Condition 3, at all times rank at least equally with all their respective other present and future unsecured and unsubordinated obligations.

3. Negative Pledge

So long as any of the Notes, Receipts or Coupons remain outstanding (as defined in the Trust Deed), each of the Issuer and the Guarantor undertakes that it will not create or have outstanding any mortgage, charge, pledge, lien or other security interest (each a **Security Interest**) upon the whole or any part of its undertaking, assets or revenues (including any uncalled capital), present or future, in order to secure any Relevant Indebtedness (as defined below) or to secure any guarantee of or indemnity in respect of any Relevant Indebtedness unless (a) all amounts payable by the Issuer and/or the Guarantor under the Notes, the Receipts, the Coupons and the Trust Deed are equally and rateably secured therewith by such Security Interest to the satisfaction of the Trustee or (b) such other Security Interest or other arrangement (whether or not it includes the giving of a Security Interest) is provided either (A) as the Trustee shall in its absolute discretion deem not materially less beneficial to the interests of the Noteholders or (B) as shall be approved by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders.

In these Conditions, **Relevant Indebtedness** means any obligation in respect of present or future indebtedness in the form of, or represented or evidenced by, bonds, debentures, notes or other securities which are, or are intended to be (with the consent of the issuer thereof), quoted, listed, dealt in or traded on any stock exchange or over-the-counter market other than such indebtedness which by its terms will mature within a period of one year from its date of issue.

4. Interest and other Calculations

- (a) **Interest on Fixed Rate Notes:** Each Fixed Rate Note bears interest on its outstanding principal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 4(f).
- (b) **Interest on Floating Rate Notes:**
- (i) *Interest Payment Dates:* Each Floating Rate Note bears interest on its outstanding principal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 4(f). Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the relevant Final Terms as the Specified Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.
- (ii) *Business Day Convention:* If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.
- (iii) *Rate of Interest for Floating Rate Notes:* The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms and the provisions below relating to any of ISDA Determination, Screen Rate Determination or Linear Interpolation shall apply, depending upon which is specified in the relevant Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), **ISDA Rate** for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified in the relevant Final Terms;
- (y) the Designated Maturity is a period specified in the relevant Final Terms; and

- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), *Floating Rate*, *Calculation Agent*, *Floating Rate Option*, *Designated Maturity*, *Reset Date* and *Swap Transaction* have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Notes

- (x) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00a.m. (London time in the case of LIBOR, LIBID and LIMEAN or Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

- (y) if the Relevant Screen Page is not available or if sub-paragraph (x)(1) applies and no such offered quotation appears on the Relevant Screen Page or if sub-paragraph (x)(2) above applies and fewer than three such offered quotations appear on the Relevant Screen Page in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, LIBID or LIMEAN, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Eurozone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, LIBID or LIMEAN at approximately 11.00a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and

- (z) if paragraph (y) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, LIBID or LIMEAN at approximately 11.00a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference

Rate by leading banks in, if the Reference Rate is LIBOR, LIBID or LIMEAN, the London inter-bank market or, if the Reference Rate is EURIBOR, the Eurozone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, LIBID or LIMEAN, at approximately 11.00a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Trustee and the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, LIBID or LIMEAN, the London inter-bank market or, if the Reference Rate is EURIBOR, the Eurozone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

(C) Linear Interpolation

Where Linear Interpolation is specified in the relevant Final Terms as applicable in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where “Screen Rate Determination” is specified in the relevant Final Terms as being applicable) or the relevant Floating Rate Option (where “ISDA Determination” is specified in the relevant Final Terms as being applicable), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Accrual Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Accrual Period, provided, however, that if there is no rate available for a period of time next shorter or, as the case may be, next longer than the relevant Interest Accrual Period, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

“**Applicable Maturity**” means: (a) in relation to Screen Rate Determination, the period of time designated in the Reference Rate, and (b) in relation to ISDA Determination, the Designated Maturity.

- (c) **Zero Coupon Notes:** Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 5(b)(i)).

- (d) **Accrual of Interest:** Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 4 to the Relevant Date.
- (e) **Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts and Rounding:**
- (i) If any Margin is specified in the relevant Final Terms (either (x) generally or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with Condition 4(b) above by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin, subject always to the next paragraph.
 - (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
 - (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes *unit* means the lowest amount of such currency that is available as legal tender in the country or countries (as appropriate) of such currency.
- (f) **Calculations:** The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount specified in the relevant Final Terms, and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.
- (g) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Change of Control Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Instalment Amounts:** The Calculation Agent shall, as soon as practicable on each Interest Determination Date, or such other time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Change of Control Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Change of Control Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Instalment Amount to be notified to the Trustee, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation

Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange or other relevant authority of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 4(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made with the consent of the Trustee by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 8, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made unless the Trustee otherwise requires. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

- (h) **Determination or Calculation by Trustee:** If the Calculation Agent does not at any time for any reason determine or calculate the Rate of Interest for an Interest Accrual Period or any Interest Amount, Instalment Amount, Final Redemption Amount, Change of Control Redemption Amount, Early Redemption Amount or Optional Redemption Amount, the Trustee shall do so (or shall appoint an agent on its behalf to do so) and such determination or calculation shall be deemed to have been made by the Calculation Agent. In doing so, the Trustee shall apply the foregoing provisions of this Condition, with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and, in all other respects it shall do so in such manner as it shall deem fair and reasonable in all the circumstances.
- (i) **Definitions:** In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

Business Day means:

- (i) in the case of a currency other than euro, a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in the principal financial centre for such currency and/or
- (ii) in the case of euro, a day on which the TARGET System is operating (a **TARGET Business Day**) and/or
- (iii) in the case of a currency and/or one or more Business Centres a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments in such currency in the Business Centre(s) or, if no currency is indicated, generally in each of the Business Centres.

