2.2. All or some of the above activities may be performed, in whole or in part, by the Company indirectly, through any of the means permitted by law, and particularly through the holding of stocks or shares in companies having identical or similar purpose.

Article 3. Registered office

The registered office of the Company is at Méndez Álvaro, 44, Madrid. The Board of Directors is authorised to move the registered office elsewhere within the same municipality and to set up offices, branches, agencies, representative offices or departments anywhere and of whatsoever nature whenever this is considered to be in the Company's interests.

Article 4. Duration

The Company is organised with perpetual existence and commenced its activities on the date of its incorporation.

PART II Capital and Shares

Article 5. Share Capital

The capital stock amounts to 1,527,396,053 EUROS (one billion five hundred and twenty seven million three hundred and ninety six thousand fifty three euros), fully subscribed and paid up.

Article 6. Shares

The capital stock is divided into 1,527,396,053 SHARES (one billion five hundred and twenty seven million three hundred and ninety six thousand fifty three shares) of ONE EURO (1 €) each, all of the same class, issued in book-entry form. The shares in the capital are considered marketable securities and, as such, are subject to stock market regulations.

The shares are issued in book-entry form by virtue of being entered in the corresponding accounting records, including the details set forth in the issue deed and whether or not they are fully paid-up, as the case may be.

Authority to exercise shareholders' rights, including the right to transfer shares, where appropriate, is acquired through entry in the accounting records, which presumes lawful ownership and authorises the registered holder to demand recognition by the Company as shareholder. This authority may be evidenced with the appropriate certificates issued by the entity keeping the accounting records.

Should the Company make any payment in favour of the holder presumed legitimate, this shall have discharging effect for the Company even though the latter may not be the real holder of the share, provided that the Company has acted in good faith and without gross negligence.

Article 7. Shareholders' rights

The share confers upon its legitimate holder the condition of shareholder and the rights established in law and these Bylaws.

All shareholders shall have at least the following rights, as established in law and save as otherwise provided therein:

- a) The right to have a share in the profits and in the assets upon liquidation.

After the minimum dividend has been resolved, the holders of non-voting shares will have the same dividend rights as holders of ordinary shares.

Article 9. Pending payments and defaulting shareholders

In the case of existing any shares that have not been fully paid up, the shareholders are obliged to pay any sums outstanding on their shares as and when decided by the Board in a maximum period of five years from the date of the share capital increase decision. Regarding the way and the details of the payment, will be according to the share capital increase decision, this agreement may stipulate the way of payment either through a monetary contribution or a non monetary contribution.

Any shareholder who has not paid up the corresponding sum within the specified time shall be declared in default.

Shareholders in arrears with the payment of pending payments may not exercise their voting rights. The amount of such shares will be deducted from the capital when calculating the quorum for general meetings.

Defaulting shareholders may not receive dividends or exercise their pre-emption right in the subscription of new shares or convertible debentures. Once the overdue calls on pending payments have been paid, together with any interest accrued thereon, the shareholder may claim payment of any dividends that have not lapsed, but may not claim any pre-emption subscription right if the time for exercising that right has expired.

Should the Company opt to sell the shares and such sale is not possible, the shares will be redeemed, with the consequent reduction of capital, any sums already received on account of the share being forfeited in favour of the Company.

The buyer of the unpaid share shall be liable jointly and severally with all preceding sellers, and at the option of the Company Directors, for payment of the sum outstanding thereon.

Sellers shall be so liable for a period of three years from the date of their respective transfer.

Capital increases may be made by issuing new shares or raising the par value of existing shares. In both cases they may be paid up by means of monetary contributions, including the set-off of credits, non-monetary contributions or through the application of profits or retained earnings. Capital increases may be made partly against new contributions and partly against retained earnings.

If the capital increase is not fully subscribed within the specified time, the capital shall be increased by the amount actually subscribed, save otherwise provided in the resolution to increase the capital.

The General Meeting or the Board of Directors as the case may be, that resolves to increase the capital may resolve to fully or partially suppress the pre-emption right, for reasons of corporate interest.