Day Count Fraction means, in respect of the calculation of an amount of interest on any Note for any period of time (from and including the first day of such period to but excluding the last) (whether or not constituting an Interest Period or Interest Accrual Period, the **Calculation Period**):

- (i) if **Actual/Actual**, **Actual/Actual (ISDA)**, **Act/Act** or **Act/Act (ISDA)** is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual

number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);

- (ii) if **Actual/Actual (ICMA)** or **Act/Act (ICMA)** is specified in the relevant Final Terms, a fraction equal to “number of days accrued/number of days in year”, as such terms are used in Rule 251 of the statutes, by-laws, rules and recommendations of the International Capital Markets Association (the **ICMA Rule Book**), calculated in accordance with Rule 251 of the ICMA Rule Book as applied to non-U.S. dollar denominated straight and convertible bonds issued after 31 December 1998, as though the interest coupon on a bond were being calculated for a coupon period corresponding to the Calculation Period;
- (iii) if **Actual/365 (Fixed)**, **Act/365 (Fixed)**, **A/365 (Fixed)** or **A/365F** is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by 365;
- (iv) if **Actual/365 (Sterling)** is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (v) if **Actual/360**, **Act/360** or **A/360** is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by 360;
- (vi) if **30/360**, **360/360** or **Bond Basis** is specified in the relevant Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

Y_1 is the year, expressed as a number, in which the first day of the Calculation Period falls;

Y_2 is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

M_1 is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

M_2 is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

D_1 is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D_1 will be 30; and

D_2 is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and D_1 is greater than 29, in which case D_2 will be 30;

- (vii) if **30E/360** or **Eurobond Basis** is specified in the relevant Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

Y_1 is the year, expressed as a number, in which the first day of the Calculation Period falls;

Y_2 is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

M_1 is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

M_2 is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

D_1 is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D_1 will be 30; and

D_2 is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case D_2 will be 30;

(viii) if **30E/360 (ISDA)** is specified in the relevant Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

Y_1 is the year, expressed as a number, in which the first day of the Calculation Period falls;

Y_2 is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

M_1 is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

M_2 is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

D_1 is the first calendar day, expressed as a number, of the Calculation Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D_1 will be 30; and

D_2 is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D_2 will be 30.

Eurozone means the region comprised of member states of the European Union that adopt the single currency in accordance with the Treaty on the Functioning of the European Union, as amended from time to time.

Interest Accrual Period means the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the first Interest Period Date and each successive period beginning on (and including) an Interest Period Date and ending on (but excluding) the next succeeding Interest Period Date.

Interest Amount means (i) in respect of an Interest Accrual Period, the amount of interest payable per Calculation Amount for that Interest Accrual Period and, in the case of Fixed Rate Notes, the Fixed

Coupon Amount or Broken Amount, specified in the relevant Final Terms as being payable on the Interest Payment Date ending the Interest Period of which such Interest Accrual Period forms part; and (ii) in respect of any other period, the amount of interest payable per Calculation Amount for that period.

Interest Commencement Date means the Issue Date or such other date as may be specified in the relevant Final Terms.

Interest Determination Date means, with respect to a Rate of Interest and Interest Accrual Period, the date specified as such in the relevant Final Terms or, if none is so specified, (i) the first day of such Interest Accrual Period if the Specified Currency is Sterling or (ii) the day falling two Business Days in London for the Specified Currency prior to the first day of such Interest Accrual Period if the Specified Currency is neither Sterling nor euro or (iii) the day falling two TARGET Business Days prior to the first day of such Interest Accrual Period if the Specified Currency is euro.

Interest Period means the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the first Interest Payment Date and each successive period beginning on (and including) an Interest Payment Date and ending on (but excluding) the next succeeding Interest Payment Date.

Interest Period Date means each Interest Payment Date unless otherwise specified in the relevant Final Terms.

ISDA Definitions means the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc., and as amended and updated as at the issue date of the first Tranche (as defined in the Trust Deed) of the relevant Series of Notes, unless otherwise specified in the relevant Final Terms.

Rate of Interest means the rate of interest payable from time to time in respect of this Note and that is specified in the relevant Final Terms or calculated or determined in accordance with the provisions of these Conditions.

Reference Banks means, in the case of a determination of LIBOR, LIBID or LIMEAN, the principal London office of four major banks in the London inter-bank market and, in the case of a determination of EURIBOR, the principal Eurozone office of four major banks in the Eurozone inter-bank market, in each case selected by the Calculation Agent or as specified in the relevant Final Terms.

Reference Rate means the rate specified as such in the relevant Final Terms.

Relevant Date means whichever is the later of:

- (i) the date on which payment first becomes due and
- (ii) if the full amount payable has not been received by the Issuing and Paying Agent or the Trustee on or prior to such due date, the date on which the full amount having been so received, notice to that effect shall have been given to the Noteholders.

Any reference in these Conditions to **principal** and/or **interest** shall be deemed to include any additional amounts that may be payable under this Condition or any undertaking given in addition to or in substitution for it under the Trust Deed.

Relevant Screen Page means such page, section, caption, column or other part of a particular information service as may be specified in the relevant Final Terms.

Specified Currency means the currency specified as such in the relevant Final Terms or, if none is specified, the currency in which the Notes are denominated.

TARGET System means the Trans-European Automated Real-Time Gross Settlement Express Transfer (known as TARGET2) System, which was launched on 19 November 2007, or any successor thereto.

- (j) **Calculation Agent:** The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined in the Trust Deed). Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Change of Control Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall (with the prior approval of the Trustee) appoint a leading bank or investment banking firm engaged in the interbank market that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

5. Redemption, Purchase and Options

(a) Redemption by Instalments and Final Redemption:

- (i) Unless previously redeemed, or purchased and cancelled, as provided in this Condition 5, each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the relevant Final Terms. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.
- (ii) Unless previously redeemed, or purchased and cancelled, as provided below, each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount or, in the case of a Note falling within sub-paragraph (i) above, its final Instalment Amount.

(b) Early Redemption:

(i) Zero Coupon Notes:

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, the Early Redemption Amount of which is not linked to a formula, upon redemption of such Note pursuant to Condition 5(c) or upon it becoming due and payable as provided in Condition 9 shall be the Amortised Face Amount (calculated as provided below) of such Note unless otherwise specified in the relevant Final Terms.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation

Yield (which, if none is shown in the relevant Final Terms, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.

- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 5(c) or upon it becoming due and payable as provided in Condition 8 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 4(c).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the relevant Final Terms.