In particular, corporate interest may justify suppression of the pre-emption right whenever this is necessary to facilitate (i) the acquisition by the Company of any assets (including stocks and shares in companies) that may be convenient for the Company's business purpose; (ii) the placement of new shares on foreign markets permitting access to sources of financing; (iii) the capture of resources through the use of placement techniques based on prospecting demand with a view to maximizing the issue price of the shares; (iv) incorporation of an industrial or technological partner; or (v) in general, any operation that may be convenient for the Company.

Existing shareholders will have no pre-emption right when the capital increase is made to convert debentures into shares, for the takeover of another Company or part of the assets spun off from another Company, or when the Company has made a takeover bid, the consideration of which is, entirely or partly, to be paid in the form of shares issued by the Company.

If it is not possible to provide the requested information at that time, the Board will be obliged to provide the information in writing within seven days after the end of the Shareholders' Meeting.

The Board will be obliged to provide any information requested in pursuance of this article, unless that information is unnecessary for protecting the interests of the shareholder, there are objective reasons to consider that it could be used for non-corporate purposes or if publicising of the information is detrimental to the Company or related companies. The Regulations of the Board shall take into account the principles and rules contained in the good governance recommendations most widely recognised from time to time, adapting them to the specific circumstances and needs of the Company. This indication is intended purely as a guideline and shall by no means deprive the Board of its powers and liabilities of self-regulation.

SECTION 2

Article 31. Number of Directors

The Board shall consist of no more than sixteen nor fewer than nine Directors.

Directors shall be appointed and removed by the shareholders' meeting, which shall also decide on the exact number of Directors.

Board members shall be elected by vote. For this purpose, any shares pooled to obtain a sum of capital equal to or greater than the result of dividing the capital by the number of Board members shall be entitled to appoint the corresponding number of Directors, calculating whole fractions. If this right is used, the shares thus pooled may not participate in the appointment of the remaining Board members.

Article 32. Qualitative composition of the Board

Notwithstanding the sovereignty of the shareholders' meeting and efficiency of the proportional system, which is compulsory in any cases of share-pooling contemplated in the Companies Act, the shareholders' meeting, and the Board when proposing appointments to the shareholders' meeting and exercising its powers of cooptation to fill vacancies, will endeavour to ensure, in respect of the composition of the Board, (i) that the number of External or Non-Executive Directors considerably outweighs the number of Executive Directors; and (ii) that policies are applied which favour professional, international and gender diversity and a broad array of experience and expertise.

Article 33. Powers of administration and supervision

The Board shall be responsible for the governance, management and administration of the business and interests of the Company in all aspects not specifically reserved by law to the competence of the shareholders' meeting. This notwithstanding, it shall generally entrust the management of the day-to-day affairs of the Company to the management team, concentrating on supervision and consideration of any particularly important affairs for the Company. This notwithstanding, all powers established as not delegable by law or the Regulations of the Board of Directors shall be reserved to and dealt with directly by the Board.

Article 34. Powers of representation

The Board shall represent the Company in and out of court. This representation shall extend, without limitation, to all actions comprising the corporate purpose.

The chairman of the Board shall also have powers of representation of the Company.

Directors appointed by cooptation may be ratified in their position at the first shareholders' meeting held after such appointment. If the vacancy arises after the calling of a shareholders' meeting and before it is held, the Board may appoint a director to perform the corresponding duties up to the date of the general meeting. Directors appointed by cooptation need not be shareholders of the Company.

Directors' appointments may be waived or revoked and Directors may be re-elected on one or several occasions for terms of an equal duration.

The proposals for appointment, ratification or re-election of Directors submitted by the Board to the general meeting and appointments by cooptation must be accompanied by the corresponding report justifying its decision, as stipulated by law, and shall be approved by the Board (i) upon proposal by the Nomination and Compensation Committee, in the case of Independent External Directors, or (ii) subject to a prior report by the Nomination and Compensation Committee, in the case of other Directors.

Article 44bis. Prohibition of competition

- (c) the Shareholders' Meeting expressly resolves to lift the prohibition of competition with the favourable votes of seventy-five per cent (75%) of the capital present and represented at the General Shareholders' Meeting.