- (ii) *Other Notes*: The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 5(c) or upon it becoming due and payable as provided in Condition 8, shall be the Final Redemption Amount unless otherwise specified in the relevant Final Terms.
- (c) **Redemption for Taxation Reasons**: The Notes (other than Notes in respect of which the Issuer shall have given a notice of redemption pursuant to Condition 5(d) or in respect of which a Noteholder shall have exercised its option under Condition 5(e) in each case prior to any notice being given under this Condition 5(c)) may be redeemed at the option of the Issuer in whole, but not in part, on any Interest Payment Date (if this Note is a Floating Rate Note) or, at any time (if this Note is not a Floating Rate Note), on giving not less than 30 nor more than 60 days' notice to the Noteholders (which notice shall be irrevocable) at their Early Redemption Amount (as described in Condition 5(b) above) (together with interest accrued to the date fixed for redemption), if (i) the Issuer satisfies the Trustee immediately prior to the giving of such notice that it or (if the Guarantee were called) the Guarantor has or will become obliged to pay additional amounts as provided or referred to in Condition 7 as a result of any change in, or amendment to, the laws or regulations of The Netherlands or (in the case of a payment to be made by the Guarantor) the Kingdom of Spain, or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date, and (ii) such obligation cannot be avoided by the Issuer (or the Guarantor, as the case may be) taking reasonable measures available to it, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer (or the Guarantor, as the case may be) would be obliged to pay such additional amounts were a payment in respect of the Notes (or the Guarantee, as the case may be) then due. Prior to the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Trustee a certificate signed by two directors of the Issuer (or two authorised officers of the Guarantor, as the case may be) stating that the obligation referred to in (i) above cannot be avoided by the Issuer (or the Guarantor, as the case may be) taking reasonable measures available to it and the Trustee shall be entitled to accept such certificate as sufficient evidence of the satisfaction of the condition precedent set out in (ii) above in which event it shall be conclusive and binding on Noteholders and Couponholders.
- (d) **Redemption at the Option of the Issuer**: If Call Option is specified in the relevant Final Terms as being applicable, the Issuer may, on giving not less than 15 nor more than 30 days' irrevocable notice to the Noteholders (or such other notice period as may be specified in the relevant Final Terms)

redeem all or, if so provided, some of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption. Any such redemption or exercise must relate to Notes of a principal amount at least equal to the Minimum Redemption Amount to be redeemed specified in the relevant Final Terms and no greater than the Maximum Redemption Amount to be redeemed specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption, the notice to Noteholders shall also contain the certificate numbers of the Notes to be redeemed, which shall have been drawn up in such place as the Trustee may approve and in such manner as it deems appropriate, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements.

- (e) **Redemption at the Option of Noteholders:** If Put Option is specified in the relevant Final Terms as being applicable, the Issuer shall, at the option of the holder of any such Note, upon the holder of such Note giving not less than 15 nor more than 30 days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption.

To exercise such option, the holder must deposit such Note (together with all unmatured Receipts and Coupons and unexchanged Talons) with any Paying Agent, together with a duly completed option exercise notice (**Exercise Notice**) in the form obtainable from any Paying Agent, within the notice period. No Note so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer.

- (f) **Redemption at the option of the Noteholders upon a Change of Control:** If a Change of Control Put Option is specified in the relevant Final Terms as being applicable and a Change of Control (as defined below) occurs and, during the Change of Control Period, a Rating Downgrade occurs (together, a **Put Event**), the holder of any such Note will have the option (the **Change of Control Put Option**) to require the Issuer to redeem or, at the Issuer's option, to procure the purchase of such Notes on the Optional Redemption Date at the Change of Control Redemption Amount.

A **Change of Control** shall be deemed to have occurred at each time that any person or persons acting in concert (**Relevant Persons**) or any person or persons acting on behalf of such Relevant Persons, acquire(s) control, directly or indirectly, of the Guarantor.

control means: (a) the acquisition or control of more than 50% of the voting rights of the issued share capital of the Guarantor; or (b) the right to appoint and/or remove all or the majority of the members of the Guarantor's Board of Directors or other governing body, whether obtained directly or indirectly, whether obtained by ownership of share capital, the possession of voting rights, contract or otherwise.

Change of Control Period means the period commencing on the date on which the relevant Change of Control occurs or the date of the first relevant Potential Change of Control Announcement, whichever is the earlier, and ending on the date which is 90 days after the date of the occurrence of the relevant Change of Control.

Change of Control Redemption Amount means an amount equal to par plus interest accrued to but excluding the Optional Redemption Date.

Potential Change of Control Announcement means any public announcement or statement by the Issuer or any actual or bona fide potential bidder relating to any potential Change of Control.

Rating Agency means any of the following: (a) Standard & Poor's Credit Market Services Europe Limited (**S&P**); (b) Moody's Investors Service Limited (**Moody's**); (c) Fitch Ratings España, S.A.U. (**Fitch Ratings**); or (d) any other credit rating agency of equivalent international standing specified from time to time by the Issuer and, in each case, their respective successors or affiliates.

A **Rating Downgrade** shall be deemed to have occurred in respect of a Change of Control if, within the Change of Control Period, the rating previously assigned to the Guarantor is lowered by at least two full rating notches (by way of example, BB+ to BB-, in the case of S&P) (a **downgrade**) or withdrawn, in each case, by the requisite number of Rating Agencies (as defined above), and is not, within the Change of Control Period, subsequently upgraded (in the case of a downgrade) or reinstated (in the case of a withdrawal) to its earlier credit rating or better, such that there is no longer a downgrade or withdrawal by the requisite number of Rating Agencies. For these purposes, the **requisite number of Rating Agencies** shall mean (i) at least two Rating Agencies, if, at the time of the rating downgrade or withdrawal, three or more Rating Agencies have assigned a credit rating to the Guarantor, or (ii) at least one Rating Agency if, at the time of the rating downgrade or withdrawal, fewer than three Rating Agencies have assigned a credit rating to the Guarantor.

Notwithstanding the foregoing, no Rating Downgrade shall be deemed to have occurred in respect of a particular Change of Control if (a) following such a downgrade, the Guarantor is still assigned an Investment Grade Rating by one or more of the Rating Agencies effecting the downgrade, or (b) the Rating Agencies lowering or withdrawing their rating do not publicly announce or otherwise confirm in writing to the Issuer that such reduction or withdrawal was the result, in whole or part, of any event or circumstance comprised in, or arising as a result of, or in respect of, the applicable Change of Control.

Investment Grade Rating means: (1) with respect to S&P, any of the categories from and including AAA to and including BBB- (or equivalent successor categories); (2) with respect to Moody's, any of the categories from and including Aaa to and including Baa3 (or equivalent successor categories); (3) with respect to Fitch Ratings, any of the categories from and including AAA to and including BBB- (or equivalent successor categories); and (4) with respect to any other credit rating agency of equivalent international standing specified from time to time by the Issuer, a rating that is equivalent to, or better than, the foregoing.

Promptly upon the Issuer becoming aware that a Put Event has occurred, the Issuer shall give notice (**Put Event Notice**) to the Issuing and Paying Agent, the Paying Agents and the Noteholders in accordance with Condition 15 specifying the nature of the Put Event and the circumstances giving rise to it and the procedure for exercising the Change of Control Put Option, as well as the date upon which the Put Period (as defined below) will end and the Optional Redemption Date (as specified in the relevant Final Terms).

To exercise the Change of Control Put Option to require redemption or, as the case may be, purchase of such Note under this section, the holder of such Note must transfer or cause to be transferred its Notes to be so redeemed or purchased to the account of the Fiscal Agent specified in the Put Option Notice for the account of the Issuer within the period (**Put Period**) of 45 days after the Put Event Notice is given together with a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent (a **Put Option Notice**) and in which the holder may specify a bank account to which payment is to be made under this section.

The Issuer shall redeem or, at the option of the Issuer, procure the purchase of the relevant Notes in respect of which the Change of Control Put Option has been validly exercised as provided above, and

subject to the transfer of such Notes to the account of the Issuing and Paying Agent for the account of the Issuer as described above on the Optional Redemption Date which is specified in the relevant Final Terms. Payment in respect of any Note so transferred will be made in the relevant Specified Currency to the holder to the relevant Specified Currency denominated bank account in the Put Option Notice on the Optional Redemption Date via the relevant account holders.

- (g) **Purchases:** The Issuer, the Guarantor and any other Subsidiary may at any time purchase Notes in the open market or otherwise at any price (provided that they are purchased together with all unmatured Receipts and Coupons and unexchanged Talons relating to them). The Notes so purchased, while held by or on behalf of the Issuer, the Guarantor or any other Subsidiary, shall not entitle the holder to vote at any meetings of the Noteholders and shall not be deemed to be outstanding for the purposes of calculating quorums at meetings of the Noteholders or for the purposes of Conditions 8, 11(a) and 12.

In these Conditions, **Subsidiary** means any entity of which the Guarantor has control and “control” for the purpose of this definition means the beneficial ownership whether direct or indirect of the majority of the issued share capital or the right to direct the management and policies of such entity, whether by the ownership of share capital, contract or otherwise. A certificate executed by any two authorised officers of the Guarantor listing the entities that are Subsidiaries at any time shall, in the absence of manifest error, be conclusive and binding on all parties.

- (h) **Cancellation:** All Notes so redeemed or purchased (other than, at the discretion of the Issuer, the Guarantor or any other Subsidiary, as applicable, those purchased pursuant to Condition 5(g) above) and any unmatured Receipts and Coupons and all unexchanged Talons attached to or surrendered with them will be surrendered for cancellation by surrendering to the Issuing and Paying Agent and may not be reissued or resold and the obligations of the Issuer and the Guarantor in respect of any such Notes shall be discharged.

6. Payments and Talons

- (a) **Payments of Principal and Interest:** Payments of principal and interest shall be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note) (or in the case of partial payment, endorsement thereof), Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 6(e)(vi)) or Coupons (in the case of interest, save as specified in Condition 6(e)(ii)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a bank in the principal financial centre for such currency or, in the case of euro, in a city in which banks have access to the TARGET System.
- (b) **Payments in the United States:** Notwithstanding the foregoing, if any Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States and its possessions with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.
- (c) **Payments subject to Fiscal Laws:** All payments are subject in all cases to (i) any applicable fiscal or other laws and regulations but without prejudice to the provisions of Condition 7 and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S.

Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 7) any law implementing an intergovernmental approach thereto. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

- (d) **Appointment of Agents:** The Issuing and Paying Agent, the Paying Agents and the Calculation Agent initially appointed by the Issuer and the Guarantor and their respective specified offices are listed below. The Issuing and Paying Agent, the Paying Agents and the Calculation Agent act solely as agents of the Issuer and the Guarantor and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuer and the Guarantor reserve the right at any time with the prior written approval of the Trustee to vary or terminate the appointment of the Issuing and Paying Agent, any other Paying Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) an Issuing and Paying Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) Paying Agents having specified offices in at least two major European cities (including Luxembourg) so long as the Notes are listed on the Luxembourg Stock Exchange and (iv) such other agents as may be required by the rules of any other stock exchange on which the Notes may be listed in each case, as approved by the Trustee and (v) a Paying Agent with a specified office in a European Union member state other than The Netherlands or Spain (if any) that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council Meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive.

In addition, the Issuer and the Guarantor shall forthwith appoint a Paying Agent in New York City in respect of any Notes denominated in U.S. dollars in the circumstances described in paragraph (b) above.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders.

- (e) **Unmatured Coupons and Receipts and Unexchanged Talons:**

- (i) Upon the due date for redemption of Notes which comprise Fixed Rate Notes, they should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unexpired Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Change of Control Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9).
- (ii) Upon the due date for redemption of any Note comprising Floating Rate Notes, unexpired Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Note, any unexpired Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.

- (iv) Upon the due date for redemption of any Note that is redeemable in instalments, all Receipts relating to such Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
 - (v) Where any Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
 - (vi) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Note. Interest accrued on a Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note.
- (f) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Paying Agents in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9).
- (g) **Non-Business Days:** If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, **business day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as **Financial Centre(s)** in the relevant Final Terms and:
- (i) (in the case of a payment in a currency other than euro) where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or
 - (ii) (in the case of a payment in euro) which is a TARGET Business Day.