When calling a Shareholders' Meeting at which lifting of the prohibition of competition is to be discussed, the Board shall make available to the shareholders the reports issued by the Nomination and Compensation Committee and the independent external consultant contemplated in paragraph (b) above and, should it so deem fit, its own report on the issue. The Director involved will be entitled to explain at the Shareholders' Meeting the reasons backing his request for lifting of the prohibition.

Directors or shareholders will not be considered affected by the prohibition of competition for the sole reason of their being proprietary Directors in rival companies appointed at the request of the Company or by virtue of the interest held by the Company in their capital.

Nor may Directors provide counselling or representation services for rivals of the Company, unless the Board of Directors, after receiving a favourable report from the Nomination and Compensation Committee, authorizes them with the favourable votes of two-thirds of the members not affected by any conflict of interest. If these requirements are not met, the authorization must be granted by the General Shareholders' Meeting.

Article 45. Directors' remuneration

1. Directors, as such, that is as members of the Board and for the supervisory and decision-making duties performed by this body, will be entitled to a fixed annual amount, which may not exceed the maximum amount determined by the General Shareholders' Meeting or established in the Remuneration Policy for Directors.

The Board shall decide on the exact sum payable each year within this limit and distribute it among the Directors, taking into account the duties and responsibilities assigned to each Director, the committees to which they belong, if any, the positions held by each Director on the Board and such other objective circumstances as it may deem fit.

2. Directors' remuneration may also include the delivery of shares in the Company, stock option rights or other securities entitling their holders to obtain shares, or systems of remuneration linked to the market price of the Company's shares. The Annual Corporate Governance Report shall be approved prior to the publication of the notice of call to the ordinary shareholders' meeting for the corresponding year and shall be made available to shareholders on the Company's web site no later than the date of publication of the notice of call to the ordinary shareholders' meeting at which the annual accounts of the year to which the Annual Corporate Governance Report refers are to be approved, if appropriate.

The resolution to modify, move or eliminate the website shall be entered in the Company's page of the Commercial Registry and published in the Official Gazette of the Commercial Registry and on the modified, moved or eliminated website for thirty days after insertion of the resolution.

PART V

Financial Year and Annual Accounts

Article 48. Financial year

The financial year shall run from 1 January to 31 December of each year.

Article 49. Annual accounts

Within three months after the end of each financial year, the Board shall draw up the annual accounts, management report and proposal for the application of profits, and the consolidated accounts and management report, if appropriate.

The annual accounts shall include the balance sheet, profit and loss account, statement of changes on equity, cash flow statement and notes to the accounts. These documents, forming a single unit, shall be set out clearly so as to give a true and fair view of the Company's net worth, financial position and results.

The annual accounts and management report shall be signed by all the Directors, expressly stating on each document the reason for omission of any such signature.

The Board shall endeavour to draw up the annual accounts such that they do not give rise to a qualified auditors' report. This notwithstanding, when the Board considers that its principles should be maintained, it shall publicly explain the contents and extent of the discrepancies.

Article 50. Audits

The annual accounts and management report shall be checked by auditors, which shall be appointed by the shareholders' meeting before the end of the year to be audited for a term of no less than three nor more than nine years from the beginning of the first year to be audited and may be re-elected by the shareholders' meeting for annual periods after the end of the initial period.

The shareholders' meeting may appoint one or several individuals or firms to act jointly as auditors. When the auditors are individuals, the shareholders' meeting shall appoint an alternate auditor for each full auditor.

The shareholders' meeting may not revoke the appointment of the auditors without just cause before the end of the term for which they were appointed.

Should the shareholders' meeting fail to comply with the provisions of this article when so obliged, or if the selected auditors turn down their appointment or are unable to perform their

duties, the Board of Directors, the trustee of the debenture-holders' syndicate or any shareholder may request the Registrar of the mercantile registry corresponding to the Company's registered office to appoint a person or persons to make the audit, in accordance with the Mercantile Registry Regulations.