7. Taxation

All payments of principal and interest by or on behalf of the Issuer or the Guarantor in respect of the Notes, the Receipts and the Coupons or under the Guarantee shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within The Netherlands or the Kingdom of Spain or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law. In that event, the Issuer or, as the case may be, the Guarantor shall pay such additional amounts as shall result in receipt by the Noteholders and Couponholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon presented for payment:

- (a) in the case of a payment by or on behalf of the Issuer, in The Netherlands or, in the case of a payment by or on behalf of the Guarantor, in the Kingdom of Spain and/or
- (b) by or on behalf of a holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his having some connection with The

Netherlands or, in the case of payments made by the Guarantor, the Kingdom of Spain other than the mere holding of the Note or Coupon and/or

- (c) by or on behalf of a holder who could fully or partially avoid such withholding or deduction by (i) making a declaration of non-residence in a valid form but fails to do so or by (ii) authorising the relevant paying agent to report information in accordance with the procedure laid down by the relevant tax authority or by delivering, in the form required by the relevant tax authority, a declaration, claim, certificate, document or other evidence establishing the exemption, reduction or avoidance therefrom and/or
- (d) more than 30 days after the Relevant Date except to the extent that the holder of it would have been entitled to such additional amounts on presenting such Note, Receipt or Coupon for payment on the last day of such period of 30 days (assuming the day to have been a business day for the purpose of Condition 6(g)) and/or
- (e) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council Meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive or law and/or
- (f) where such withholding or deduction is required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto and/or
- (g) by or on behalf of a holder who would have been able to fully or partially avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union.

8. Events of Default

If any of the following events (each an **Event of Default**) occurs and is continuing, the Trustee at its discretion may, and if so requested by holders of at least one-fifth in principal amount of the Notes then outstanding (as defined in the Trust Deed) or if so directed by an Extraordinary Resolution (as defined in the Trust Deed) shall, subject to its being indemnified to its satisfaction, give notice to the Issuer that the Notes are, and they shall immediately become, due and payable at their Early Redemption Amount together with accrued interest:

- (a) **Non-Payment:** the Issuer fails to pay any interest on any of the Notes when due and such failure continues for a period of 14 days; or
- (b) **Breach of Other Obligations:** the Issuer or the Guarantor does not perform or comply with any one or more of its other obligations in the Notes or the Trust Deed, which default is incapable of remedy or, if in the opinion of the Trustee capable of remedy, is not in the opinion of the Trustee remedied within 30 days after notice of such default shall have been given to the Issuer or the Guarantor by the Trustee; or
- (c) **Cross-Default:**
 - (i) any Relevant Indebtedness of the Issuer or the Guarantor becomes due and payable prior to its stated maturity by reason of any actual or potential default, event of default or the like (howsoever described); or

(ii) any Relevant Indebtedness of the Issuer or the Guarantor is not paid when due or, as the case may be, within any applicable grace period; or

(iii) the Issuer or the Guarantor fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any Relevant Indebtedness of any other person,

provided that the aggregate of all such amounts which have become due and payable, as described in (c)(i) above, and/or have not been paid when due, as described in (c)(ii) and/or (c)(iii) above (as the case may be), equals or exceeds the greater of an amount equal to 0.25% of Total Shareholders Equity and U.S.\$50,000,000 or its equivalent (as reasonably determined by the Trustee); or

(d) **Enforcement Proceedings:** a distress, attachment, execution or other legal process is levied, enforced or sued out on or against the whole or any substantial part of the property, assets or revenues of the Issuer or the Guarantor and is not discharged or stayed within 30 days; or

(e) **Security Enforced:** any mortgage, charge, pledge, lien or other encumbrance, present or future, created or assumed by the Issuer or the Guarantor becomes enforceable against the whole or any substantial part of the assets or undertaking of the Issuer or the Guarantor and any step is taken to enforce it (including the taking of possession or the appointment of a receiver, manager or other similar person); or

(f) **Insolvency:** the Issuer or the Guarantor is insolvent or bankrupt, stops, suspends or threatens to stop or suspend payment of all of its debts, proposes or makes a general assignment or an arrangement or composition with or for the benefit of the relevant creditors in respect of any of such debts or a moratorium is agreed or declared in respect of or affecting all or substantially all of the debts of the Issuer or the Guarantor; or

(g) **Winding-up:** an order is made or an effective resolution passed for the winding-up or dissolution of the Issuer or the Guarantor, or the Issuer or the Guarantor ceases or threatens to cease to carry on all or substantially all of its business or operations, except for the purpose of and followed by a reconstruction, amalgamation, reorganisation, merger or consolidation on terms approved by the Trustee or by an Extraordinary Resolution of the Noteholders; or

(h) **Illegality:** it is unlawful for the Issuer or the Guarantor to perform or comply with any one or more of its obligations under any of the Notes or the Trust Deed; or

(i) **Analogous Events:** any event occurs which under the laws of any relevant jurisdiction has an analogous effect to any of the events referred to in any of the foregoing paragraphs; or

(j) **Guarantee:** the Guarantee is not (or is claimed by the Guarantor not to be) in full force and effect, provided that in the case of an event falling within paragraphs (b) to (e) or (h) to (j) the Trustee shall have certified that in its opinion such event is materially prejudicial to the interests of the Noteholders.

For the purposes of this Condition:

Total Shareholders' Equity means the total shareholders' equity of the Guarantor, as shown in the then latest audited consolidated accounts of the Guarantor.

9. Prescription

Claims in respect of principal and interest will become void unless presentation for payment is made as required by Condition 6 within a period of 10 years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date.

10. Replacement of Notes, Receipts, Coupons and Talons

If any Note, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Issuing and Paying Agent in London or at the specified office of the Paying Agent in Luxembourg, subject to all applicable laws and stock exchange requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security and indemnity and otherwise as the Issuer and the Guarantor may require (provided that the requirement is reasonable in the light of prevailing market practice). Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

11. Meetings of Noteholders, Modification, Waiver and Substitution

- (a) **Meetings of Noteholders:** The Trust Deed contains provisions for convening meetings of Noteholders to consider matters affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of any of these Conditions or any provisions of the Trust Deed. Such a meeting may be convened by Noteholders holding not less than 10% in nominal amount of the Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution will be one or more persons holding or representing a clear majority in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one person being or representing Noteholders whatever the nominal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to modify the maturity of the Notes, or the dates on which interest is payable in respect of the Notes, (ii) to reduce or cancel the nominal amount of, or interest on, the Notes, (iii) to change the currency of payment of the Notes or the Coupons, (iv) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass an Extraordinary Resolution, or (v) to modify or cancel the Guarantee, in which case the necessary quorum shall be one person holding or representing not less than 75%, or at any adjourned meeting not less than 25%, in principal amount of the Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on Noteholders (whether or not they were present at the meeting at which such resolution was passed) and on all Couponholders. The Trust Deed provides that a resolution in writing signed by or on behalf of the holders of not less than 75% in nominal amount of the Notes outstanding shall for all purposes be as valid and effective as an Extraordinary Resolution passed at a meeting of the Noteholders duly convened and held. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one of more Noteholders.
- (b) **Modification and waiver:** The Trustee may agree, without the consent of the Noteholders or Couponholders, to (i) any modification of any of the provisions of the Trust Deed which in the opinion of the Trustee is of a formal, minor or technical nature or is made to correct a manifest error, and (ii) any other modification (except as mentioned in the Trust Deed), and any waiver or authorisation of any breach or proposed breach, of any of the provisions of the Trust Deed which is in the opinion of the Trustee not materially prejudicial to the interests of the Noteholders. Any such modification, authorisation or waiver shall be binding on the Noteholders and the Couponholders and, if the Trustee so requires, such modification shall be notified to the Noteholders as soon as practicable.
- (c) **Substitution:** The Trust Deed contains provisions permitting the Trustee to agree, subject to such amendment of the Trust Deed and such other conditions as the Trustee may require, but without the consent of the Noteholders or the Couponholders, to the substitution of certain other entities in place of the Issuer or Guarantor, or of any previous substituted company, as principal debtor or Guarantor under the Trust Deed and the Notes. In the case of such a substitution the Trustee may agree, without the consent of the Noteholders or the Couponholders, to a change of the law governing the Notes, the Receipts, the Coupons, the Talons and/or the Trust Deed provided that such change would not in the opinion of the Trustee be materially prejudicial to the interests of the Noteholders.

- (d) **Entitlement of the Trustee:** In connection with the exercise of its functions (including but not limited to those referred to in this Condition) the Trustee shall have regard to the interests of the Noteholders as a class and shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer or the Guarantor any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders.

12. Enforcement

At any time after the Notes become due and payable, the Trustee may, at its discretion and without further notice, institute such proceedings against the Issuer and/or the Guarantor as it may think fit to enforce the terms of the Trust Deed, the Notes, the Receipts and the Coupons, but it need not take any such proceedings unless (a) it shall have been so directed by an Extraordinary Resolution or so requested in writing by Noteholders holding at least one-fifth in principal amount of the Notes outstanding, and (b) it shall have been indemnified to its satisfaction. No Noteholder, holder of Receipts or Couponholder may proceed directly against the Issuer or the Guarantor unless the Trustee, having become bound so to proceed, fails to do so within a reasonable time and such failure is continuing.

13. Indemnification of the Trustee

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility. The Trustee is entitled to enter into business transactions with the Issuer, the Guarantor and any other Subsidiary and any entity related to the Issuer or the Guarantor or any other Subsidiary without accounting for any profit.

14. Further Issues

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further securities either having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest on them) and so that such further issue shall be consolidated and form a single series with the outstanding securities of any series (including the Notes) or upon such terms as the Issuer may determine at the time of their issue. References in these Conditions to the Notes include (unless the context requires otherwise) any other securities issued pursuant to this Condition and forming a single series with the Notes. Any further securities forming a single series with the outstanding securities of any series (including the Notes) constituted by the Trust Deed or any deed supplemental to it shall, and any other securities may (with the consent of the Trustee), be constituted by a deed supplemental to the Trust Deed. The Trust Deed contains provisions for convening a single meeting of the Noteholders and the holders of securities of other series where the Trustee so decides.

15. Notices

Notices to Noteholders will be valid if published in a leading newspaper having general circulation in the United Kingdom (which is expected to be the *Financial Times*) and (so long as the Notes are listed on the Luxembourg Stock Exchange and the rules of that Stock Exchange so require), published either on the website of the Luxembourg Stock Exchange (www.bourse.lu) or in a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or, if in the opinion of the Trustee such publication shall not be practicable, in an English language newspaper of general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made.

Couponholders will be deemed for all purposes to have notice of the contents of any notice given to the Noteholders in accordance with this Condition.

16. The Contracts (Rights of Third Parties) Act 1999

The Notes confer no rights on any person pursuant to the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Notes, but this does not affect right or remedy of the third party which exists or is available apart from that Act.

17. Governing Law

- (a) **Governing Law:** The Trust Deed, the Notes, the Receipts, the Coupons and the Talons and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law.
- (b) **Jurisdiction:** The courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with the Trust Deed, the Notes, Receipts, Coupons or Talons or the Guarantee and accordingly any legal action or proceedings arising out of or in connection with the Trust Deed, the Notes, Receipts, Coupons or Talons or the Guarantee (*Proceedings*) may be brought in such courts. Each of the Issuer and the Guarantor has in the Trust Deed irrevocably submitted to the jurisdiction of such courts.
- (c) **Agent for Service of Process:** Each of the Issuer and the Guarantor has irrevocably appointed an agent in England to receive service of process in any Proceedings in England based on any of the Trust Deed, the Notes, Receipts, Coupons or Talons or the Guarantee.

OVERVIEW OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Initial Issue of Notes

If the Global Notes are stated in the applicable Final Terms to be issued in NGN form, the relevant clearing systems will be notified whether or not such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility and, if so, will be delivered on or prior to the original issue date of the Tranche to the Common Safekeeper. Depositing the Global Notes with the Common Safekeeper does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any and all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

Global Notes that are issued in CGN form may be delivered on or prior to the original issue date of the Tranche to a Common Depository.