Whenever there is just cause to do so, the Company Directors and persons authorised to request the appointment of an auditor may apply to the Mercantile Court corresponding to the registered office of the Company to revoke the appointment made by the shareholders' meeting or mercantile registrar and appoint another.

Article 51. Approval of accounts

The annual accounts shall be approved by the Shareholders' Meeting.

Once this shareholders' meeting has been called, any shareholder may obtain from the Company, immediately and free of charge, a copy of all documents that are to be submitted for the approval of the Shareholders' Meeting and the auditors' report. This right shall be stated in the notice of call.

Article 52. Application of profit/loss

The shareholders' meeting will resolve on the application of profits of the year, as stated in the approved balance sheet.

Dividends will be distributed among the ordinary shareholders as and when decided by the shareholders' meeting in proportion with their paid-up capital. Apart from when otherwise specified, dividends will be paid at the registered office as from the day following adoption of the corresponding resolution.

Dividends may only be distributed against the profit for the year or retained earnings, provided that the net worth is not, and will not become, as a result of the distribution, smaller than the capital.

Should the net worth of the Company be pulled down below the capital as a result of losses from previous years, the profits will be used to offset such losses.

Neither may profits be distributed unless the amount of the reserves available is, at least, equal to the amount of the costs of research and development that appear in the balance sheet assets. In any case, there must be an unavailable reserve equivalent to the trading fund that appears in the balance sheet assets, assigning for this purpose an amount of the profit that represents, at least, 5% of the amount of said trading fund. Should there be no profit, or should this be insufficient, unrestricted reserves will be used.

A sum equal to 10% of the year's profits will be transferred to the legal reserve until this is equivalent to at least 20% of the capital. Until this limit is exceeded the legal reserve may only be used to offset losses, provided that there are no other reserves available for this purpose, notwithstanding the provisions of article 303 of the Stock Companies Act.

Finally, the shareholders' meeting will decide on the sum to be applied to voluntary reserves and set aside to fund new investments, building and contingencies.

After the above provisions have been met and the necessary sums have been set aside to cover any other items stipulated in law or these Bylaws, dividends may be distributed against the profit for the year or retained earnings in such an amount as the shareholders' meeting may decide. The remainder, if any, will be carried forward to the following financial year.

The General Meeting may agree that the dividend be paid fully or partially in kind, as long as: (i) the goods or securities object of distribution are homogenous; (ii) they are admitted to listing on an official market -at the time the resolution is effective- or that obtaining liquidity is guaranteed by the Company for a maximum period of one year; and (iii) that they are not distributed for a value less than they have in the Company balance sheet. The same rules will apply in the case of a reduction of capital with refund of contributions when payment to shareholders is made, totally or partially, in kind.

Article 53. Interim dividends

The distribution of interim dividends among shareholders shall be governed by the applicable legal provisions. Both the Shareholders' Meeting and the Board of Directors may resolve the payment in kind of all or part of the interim dividends, on the conditions stipulated in indents (i) to (iii) of the last paragraph of Article 52 of these By-Laws.

Article 54. Deposit of annual accounts

A copy of the annual accounts shall be presented for its deposit in the mercantile registry corresponding to the registered office within one month of being approved, together with a certificate of the resolutions adopted by the shareholders' meeting approving the accounts and deciding on the application of profits and a copy of the management' report and auditors' report.

PART VI
Winding-Up and Liquidation

Article 55. Winding-up of the Company

The Company shall be wound up by resolution of the shareholders' meeting, adopted in pursuance of Article 22 of these Bylaws, and in any other events contemplated in law.

Article 56. Liquidation of the Company

Once the Company has been wound up, a period of liquidation will commence, apart from in cases of a merger or split up or whatsoever other global transfer of assets and liabilities.

Once the Company has been declared to be in liquidation, the representation of the Board of Directors will cease, in the terms established in the Stock Companies Act, and at the same shareholders' meeting at which the resolution is adopted to wind up the Company an uneven number of persons shall be appointed to make the liquidation, establishing the rules for liquidation in accordance with prevailing legal provisions. Should three or more liquidators be appointed, they must exercise their powers of representation collegially as a Liquidation Committee.