If the Global Note is a CGN, upon the initial deposit of a Global Note with a Common Depository, Euroclear or Clearstream, Luxembourg (the **Clearing Systems**) will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. If the Global Note is an NGN, the nominal amount of the Notes represented by such Global Note shall be the aggregate amount from time to time entered in the records of both Clearing Systems. The records of such Clearing Systems shall be conclusive evidence of the nominal amount of Notes represented by such Global Note and, for these purposes, a statement issued by a Clearing System stating the nominal amount of Notes represented by such Global Note at any time shall be conclusive evidence of the records of the relevant Clearing System at the relevant time.

Notes that are initially deposited with the Common Depository may also (if indicated in the relevant Final Terms) be credited to the accounts of subscribers with other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or any other clearing system as the holder of a Note represented by a Global Note must look solely to Euroclear, Clearstream, Luxembourg or such clearing system (as the case may be) for his share of each payment made by the Issuer to the bearer of such Global Note and in relation to all other rights arising under the Global Notes, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg, or such clearing system (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes or so long as the Notes are represented by such Global Note and such obligations of the Issuer will be discharged by payment to the bearer of such Global Note in respect of each amount so paid.

Exchange

Temporary Global Notes

Each Temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date:

- (i) if the relevant Final Terms indicates that such Global Note is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see “*General Description of the Programme—Selling Restrictions*”), in whole, but not in part, for the Definitive Notes (as defined and described below); and

- (ii) otherwise, in whole or in part, upon certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement for interests in a Permanent Global Note or, if so provided in the relevant Final Terms, for Definitive Notes.

In relation to any issue of Notes which are expressed to be Temporary Global Notes exchangeable for Definitive Notes in accordance with options (i) and (ii) above, such Notes shall be tradable only in principal amounts of at least the Specified Denomination.

Permanent Global Notes

Each Permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not, except as provided under “Partial Exchange of Permanent Global Notes”, in part, for Definitive Notes:

- (i) if the Permanent Global Note is held on behalf of Euroclear, Clearstream, Luxembourg or any other clearing system (an **Alternative Clearing System**) and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so; or
- (ii) if principal in respect of any Notes is not paid when due,

in each case by the holder giving notice to the Issuing and Paying Agent of its election for such exchange.

Partial Exchange of Permanent Global Notes

For so long as a Permanent Global Note is held on behalf of a clearing system and the rules of that clearing system permit, such Permanent Global Note will be exchangeable in part on one or more occasions for Definitive Notes if principal in respect of any Notes is not paid when due.

Delivery of Notes

If the Note is a CGN, on or after any due date for exchange the holder of a Global Note may surrender such Global Note or, in the case of a partial exchange, present it for endorsement to or to the order of the Issuing and Paying Agent.

In exchange for any Global Note, or the part thereof to be exchanged, the Issuer will (i) in the case of a Temporary Global Note exchangeable for a Permanent Global Note, deliver, or procure the delivery of, a Permanent Global Note in an aggregate nominal amount equal to that of the whole or that part of a Temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a Permanent Global Note to reflect such exchange or (ii) in the case of a Global Note exchangeable for Definitive Notes, deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Notes or (iii) if the Global Note is an NGN, procure that details of such exchange be entered *pro rata* in the records of the relevant Clearing System.

In this Base Prospectus, **Definitive Notes** means, in relation to any Global Note, the definitive Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts that have not already been paid on the Global Note and a Talon). Definitive Notes will be security printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the Schedules to the Trust Deed. On exchange in full of each Permanent Global Note, the Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.

Exchange Date

Exchange Date means, in relation to a Temporary Global Note, the day falling after the expiry of 40 days after its issue date and, in relation to a Permanent Global Note, a day falling not less than 60 days, or, in the case of failure to pay principal in respect of any Notes when due, 30 days after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Issuing and Paying Agent is located and in the city in which the relevant clearing system is located.

Amendment to Conditions

The Temporary Global Notes and Permanent Global Notes contain provisions that apply to the Notes that they represent, some of which modify the effect of the terms and conditions of the Notes set out in this Base Prospectus. The following is an overview of some of those provisions:

Payments

No payment falling due after the Exchange Date will be made on any Global Note unless exchange for an interest in a Permanent Global Note or for Definitive Notes is improperly withheld or refused. Payments on any Temporary Global Note issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement. All payments in respect of Notes represented by a Global Note in CGN form will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Issuing and Paying Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. If the Global Note is a CGN, a record of each payment so made will be endorsed on each Global Note, which endorsement will be *prima facie* evidence that such payment has been made in respect of the Notes. If the Global Note is an NGN, the Issuer shall procure that details of such payment be entered *pro rata* on the records of the relevant Clearing System and, in the case of payments of principal, the nominal amount of the Notes recorded in the records of the relevant Clearing System and represented by the Global Note will be reduced accordingly. Payment under the NGN will be made to its holder. Each payment so made will discharge the Issuer's obligations in respect thereof. Any failure to make the entries in the records of the relevant Clearing System shall not affect such discharge. For the purpose of any payments made in respect of a Global Note, the relevant place of presentation shall be disregarded in the definition of "Business Day" set out in condition 6(g) ("*Non-Business Days*").

Prescription

Claims in respect of principal and interest will become void unless presentation for payment is made, as required by Condition 6, within a period of 10 years (in the case of principal) and 5 years (in the case of interest) from the appropriate Relevant Date as defined in Condition 7.

Meetings

The holder of a Permanent Global Note shall (unless such Permanent Global Note represents only one Note) be treated as being one person for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, the holder of a Permanent Global Note shall be treated as having one vote in respect of each integral currency unit of the Specified Currency of the Notes.

Cancellation

Cancellation of any Note represented by a Permanent Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the nominal amount of the relevant Permanent Global Note.

Purchase

The Issuer, the Guarantor and any other Subsidiary may at any time purchase Notes in the open market or otherwise at any price (provided that they are purchased together with all unmatured Coupons relating to them). Any purchase by tender shall be made available to all Noteholders alike. The Notes so purchased, while held by or on behalf of the Issuer, the Guarantor or any other Subsidiary, shall not entitle the holder to vote at any meetings of the Noteholders and shall not be deemed to be outstanding for the purposes of calculating quorums at meetings of Noteholders or for the purposes of Conditions 8, 11(a) and 12.

Issuer's Option

Any option of the Issuer provided for in the Conditions of any Notes while such Notes are represented by a Permanent Global Note shall be exercised by the Issuer giving notice to the Noteholders within the time limits set out in and containing the information required by the Conditions, except that the notice shall not be required to contain the serial numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the event that any option of the Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of accountholders with a clearing system in respect of the Notes will be governed by the standard procedures of such clearing system (to be reflected in the records of such clearing system as either a pool factor or a reduction in nominal amount, at their discretion).

Noteholders' Options

Any option of the Noteholders provided for in the Conditions of any Notes while such Notes are represented by a Permanent Global Note may be exercised by the holder of the Permanent Global Note giving notice to the Issuing and Paying Agent within the time limits relating to the deposit of Notes with a Paying Agent set out in the Conditions substantially in the form of the notice available from any Paying Agent, except that the notice shall not be required to contain the serial numbers of the Notes in respect of which the option has been exercised, and stating the nominal amount of Notes in respect of which the option is exercised and at the same time, where the Permanent Global Note is a CGN, presenting the Permanent Global Note to the Issuing and Paying Agent, or to a Paying Agent acting on behalf of the Issuing and Paying Agent, for notation. Where the Global Note is an NGN, the Issuer shall procure that details of such exercise shall be entered *pro rata* in the records of the relevant Clearing System and the nominal amount of the Notes recorded in those records will be reduced accordingly.

NGN Nominal Amount

Where the Global Note is an NGN, the Issuer shall procure that any exchange, payment, cancellation or exercise of any option or any right under the Notes, as the case may be, shall be entered in the records of the relevant clearing systems and, upon such entry being made, in respect of payments of principal, the nominal amount of the Notes represented by such Global Note shall be adjusted accordingly.

Trustee's Powers

In considering the interests of Noteholders while any Global Note is held on behalf of a clearing system, the Trustee may have regard to any information provided to it by such clearing system or its operator as to the identity (either individually or by category) of its accountholders with entitlements to such Global Note and may consider such interests as if such accountholders were the holders of the Notes represented by such Global Note.

Notices

So long as any Notes are represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to the holders of Notes of that Series may be given by delivery of the relevant

notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions or by delivery of the relevant notice to the holder of the Global Note, except that so long as the Notes are listed on the official list of the Luxembourg Stock Exchange and the rules of that exchange so require, notices shall also be published in a leading newspaper having general circulation in Luxembourg (which is expected to be *Luxemburger Wort*).

Specified Denominations

So long as the Notes are represented by a Temporary Global Note or Permanent Global Note and the relevant clearing system(s) so permit, the Notes will be tradeable as follows: (a) if the Specified Denomination stated in the relevant Final Terms is €100,000 (or its equivalent in another currency), in the authorised denomination of €100,000 (or its equivalent in another currency) and integral multiples of €100,000 (or its equivalent in another currency) thereafter, or (b) if the Specified Denomination stated in the relevant Final Terms is €100,000 (or its equivalent in another currency) and integral multiples of €1,000 (or its equivalent in another currency) in excess thereof, in the minimum authorised denomination of €100,000 (or its equivalent in another currency) and higher integral multiples of €1,000 (or its equivalent in another currency), notwithstanding that no definitive notes will be issued with a denomination above €99,000 (or its equivalent in another currency).

GENERAL PROVISIONS APPLICABLE TO THE NOTES

21. Form of Notes: [Temporary Global Note exchangeable for a Permanent Global Note which is exchangeable for Definitive Notes in the limited circumstances specified in the Permanent Global Note]

 - (xi) all reports, letters, and other documents, historical financial information, valuations and statements prepared by any expert at the Issuer's request any part of which is included or referred to in this Base Prospectus.
- (6)
- (i) The consolidated financial statements of Repsol for the years ended 31 December 2013 and 2012 have been audited by Deloitte, S.L. (members of the *Registro Oficial de Auditores de Cuentas*), Independent Auditors of Repsol. The address of Deloitte, S.L. is Plaza Pablo Ruiz de Picasso, 1, Torre Picasso, 28020 Madrid, Spain.
 - (ii) The financial statements of the Issuer have been audited for the financial years ended 31 December 2013 and 2012 by Deloitte Accountants B.V. (members of *Koninklijk Nederlands Instituut van Registeraccountants*), Independent Auditors of the Issuer. The address of Deloitte Accountants B.V. is Wilhelminakade 1, 3072 AP, Rotterdam, The Netherlands or P.O. Box 2031 3000CA, Rotterdam, The Netherlands.
- (7) In relation to any tranche of Fixed Rate Notes, an indication of the yield in respect of such Notes will be specified in the applicable Final Terms. The yield is calculated at the Issue Date of the Notes on the basis of the relevant Issue Price. The yield indicated will be calculated as the yield to maturity as at the Issue Date of the Notes and will not be an indication of future yield.
- (8) Freshfields Bruckhaus Deringer LLP has acted as legal adviser to the Issuer and the Guarantor as to English law and Spanish law (other than Spanish tax law); Linklaters LLP has acted as legal adviser to the Dealers as to English law, Dutch tax law and Spanish law; Van Doorne N.V. has acted as legal adviser to the Issuer as to Dutch law (other than Dutch tax law); and Análisis Asesoramiento e Información, S.L. has acted as legal adviser to the Guarantor as to Spanish tax law; in each case in relation to the update of the Programme.

- (9) The Dealers and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with Repsol or its affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions. In addition, in the ordinary course of its business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of Repsol or its affiliates. Certain of the Dealers or their affiliates that have a lending relationship with Repsol routinely hedge their credit exposure to Repsol, as the case may be, consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in Repsol's securities, including potentially the Notes offered hereby. Any such short positions could adversely affect future trading prices of the Notes offered hereby. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
